Explanatory Statement - Resolution 3 - Re-election of Directors

David Wargo, who was appointed as a Non-Executive Director on 1 October 2020. David Wargo is a senior natural resource investment banker with over 21 years of experience in the mining industry and banking industry. He is currently a managing director of Investment Banking at Sprott Capital Partners, a division of Sprott Inc. Prior to this, he held a number of senior positions, including as a managing director of the Investment Banking Division at GMP Securities L.P. David has an industry background, having worked for 10 years as a chemical engineer in the mining and oil and gas sectors. David holds an Executive MBA.

Explanatory Statement - Resolution 6 - Approval of 7.1A Mandate

Broadly speaking, and subject to a number of exceptions, ASX Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period. However, under ASX Listing Rule 7.1A, an eligible entity may seek shareholder approval by way of a special resolution passed at its Annual General Meeting to increase this 15% limit by an extra 10% to 25% (**7.1A Mandate**).

An 'eligible entity' means an entity which is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300,000,000 or less. The Company is an eligible entity for these purposes. As at the date of this notice, the Company is an eligible entity as it is not included in the S&P/ASX 300 Index and has a current market capitalisation of A\$27.1 million (based on the number of ordinary shares on issue and the closing price of the CDI's on the ASX on **24 August 2024, being the date of the trading halt which the company has since been under**).

Resolution 6 seeks Shareholder approval by way of special resolution for the Company to have the additional 10% placement capacity provided for in ASX Listing Rule 7.1A to issue Equity Securities without Shareholder approval (in addition to the existing 15% placement capacity under ASX Listing rule 7.1). If Resolution 6 is passed, the Company will be able to issue Equity Securities up to the combined 25% limit in ASX Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If Resolution 6 is not passed, the Company will not be able to access the additional 10% capacity to issue Equity Securities without Shareholder approval under ASX Listing Rule 7.1A, and will remain subject to the 15% limit on issuing Equity Securities without Shareholder approval set out in ASX Listing Rule 7.1.

Technical information required by ASX Listing Rule 7.1A

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in relation to Resolution 6:

(a) Period for which the 7.1A Mandate is valid

The 7.1A Mandate will commence on the date of the Annual General Meeting and expire on the first to occur of the following:

- the date that is 12 months after the date of this Annual General Meeting;
- the time and date of the Company's next Annual General Meeting; and
- the time and date of approval by shareholders of any transaction under ASX Listing Rule 11.1.2 (a significant change in the nature or scale of activities) or ASX Listing Rule 11.2 (disposal of the main undertaking).

(b) Minimum price

Any Equity Securities issued under the 7.1A Mandate must be in an existing quoted class of Equity Securities and be issued at a minimum price of which is not less than 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before:

- a. the date on which the price at which the Equity Securities are to be issued is agreed by the entity and the recipient of the Equity Securities; or
- b. if the Equity Securities are not issued within 10 trading days of the date in paragraph (b)(i) above, the date on which the Equity Securities are issued.

(c) Use of funds raised under the 7.1A Mandate

The Company may issue Equity Securities under the 7.1A Mandate for a cash consideration only in which case the Company intends to use funds raised for ongoing operating activities, namely the acquisition of further investments pursuant to the Company's investing policy approved by shareholders at the General Meeting held on 20 March 2023.

(d) Risk of Economic and Voting Dilution

Any issue of Equity Securities under the 7.1A Mandate will dilute the interests of shareholders who do not receive any ordinary shares under the issue. If Resolution 6 is approved by shareholders and the Company issues the maximum number of Equity Securities available under the 7.1A Mandate, the economic and voting dilution of existing ordinary shares would be as shown in the table below.

The table below shows the dilution of existing shareholders calculated in accordance with the formula outlined in ASX Listing Rule 7.1A.2, on the basis of the market price of Shares on the 26 August 2024 when the company entered a trading halt and has been under since, and the number of Equity Securities on issue or proposed to be issued as at 5 May 2025. The table also shows the voting dilution impact where the number of ordinary shares on issue changes and the economic dilution where there are changes in the issue price of ordinary shares issued under the 7.1A Mandate.

