2 How the SGH Ex-20 Australian Equities Fund works

The Fund is an Australian unit trust, registered as a managed investment scheme under the Corporations Act.

Unit trusts are vehicles that allow investors to pool their money with that of other investors and this pooled money is then managed by an investment manager, in this case SGH who manages the pooled money in accordance with the investment objective, guidelines and strategies of the Fund. Investing in the Fund allows investors to access what they may otherwise not be able to access independently, including the services of an investment manager. The price of interests in the Fund will vary as the market value of assets in the Fund rises or falls.

When you invest, your money buys units in the Fund, which represent your holdings in the Fund, and your name is entered on the Fund's register as a holding of units. Each unit in the Fund confers an equal and a proportionate beneficial interest in the net assets of the Fund. The number of units you receive depends on the amount you invest and the current unit price. You can increase your units in the Fund by reinvesting distributions or making additional investments or decrease your units by making a withdrawal.

We can create different classes of units in the Fund. The Fund currently has two classes of units called Class A and Class P. The units in each class generally have the same rights and entitlements, however the Fees and Costs for each class are set out in Section 6 of the PDS. A separate daily unit price is determined for each class (Class A unit prices will be available on our website). All rights and entitlements of a unit in a class in the Fund relate to the assets, liabilities and other amounts referable to the relevant class of units. Where the context requires, including for example in relation to the calculation of unit prices and fees and costs, a reference to the Fund, refers to the relevant class of units in the Fund. We may in the future create and issue different classes of units in the Fund, in which case we will notify unitholders and must treat unitholders in the different classes fairly.

The Fund was admitted as an mFund product under the ASX Operating Rules on 22 December 2014.

While the Fund is admitted as an mFund product under the ASX Operating Rules, individuals and superannuation funds only (or as otherwise advised)¹ will be able to buy and sell units in the Fund through mFund. Only investors applying for units in Class A can invest via mFund.

mFund uses CHESS, ASX's electronic settlement system, allowing automated application and withdrawal of units in the Fund through your ASX broker (or your financial adviser who uses a stockbroking service on your behalf).

Unit prices

The application price of a unit is generally calculated by taking the net asset value of the Fund, divided by the number of units in the Fund on issue, then adding a buy spread which is an amount representing the estimated cost to convert application monies to investments.

While the Fund is Liquid (as defined in the Corporation Act), the withdrawal price of a unit is generally calculated by dividing the net asset value of the Fund by the number of units in the Fund on issue, then deducting a sell spread which is an amount representing the estimated cost to convert investments to cash for withdrawal purposes. When the Fund is not Liquid, the withdrawal price of a unit will be specified in any withdrawal offer. However, we are not obliged to make such offers.

¹ Under certain circumstances, investors other than individuals and superannuation funds may be able to invest in the Fund through mFund. Please contact your licensed broker.

² Investments in Class P may have separate arrangements.

Investing in the Fund

Who can invest in the Fund

The offer made in this PDS is available only to persons over 18 receiving the PDS within Australia. Units cannot be offered or sold within the United States (US) or offered or sold to, or for the account or benefit of, any 'US Person' as defined in Regulation S of the US Securities Act 1933. In very limited circumstances and at our discretion, persons in other jurisdictions who meet applicable local regulatory requirements may be able to invest in the Fund (please contact Apex Fund Services for further information).

In addition to completing the hard copy Application Form that accompanies the relevant PDS, New Investors also have the option of completing an online version of the Application Form (please go to www.sghiscock.com.au for further instructions). The Online Application Form allows new Investors to complete the AML and KYC requirements online and to submit the application using an electronic signature. Please note the online Application Form is only available for New Investors and cannot be used by existing investors for additional investments. See Section 8 "How to Apply" of this PDS.

The Fund can be accessed through an IDPS Provider with which we have entered into an agreement to allow units in the Fund to be offered through this service.

While the Fund is admitted as an mFund product, individuals and superannuation funds only (or as otherwise advised)¹ will be able to make initial and additional investments in the Fund using mFund. Only investors applying for units in Class A can invest via mFund.

