ASX Announcement

Baruun Noyon Uul Mine – Confirmation of Increased Mining Capacity

Guildford Coal Limited (**Guildford** or the **Company**) (ASX: GUF) is pleased to announce the Mineral Resources Profession Committee from the Mineral Resource Authority of Mongolia (**MRAM**), has formally approved an increase in the Company's allowable mining capacity to 1.5Mt in 2015 and 2.0Mt in 2016.

Group Managing Director, Peter Kane said "MRAM's approval to increase our mining capacity is a significant development for Guildford. It allows us to ramp up production at the BNU Mine beyond the recently announced targeted production figures for 2015, if it makes economic sense to do so. This is great news for the Company."

For further information please contact Peter Kane, Group Managing Director on +61 7 3005 1533.