			Dilution		
Number of Shares on Issue (Variable (A in Listing Rule 7.1A.2))			Issue Price		
			A\$0.08	A\$0.160	A\$0.24
			50% decrease	Issue Price	50% increase
			Funds Raised		
Current	169,423,576 ordinary shares	16,942,357 ordinary shares	A\$1,355,389	A\$2,710,777	A\$4,066,166
50% increase	254,135,364 ordinary shares	25,413,536 ordinary shares	A\$2,033,083	A\$4,066,166	A\$6,099,249
100% increase	338,847,152 ordinary shares	33,884,715 ordinary shares	A\$2,710,777	A\$5,421,554	A\$8,132,332

*The number of ordinary shares on issue (Variable A in the formula) could increase as a result of the issue of ordinary shares that do not require Shareholder approval (such as under a pro- rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

1. There are currently 169,423,576 ordinary shares on issue.
2. The issue price set out above is the closing price of the Shares on the ASX on 26 August 2024 (being A\$0.16) when the company entered a trading halt and has been under since.
3. The Company issues the maximum possible number of Equity Securities under the 7.1A Mandate.
4. The Company has not issued any Equity Securities in the 12 months prior to the Annual General Meeting that were not issued under an exception in Listing Rule 7.2 or with approval under Listing Rule 7.1.
5. The issue of Equity Securities under the 7.1A Mandate consists only of ordinary shares. It is assumed that no options are exercised into Shares before the date of issue of the Equity Securities. If the issue of Equity Securities includes quoted options, it is assumed that those quoted options are exercised into Shares for the purpose of calculating the voting dilution effect on existing shareholders.
6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
7. This table does not set out any dilution pursuant to approvals under Listing Rule 7.1 unless otherwise disclosed.
8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.

9. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 7.1A Mandate, based on that Shareholder's holding at the date of the Annual General Meeting.

CDI holders should note that there is a risk that:

- a. the market price for the Company's ordinary shares may be significantly lower on the issue date than on the date of the Annual General Meeting; and
- b. the ordinary shares may be issued at a price that is at a discount to the market price for those ordinary shares on the date of issue.

(e) Allocation policy under the 7.1A Mandate

The recipients of the Equity Securities to be issued under the 7.1A Mandate have not yet been determined. However, the recipients of Equity Securities could consist of current shareholders or new investors (or both). In the event the recipients of the Equity Securities to be issued under the 7.1A Mandate will be a related party, or any other person to whom Listing Rule 10.11 applies, any issue of, or agreement to issue, Equity Securities to them will require a separate shareholder approval under ASX Listing Rule 10.11 unless the issue or agreement falls within an exception in Listing Rule 10.12.

The Company will determine the recipients at the time of the issue under the 7.1A Mandate, having regard to the following factors:

- a. the purpose of the issue;
- b. alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue, share purchase plan, placement or other offer where existing shareholders may participate;
- c. the effect of the issue of the Equity Securities on the control of the Company;
- d. the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- e. prevailing market conditions; and
- f. advice from corporate, financial and broking advisers (if applicable).

(f) Previous approval under ASX Listing Rule 7.1A

The Company has previously obtained approval from its shareholders pursuant to ASX Listing Rule 7.1A at its Annual General Meeting held on 30 June 2023.

At the last Annual General Meeting held on 27 June 2024 the Company did not obtain approval from its shareholders pursuant to ASX Listing Rule 7.1A

The Company has not issued or agreed to issue any Equity Securities under Listing Rule 7.1A prior to the date of this meeting.

(g) Additional context for shareholders

The shareholders are advised that any approval granted pursuant to ASX Listing Rule 7.1A will cease to have any effect once the Company seeks shareholders' approval under listing rule 11.1.2 which the Company will do as part of the re-compliance and pursuant to the proposed acquisition of SCP Resource Finance.

Voting exclusion statement:

As at the date of this Notice, the Company is not proposing to make an issue of Equity Securities under ASX Listing Rule 7.1A. Accordingly, a voting exclusion statement is not included in this Notice.