Further information about mFund is detailed in 'How to apply' in section 8 of this PDS.

Investment in Class P is reserved for wholesale investors with whom we have agreed separate arrangements in accordance with the Corporations Act, such as platforms, institutional investors, and other funds.

We reserve the right to accept or reject applications at our discretion.

Minimum investment²

The minimum initial investment in Class A is \$20,000. We have the right to fully redeem your investment in the Class A if your holding falls below \$20,000. Lesser amounts may be accepted into the Fund by prior arrangement at our discretion.

Additional investments²

The minimum additional investment in Class A is \$5,000. If you are already a unitholder in the Fund, you can make additional investments at any time. Lesser amounts may be accepted into the Fund at our discretion. No contribution fees are payable. However, normal buy spread applies.

Any additional investments must be made in accordance with the PDS current at the time of the addition. You can make the additional investment by direct credit, together with an Additional Application Form.

Processing of applications and additional investments

The Fund's processing cut-off time is 2pm (Sydney time) on each Business Day (any day other than Saturday or Sunday on which banks are open for general banking business in Sydney).

We reserve the right to accept or reject all or part of an application at our discretion and delay processing of applications where we believe this to be in the best interests of all unitholders.

Investing through an IDPS Provider

We have authorised the use of this PDS as disclosure to direct investors and investors of an IDPS (commonly known as a master trust or wrap account). If you invest through an IDPS Provider, your rights and liabilities will be governed by the terms and conditions of the disclosure document provided by them. Investors should carefully read those terms and conditions before investing.

Anti-Money Laundering and Counter-Terrorism Financing laws

We are required to comply with these laws, including the need to establish your identity (and, if relevant, the identity of other persons associated with your account) including any appointed representative and/or under Power of Attorney.

Withdrawals

You can decrease your units by making a withdrawal from the Fund. In some circumstances, such as when there is a freeze on withdrawals, unitholders may not always be able to withdraw their funds within the usual period on request.

Minimum withdrawal²

The minimum withdrawal amount from the Fund is \$5,000, unless the entire investment is withdrawn. No withdrawal fees are payable on a withdrawal. However normal sell spread applies.

We have the right to fully redeem your investment in Class A if a withdrawal request would result in your holding falling below \$20,000 in the Fund.

Processing of withdrawal requests

The Fund's processing cut-off time is 2pm (Sydney time) on each Business Day (any day other than Saturday or Sunday on which banks are open for general banking business in Sydney).

Payment of withdrawal proceeds

Your withdrawal proceeds will be electronically deposited into your nominated Australian bank account, normally within 7 Business Days of the receipt and acceptance of the withdrawal request. However in some circumstances, for example, where the assets of the Fund are not readily realisable so as to meet the withdrawal, we are permitted by the Constitution to take a longer period of time to pay the withdrawal request.

If the Fund is not Liquid, if the processing of applications and redemptions has been suspended, or if the Fund is being wound up, you may not withdraw from the Fund unless we make a withdrawal offer to you in accordance with the Corporations Act. We are not obliged to make such offers. As at the date of the PDS the Fund is Liquid.

Withdrawing through an IDPS Provider

If you gain exposure to the Fund through an IDPS Provider, to withdraw, you will need to complete the documents which the IDPS Provider requires.

Withdrawing through mFund

While the Fund is admitted as an mFund product, individuals and superannuation funds invested through mFund will be able to make a withdrawal request from the Fund using mFund.

Distributions

Frequency of distributions

The Fund generally pays distributions half yearly. Distribution amounts will vary from year to year and there may be times when there is no distribution paid.

SGH Ex-20 Australian Equities Fund

How distributions are calculated

Distributions are generally calculated based on the Fund's net income at the end of the distribution period divided by the number of units on issue. We generally distribute all taxable income to unitholders each year, including the net capital gains of the Fund. Net realised capital gains are typically distributed in the final distribution of the financial year.

Distribution payments are normally made within 30 days of the end of the relevant distribution period. If you do not make a choice on the Application Form, your distributions will be reinvested.

