ASX Announcement

QUARTERLY ACTIVITIES REPORT AND APPENDIX 4C

Jatcorp continues legal proceedings for Neuroio® trademark; accelerates Moroka® rollout

Jatcorp Limited (ASX: JAT) ("Jatcorp" or the "Company"), an Australian health and wellness consumer goods company, provides its quarterly activities and cash flow report for the quarter ending 31 December 2024 (Q2 FY25). Financial data for Q2 FY25 in this announcement is unaudited.

Key Details

- Revenue of \$4.68m from ongoing operations, down 57% on PCP, due to a reorder cancellation and a return of stock as a result of a trademark dispute in China
- Gross profit of \$1.09 million*, down 74% on PCP
- Underlying EBITDA (excluding legal costs of approximately \$2m) was negative \$2.42 million, down \$3.19 million on PCP
- Net operating cash flow was negative \$13,000, down \$159,000 on PCP

Operational Update

Jatcorp has suspended sales of its Neuroio® products in mainland China following an adverse ruling in the trademark dispute. This decision stems from a third party's alleged malicious registration of the Neuroio® trademark, which appears designed to obstruct Jatcorp's distribution of the Neuroio® brand in China. The Company is actively pursuing multiple legal avenues in China, Australia and New Zealand to protect its intellectual property, while minimising operational disruptions.

Despite these challenges, Jatcorp has continued the execution of its growth strategy by accelerating its efforts towards market and channel expansion for the Moroka® brand, and Neuroio® in markets where its intellectual property ownership is undisputed, such as Hong Kong and Australia. These strategic initiatives aim to strengthen the Company's presence and drive growth in these key markets.

Jatcorp is rigorously contesting the ruling through appropriate judicial channels and has initiated parallel administrative proceedings to invalidate the disputed trademark registration. While trademark squatting poses complex challenges in China, Jatcorp's legal team is leveraging international precedents and documented evidence of bad-faith registration to resolve this matter decisively. The Company remains unwavering in its commitment to protecting shareholder value and ensuring long-term market integrity.

New Channels

Delivering on the 'new channels' pillar of its growth strategy, Jatcorp has onboarded approximately 30 retail outlets in Australia as local distributors of its Neuroio® products. These outlets, predominantly gift shops and pack-and-send locations, strategically target international visitors, aligning with the Company's focus on capturing demand from globally mobile consumers.

Jatcorp also expanded the online distribution channels for its Moroka® products, achieving increased placement in approximately 15 third-party POP stores across leading platforms, including JD.com, Douyin, VIP.com, and Tmall. This enhanced digital presence reflects the Company's ongoing strategy to strengthen its e-commerce footprint and reach a broader consumer base, particularly in its key market of mainland China.

New Products

To continue growing the Moroka® brand into a household name for lactoferrin-based products, Jatcorp launched five new products during the quarter.

The new product launches build on the two SKUs launched in Q1 FY25, bringing Moroka's total product range to 13. Each product caters to a specific consumer need including immune support and cognitive health, demonstrating how Jatcorp remains at the forefront of product innovation and R&D.

Manufacturing

Manufacturing upgrades at the Company's ANMA facility in Melbourne were completed during the quarter that included, increasing the sachet production capacity by 70%, upgrading the automated packing equipment and installation of a laser QR code printer. The upgrades were implemented to meet growing demand for sachet products, increase OEM capabilities and are cost efficient.

Marketing and Conferences

In November, Jatcorp showcased its manufacturing capabilities and product portfolio at the China International Import Expo (CIIE) in Shanghai, with a presence across three key booths:

- Jatcorp's Branded Booth: Highlighting the Company's flagship products and innovations.
- NSW State Pavilion: Featuring Moroka® as part of the state's export promotion initiative.
- Victoria State Pavilion: Showcasing the ANMA facility's manufacturing expertise and capabilities.

As a result of its presence at the CIIE, ANMA has onboarded three new OEM customers, with strong engagement and valuable connections made with new and existing customers.

Building on momentum from its participation in VitaFoods Bangkok in the prior quarter, Jatcorp continues to collaborate with potential partners who have initiated registration processes to enter new markets in Southeast Asia.

Management Appointments

Dr Xinpeng Li, appointed in Q1, has been promoted to the role of General Manager. In his expanded role, Dr Li will also focus on enhancing the daily operational efficiency of the business while driving the company towards achieving its ambitious growth targets. His leadership and strategic insight will play a pivotal role in advancing Jatcorp's objectives and strengthening its market position.

Outlook

Jatcorp CEO, Sunny Jian Xin Liang, said:

"We remain committed to defending our position against alleged malicious attempts to disrupt our operations. Our success in the New South Wales Supreme Court last April demonstrates the strength of our legal position and the recognition of our intellectual property rights. We are fully committed to

replicating this outcome in China through rigorous legal action, while continuing to deliver growth via our diversified portfolio.”

Expenditure on business activities

A summary of the expenditure incurred on Jatcorp's business activities for the quarter is as follows:

Expenditure Category	Q2 FY25	Q2 FY24	YoY

Notes

- 1 This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
- 2 If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, AASB 107: Statement of Cash Flows apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
- 3 Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
- 4 If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
- 5 If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
