8.6.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: Q2 had extremely little Operating Cash use, as we were seasonally top heavy in the collection from customers due to a successful holiday season. The timing then aligned immediately following the holidays in Q3 to resolve all of our debts to our partners for the heavy holiday sales. The last 2 quarters, we've averaged \$(320)K in Operating Activities, which shows significant improvement over the average of the prior fiscal year. Operating cash outcome will continue improving with this trend as we expand the business and continue progressive growth and financial successes.

Note: where item 8.5 is less than 2 quarters, all of questions 8.6.1, 8.6.2 and 8.6.3 above must be answered.