You should read the important information about 'How the Fund works' in section 1 of the Additional Information Booklet before making a decision to invest in the Fund. Go to: <https://www.sghiscock.com.au>. This information may change between the time you read this PDS and the day you sign the Application Form.

3. Benefits of investing in the SGH Ex-20 Australian Equities Fund

Significant features

The Fund is a high conviction actively managed Australian equity portfolio managed using a bottom-up approach with little reference to the benchmark.

Utilising SGH's proven equity investment philosophy and approach, the Fund seeks to invest in quality companies with sustainable competitive advantage that are better positioned to reinvest through the cycle, compound earnings and/or pay dividends. SGH believes that long term markets are inefficient and there are significant opportunities to capture risk adjusted returns where valuations are not reflective of a company's intrinsic worth.

The Fund has a strong focus on capital preservation, although it is important to note that the investment process focuses on stock selection and there will be high company specific risk.

Refer to 'How we invest your money' in section 5 of this PDS for more information on the Fund's investments.

Significant benefits

The Fund is an actively managed portfolio that invests in a concentrated portfolio of Australian stocks. The Fund's investment philosophy is based on the belief that the market does not efficiently price individual companies for the long term. The Fund seeks to achieve long-term returns by exploiting these price inefficiencies.

Benefits of investing in the Fund include:

- access to the expertise of a specialist investment boutique structure;
- access to a fund that is not bound by external indices, allowing it to invest in those companies that meet SGH's strict investment criteria;
- active management applying high conviction methodology aimed at optimising your returns in the long-term;
- application of a consistent investment process that applies logical and reasonable risk controls;
- regular reporting to keep you up to date on your investments; and
- participation in any income distributions from the Fund.

4. Risks of managed investment schemes

All investments carry risk. The likely investment return and the risk of losing money is different for each managed scheme, as different strategies carry different levels of risk based on the underlying mix of assets. Generally, the higher the level of risk you are prepared to accept, the higher potential returns or losses. Assets with the highest long-term returns may also carry the highest level of short-term risk, particularly if you do not hold your investment for the minimum suggested time frame. Growth assets, such as shares and property, are generally considered the most volatile assets, as they are likely to experience greater fluctuations in value than defensive assets, such as fixed income and cash.

The significant risks for the Fund are as follows:

- **Market risk** – investment returns are influenced by the performance of the market as a whole. Changes in economic, technological, environmental or political conditions, and even market sentiment can (and do) arise. These changes can lead to changes in prices and overall market volatility. This means that the assets in the Fund can fluctuate in value.
- **Security and investment-specific risk** – within each asset class, individual securities can be affected by risks that are specific to that investment or that security. For example, the value of a company's shares can be influenced by changes in company management, its business environment or profitability. These risks can also impact on the company's ability to repay its debt.
- **Performance risk** – the Fund may fail to perform as expected in which case the Fund's investment objective may not be achieved.
- **Structural and fund risk** – investing in a managed fund is not like investing directly in securities, and can result in a different outcome, including in relation to income and capital gains. As responsible entity of the Fund, we take into consideration the Fund as a whole, and all unitholders. The Constitution of the Fund, subject to the Corporations Act, allows us to terminate the Fund in certain circumstances.
- **Liquidity risk** – refers to the difficulty in selling an asset for cash quickly without an adverse impact on the price received. Under abnormal or difficult market conditions some normally liquid assets may become illiquid, restricting our ability to sell them and to make withdrawal payments for investors without a potentially significant delay. In circumstances where the Fund's portfolio ceases to be 'Liquid' for Corporations Act purposes, there may be significant delays, or a freeze on withdrawal requests.

- **Interest rate risk** – changes to interest rates can directly and indirectly impact investment value and returns.
- **Prepayment risk** – certain debt securities can be prepaid at the option of the issuer. There is no assurance that proceeds received from a prepayment can be invested in similar securities generating the same level of return.

Risk can be managed but it cannot be completely eliminated. It is important to understand the following:

- The value of your investment will go up and down.
- Past performance is not an indicator of future performance.
- The level of returns will vary and future returns may differ from past returns.
- Returns are not guaranteed and there is always the chance you may lose money on any investment you make in the Fund.
- Laws affecting your investment in a managed scheme may change in the future.
The level of risk for you will vary depending on a range of factors, including your age, investment time frame, where other parts of your wealth are invested, and your risk tolerance.

You should read the important information about 'Risks of managed investment schemes' in section 2 of the Additional Information Booklet before making a decision to invest in the Fund. Go to: <https://www.sghiscock.com.au>. This information may change between the time you read this PDS and the day you sign the Application Form.

5. How we invest your money

You should consider the likely investment return, risk and your investment time frame when choosing to invest in the Fund.

SGH Ex-20 Australian Equities Fund³

Fund description	The Fund utilises SGH's proven investment philosophy and approach to invest in a concentrated portfolio of around 20-60 companies that are primarily listed on the Australian Securities Exchange (ASX), excluding the largest 20 securities in the S&P/ASX 300 Index (as determined by their market capitalisation). ⁴
Investment objective	To outperform the benchmark, the S&P/ASX 300 Accumulation Index excluding S&P/ASX 20 Leaders Index, after fees, over rolling three year periods.
Fund strategy	<p>SGH seek to identify and invest in quality Australian listed securities through first hand company visits. Quality is chiefly an evaluation of a company's management, balance sheet and business model.</p> <p>Only those companies which pass SGH's rigorous quality screen are considered for portfolio inclusion. SGH see risk in terms of investing in a poor quality company, or overpaying for a good one, and do not view risk in benchmark relative terms.</p> <p>SGH therefore downplay benchmarks in portfolio construction since these provide little indication of future performance. SGH is comfortable not holding companies if they do not satisfy its disciplined quality and valuation criteria, regardless of their benchmark weight.</p> <p>The normal characteristics of the Fund include:</p> <ul style="list-style-type: none"> • Little reference to the benchmark. • Low cash allocation (as the aim is to be fully invested in securities).
Performance Benchmark	S&P/ASX 300 Accumulation Index excluding S&P/ASX 20 Leaders Index
Minimum suggested time frame	Long term – 5 years plus
Mix of asset classes ⁵	<p>90-100% Australian equity securities</p> <p>0-10% Cash</p> <p>The Fund is generally fully invested in Australian equity securities.</p>
Derivatives	N/A
Risk Level ⁶	7 – Very high. The Risk Level may change. Please visit the Target Market Determination (TMD) on www.sghiscock.com.au for the latest Risk Level for the Fund.
Type of investors for whom the Fund is intended to be suitable	Mainly direct and indirect investors seeking long term capital growth with some income through investment in Australian equity securities. You should consult a licensed financial adviser to obtain financial advice that is tailored to suit your personal circumstances.
Fund inception	December 1992
Fund performance	For the latest available information on the performance of the Fund, including the performance history, please visit our website at www.sghiscock.com.au (past performance is no indication of future performance, so your decision to invest in the Fund should not be based on past performance).
Distributions frequency	Half yearly (30 June and 31 December). For up-to-date information on the distribution history of the Fund, please visit our website at www.sghiscock.com.au
Labour standards, environmental, social or ethical considerations	SGH regards itself as a responsible investor and is a signatory to the Principles for Responsible Investment. SGH takes an active approach to integrating and embedding environmental, social and governance ("ESG") considerations into its investment decision making and engaging with company boards and management on ESG issues. SGH has an ESG policy which provides the framework for considering ESG risks and opportunities as part of its investment processes. SGH believes effective governance structures and processes helps reduce risk, and is ultimately reflected in a company's intrinsic value over the long term.
Changes to fund details and investments	We have the right to make changes to the Fund at any time, and in some cases without prior notice. This could include closing or terminating the Fund, amending its investment parameters, including the investment objective and strategy, or changing the asset class allocation ranges and currency strategy (if applicable). We will inform you about any material change to the Fund's details in your next regular communication or as otherwise required by law. Details of any change will be available on our website, www.sghiscock.com.au .

³ On 17 April 2023, SG Hiscock & Company Limited was appointed the Investment Manager of the Fund and the fund name changed to SGH EX-20 Australian Equities Fund.

⁴ If a security purchased is initially outside of the S&P/ASX 20 Leaders Index, and later becomes a part of this index, the Fund can continue to hold the security and sell down the security in due course.

⁵ These are indicative asset allocation ranges for the Fund. If market movements, investments into or withdrawals from the Fund, changes in the nature of an investment, or a change in the fund investment strategy, cause the Fund to move outside these indicative ranges, or a limit set out in this PDS, this will be addressed by us as soon as reasonably practicable.

⁶ The Risk Level represents the Standard Risk Measure (SRM) for the Fund. The SRM is generally reviewed each year based on the latest estimates of long-term volatility and correlation data. Any significant changes to market conditions or refinements to the SRM methodology may alter the SRM from time to time. Please refer to the TMD on www.sghiscock.com.au for more information on SRMs.

6. Fees and costs

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns. For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

To find out more

If you would like to find out more, or see the impact of fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (www.moneysmart.gov.au) has a managed investment fee calculator to help you check out different fee options.

This section shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of the Scheme as a whole.

Taxes are set out in the 'How managed investment schemes are taxed in Australia' section on page 7 of this PDS.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

Unless otherwise stated, all fees and costs quoted in this PDS are gross of income tax, inclusive of GST (and any applicable stamp duty) and net of an estimate of any applicable Reduced Input Tax Credits (RITCs). All dollar amounts quoted are in Australian dollars.

⁷ See 'Additional explanation of fees and costs' below for further details on fees and costs that may be payable. Unless otherwise stated, the fees and costs shown are inclusive of GST and net of any applicable input tax credits and reduced input tax credits, and are shown without any other adjustment in relation to any tax deduction available to the Responsible Entity.

⁸ The amount of the management fee may be negotiated if you are a wholesale client pursuant to the Corporations Act. For further information refer to 'Differential fees' in the 'Additional explanation of fees and costs' section below.

⁹ The indirect costs quoted in this PDS for Class A units. All estimates of fees and costs in this section are based on information available as at the date of this PDS. All fees reflect the Responsible Entity's reasonable estimates of the typical fees for the Fund for the current financial year.

¹⁰ The transaction costs disclosed in this section are shown net of any recovery received by the Fund from the buy/sell spread charged to transacting unitholders in the Fund. Please refer to the 'Additional explanation of fees and costs' section for further details.

¹¹ In estimating the buy/sell spread for the Fund, the Responsible Entity has assumed that the applications or withdrawals are made during normal market conditions, as in times of stressed or dislocated market conditions (which are not possible for the Responsible Entity to predict) the buy/sell spread may increase significantly and it is not possible to reasonably estimate the buy/sell spread that may be applied in such situations. The Responsible Entity may vary the buy/sell spreads for the Fund from time to time, including increasing these costs without notice when it is necessary to protect the interests of existing investors and if permitted by law. The updated information will be disclosed on our website. Please refer to the 'Additional explanation of fees and costs' section for further details.

¹² See 'Buy/sell spread' in this section for more details.

Additional explanation of fees and costs ⓘ

Management costs

Management costs comprise the management fee and indirect costs that you incur by investing in the Fund.

Management fee

The management fee is paid to us from the assets of the Fund and comprises our remuneration for managing and overseeing the operations of the Fund. The management fee is calculated as a percentage of the Fund's NAV and is reflected in the Fund's unit price. The routine costs of running the Fund, including custodian, registry, and administration costs (excluding transactional and operational costs as detailed below) are paid by us from the management fee. However, we reserve the right to be additionally reimbursed from the Fund for any items and expenses of an extraordinary nature.

Changing the fees

We may increase our fees or introduce new fees without unitholder consent. We will provide investors with at least 30 days' advance notice of any increase to our fees. Reasons for increasing fees might include changing economic conditions or changes in regulations or to the Fund's Constitution. We also reserve the right to waive or reduce any of the fees described in this PDS without prior notice.

Indirect costs

In investing the assets of the Fund in accordance with its investment objective and strategy, the Fund can incur indirect costs. Indirect costs are any amounts that we know or reasonably ought to know, or where this is not the case, reasonably estimate has or will reduce, whether directly or indirectly, the return of the Fund or the amount or value of the income of, or assets attributable to the Fund or an interposed vehicle in which the Fund invests other than the management fee and recoverable expenses. Indirect costs are reflected in the Fund's daily unit price, and can include any underlying (indirect) management fees and costs and other indirect costs. Indirect costs are not paid to us.

The indirect costs may vary from year to year, including to the extent that they rely on estimates. These amounts are not an indication or guarantee of the amount that may be charged in the future. From time to time, we will provide notification of updates to the estimated indirect costs on our website at www.sghiscock.com.au.

Transactional and operational costs

In operating the assets of the Fund, the Fund may incur transactional costs when assets are bought and sold, including brokerage, clearing and settlement costs, buy/sell spreads and applicable stamp duty. These costs, which are reflected in the daily unit price, are recovered in part by the buy/sell spread charged on applications and withdrawals.

The Fund may also incur other transactional costs through the day-to-day trading activity required to execute the Fund's investment strategy. These costs, which are reflected in the daily unit price, are an additional implicit cost to unitholders in the Fund. Transactional costs are not paid to us. The estimated net transactional costs (that are not recovered through the buy/sell spread) are detailed in the Additional Information Booklet. These costs may vary from year to year.

Buy/sell spread

Buy/sell spreads are an amount representing the estimated costs arising from applications and withdrawals made by investors moving into and out of the Fund.

The buy/sell spreads for the Fund current at the issue date of the Additional Information Booklet (AIB) are set out in the AIB.

We will provide notification of the current buy/sell spread for the Fund on our website at www.sghiscock.com.au

We may vary or waive the buy/sell spreads without notice when it is appropriate to protect the interests of existing investors and if permitted by law.

Service fees

If you consult a financial adviser or broker, and/or access the Fund via mFund or an IDPS Provider, advice or special request fees may be payable to them by you, or on your behalf under your arrangements with them. You should refer to their Statement of Advice, or speak to them directly regarding these fees.

Differential fees

A rebate of part of the management fee or a lower management fee may be negotiated with investors who are wholesale clients for the purposes of the Corporations Act or with staff of SGH or its related bodies corporate. Further information can be obtained by contacting us. See page 1 of this PDS for our contact details.

You should read the important information about 'Fees and costs' in section 3 of the Additional Information Booklet before making a decision to invest in the Fund. Go to: <https://sghiscock.com.au>. This information may change between the time you read this PDS and the day you sign the Application Form.

7. How managed investment schemes are taxed in Australia ⓘ

It is important to note that investing in the Fund is likely to have tax consequences. We strongly advise that you seek professional tax advice before investing in the Fund.

Generally, it is our policy to fully attribute the taxable income of

the Fund to investors every year. As a result, unitholders will be liable to pay income tax on their attributed share of the taxable income of the Fund and income tax should not generally be payable by the Fund. Investors should obtain advice from professional tax advisers about their individual circumstances as the tax consequences will vary depending on their individual circumstances. Investors who invest in the Fund through an IDPS Provider should seek separate tax advice.

You should read the important information about 'How managed investment schemes are taxed in Australia' in section 4 of the Additional Information Booklet before making a decision to invest in the Fund. Go to: <https://www.sghiscock.com.au>. This information may change between the time you read this PDS and the day you sign the Application Form.

8. How to apply

Before completing the Application Form or Additional Investment Form, please ensure you have read this PDS together with the Additional Information Booklet available from www.sghiscock.com.au.

New investors:

- Complete the application process on-line (please visit www.sghiscock.com.au for further instructions)
- Complete the Application Form accompanying the PDS (details are in the Application Form) and post it to Apex Fund Services Pty Ltd, Unit Registry, GPO Box 4968, Sydney, NSW 2001 or email the form to: SGHinvestorservices@apexgroup.com; with your payment by:
 - Transfer the application money electronically to the Fund (Reference: Please quote the investor name as per your Application Form)
 - Cheque
- Making an application through mFund by placing a buy order for units with your licensed broker. If applying via mFund you will need to provide the application money directly to your licensed broker.

Existing investors and additional applications:

Additional investment can be made into an existing account at any time. The process for existing investors or making an additional investment is to complete an Additional Investment Form available at www.sghiscock.com.au; and post or email it to Apex Fund Services Pty Ltd with your payment by:

- Transfer the application money electronically to the Fund (Reference: Please quote the investor name as per your Application Form)
- Cheque

You can also make an additional application through mFund.

Please note that cash cannot be accepted and all applications must be made in Australian dollars. All monies deposited by direct credit or cheque must match the amount specified on the Application Form or the Additional Investment Form for the application to be valid. We reserve the right to accept or reject applications in whole or in part at our discretion. If investing via direct credit or cheque, confirmation that funds have been received is required prior to units being issued.

Investing through an IDPS Provider

If you intend to invest in the Fund through an IDPS Provider, you will need to give a direction to the IDPS Provider to invest in the Fund and complete the documents provided by them. Please email enquires@sghiscock.com.au for a current list of IDPS Providers through which the Fund is available.

Cooling-off rights

If you invest in the Fund as a Retail Client (as defined in section 761G of the Corporations Act), you have 14 days from the earlier of 5 days after we issue units to you or receipt by you of a confirmation statement to have your investment repaid (cooling-off period). The amount repaid will be adjusted to take into account any transaction costs (including buy/sell spreads) and administration costs and increase/decrease in the value of your investment.

Your right to be repaid during this cooling-off period does not apply:

- where your units have been issued due to a reinvestment of your distribution;
- if you are a Wholesale Client;
- if you invested through an IDPS Provider; or
- if you have exercised your rights as a unitholder in the Fund.

To have your investment repaid, please write to us at the address detailed on page 1 of this PDS setting out your account details and stating that you wish to redeem your holding.

9. Other Information

Continuous disclosure documents

The Fund may be subject to certain regular reporting and disclosure obligations. Copies of documents lodged with ASIC in relation to the Fund may be obtained from, or inspected at, any ASIC office.

You may obtain a copy of the following at our website (in accordance with ASIC's good practice guidance for website disclosure) or from us free of charge on request (where relevant):

- the Fund's annual financial report most recently lodged with ASIC;
- any half-yearly financial reports lodged with ASIC by the Fund after lodgement (where applicable);
- any continuous disclosure notices given by the Fund after that date of lodgement of that annual report;
- and any other material updates.

Updated information

Information in this PDS and the terms of your investment are subject to change from time-to-time. In the case of material changes we will give notice to unitholders in the time-frames provided for in the relevant legislation. Updated information that is not materially adverse can be obtained by:

- Contacting your financial adviser;
- Contacting your IDPS Provider (for indirect investors);
- Visiting www.sghiscock.com.au; and/or emailing enquiries@sghiscock.com.au
- Visiting www.mFund.com.au (mFund investors only).

You should read the important information about 'Other information' in section 5 of the Additional Information Booklet before making a decision to invest in the Fund. Go to: <https://www.sghiscock.com.au>. This information may change between the time you read this PDS and the day you sign the Application Form.

13 The additional management fees and costs will be on a pro-rata basis and will vary depending on when you have made the additional investment during the year. This example is prescribed by the Corporations Act, and is based on an assumption that the \$5,000 investment in the Fund occurs on the last business day of the year (and therefore, the management fees and costs are calculated using an investment balance of \$50,000 only). These examples also assume that the value of your investment in the Fund remains the same during the year. Please note that this is just an example. In practice, actual investment balances will vary daily and actual fees and costs charged are based on the value of the Fund, which also fluctuates daily.

14 All estimates of fees and costs in this section are based on information available as at the date of this PDS. All fees reflect the Responsible Entity's reasonable estimates of the typical fees for the Fund for the current financial year. Please refer to the 'Additional explanation of fees and costs' section for more information on fees and costs that may be payable.

15 The amount of the management fee may be negotiated if you are a wholesale client pursuant to the Corporations Act. For further information refer to 'Differential fees' in the 'Additional explanation of fees and costs' section.
