**Review of Operations**

The consolidated entity loss for the half year ended 31 December 2019 was \$1,320,188 compared to a loss of \$1,839,293 for the half year ended 31 December 2018.

The Group experienced a challenging half year ended 31 December 2019, which was impacted by falling revenues in Indonesia and Malaysia. The current half-year's result includes:

- (a) Arte Mobile Technology Pte. Ltd. incurred a loss before tax of \$582,140 which included the impairment of intangibles of \$495,273 and a reduction in revenue due to a suspension of a VAS platform by a telecommunications partner; and
- (b) A loss before tax from our Malaysian operation of \$327,075 due to our Enterprise Mobility business underperforming as number of our customers reduced their IT expenditures as a result of an economic slowdown.

Whilst Arte Mobile management are working to rebuild their subscriber base, it is expected to take a minimum of twelve months for the business to achieve previous results.

**Significant Changes in the State of Affairs**

Other than as disclosed in this report, there were no significant changes in the state of affairs of the consolidated group for the half-year ended 31 December 2019.

**Events Subsequent to Reporting Date**

There are no other matters or circumstances have arisen since the end of the financial period which significantly affected or may significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE HALF-YEAR ENDED 31 DECEMBER 2019**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**(a) Basis of Preparation**

These general purpose interim financial statements for half-year reporting period ended 31 December 2019 have been prepared in accordance with requirements of the *Corporations Act 2001* and Australian Accounting Standard AASB 134: Interim Financial Reporting. The Group is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

iSentric Limited is the legal parent of iSentric Sdn. Bhd. The consolidated financial statements are issued under the name of iSentric Limited but are deemed to be a continuation of the legal subsidiary iSentric Sdn. Bhd.

This interim financial report is intended to provide users with an update on the latest annual financial statements of iSentric Limited and its controlled entities (referred to as the "consolidated group" or the "Group"). As such, it does not contain information that represents relatively insignificant changes occurring during the half-year within the Group. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Group for the year ended 30 June 2019, together with any public announcements made during the following half-year.

**(b) Accounting Policies**

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements. Except in relation to the matters discussed below.

**(c) Critical Accounting Estimates and Judgments**

The critical estimates and judgments are consistent with those applied and disclosed in the June 2019 annual report.

**(d) New and Revised Accounting Requirements Applicable to the Current Half-year Reporting Period**

The Company has adopted all the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board that are relevant to its operations and effective for the current reporting period.

The Group has adopted AASB16: *Leases* from 1 July 2019. AASB 16 was issued in January 2016 and it replaces AASB 117 *Leases* and will almost result in all leases being recognised in the statement of financial position as a "right of use" (ROU) asset with a corresponding lease liability to reflect future lease payments. Straight-line operating lease expense recognition will be replaced with a depreciation charge for the "right of use" asset and an interest expense on the recognised lease liability. There are two exemptions to this standard for lessees – lease of low value assets and short-term leases. The accounting for lessors will not significantly change with this standard and will continue to carry forward the requirements of AASB 117.

The Group has operating lease commitments for office spaces which is less than one year. The adoption of AASB 16 has no impact on the Group's financial statements,

The adoption of all the new and revised Standards and Interpretations has not resulted in any changes to the Company's accounting policies and has no effect on the amounts reported for the current or prior periods. The new and revised Standards and Interpretations has not had a material impact and not resulted in changes to the Company's presentation of, or disclosure in, its interim financial statements.

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**(d) New and Revised Accounting Requirements Applicable to the Current Half-year Reporting Period (Continued)**

*New Accounting Standards and Interpretations issued but not yet applied by the Group*

There are no other Standards that are not yet effective and that are expected to have a material impact on the Company in the current or future reporting periods and on foreseeable future transactions.

**(e) Investments**

Investments are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at cost.

Investments are included in current assets, except for those which are not expected to mature within 12 months after the end of the reporting period.

**(f) Going Concern**

The financial report has been prepared on a going concern basis. This presumes that funds will be available to finance future operations and the realisation of assets and settlement of liabilities will occur in the normal course of business.

For the half year ended 31 December 2019 the Group generated a loss after tax of \$1,320,188 (31 December 2018: loss \$1,839,293), as at the balance date the Group's total assets exceeded total liabilities by \$3,611,775 (30 Jun 2019: net assets \$4,886,828).

The Directors believe that the Group will be able to continue as a going concern and, as a consequence, the financial report has been prepared on a going concern basis. This basis presumes that funds will be available to finance future operations and the realisation of assets and settlement of liabilities will occur in the normal course of business.

The Directors believe that the going concern basis of accounting is appropriate due to the expected cash flows to be generated by the Group over the next twelve months and that the company will be able to pay its debts as and when they fall due.

**(g) General information and basis for preparation**

The condensed interim consolidated financial statements (the interim financial statements) of the Group are for the half year ended 31 December 2019 and are presented in Australian Dollars (\$), which is the functional currency of the parent entity.

**Statement of Financial Position**

- The 30 June 2019 Statement of Financial Position represents iSentric Limited and its controlled entities as at 30 June 2019.

- The 31 December 2018 Statement of Cash Flows comprises six months of iSentric Limited and its controlled entities cash transactions for the period from 1 July 2018 to 31 December 2018.

The interim financial statements have been approved and authorised for issue by the Board of Directors on the 26<sup>th</sup> of February 2020.

**(h) Fair value measurements**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using a valuation technique. The measurement assumes that the transaction takes place either in the principal market or in the absence of a principal market, in the most advantageous market. For non-financial asset, the fair value measurement takes into account a market's participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For financial reporting purposes, the fair value measurements are analysed into level 1 to level 3 as follows:-

Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liability that the entity can access at the measurement date;

Level 2: Inputs are inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3: Inputs are unobservable inputs for the asset or liability.

The transfer of fair value between levels is determined as of the date of the event or change in circumstances that caused the transfer.

**(i) Intangibles impairment tests**

The impairment test undertaken at 31 December 2019 involved determining the recoverable amount of intellectual properties of Arte Mobile Technology Pte. Ltd. ("Arte") based on their fair value less cost to sell and comparing it the carrying amount. Fair value reflects the best estimate of the amount that an independent third party would pay to purchase the intellectual properties, less related selling costs.

The directors used management's internal assessment as the basis for determining the fair value less costs to sell. Fair value has been calculated using discounted future cash flows. The fair value measurement was categorised as a Level 3 fair value based on the inputs in the valuation technique used.

The valuation is based on cash flow projections over a five year period using assumptions that represent management's best estimate of the range of business and economic conditions at this time. The valuations have been reviewed and approved by the Board of iSentric.

Discount rates are calculated using a weighted average cost of capital method which is based on market data, reflects the time value of money and includes a risk premium to account for current economic conditions.

The pre-tax discount rates applied to the undiscounted cash flows were 15%. Management consider that, as all intellectual properties operate in the Digital Media Industry in Indonesia and provide equivalent products and services in the same markets, the risk specific to each unit are comparable and therefore a discount rate of 15% is applicable to Arte's intellectual properties.

Based on the results of the test undertaken, there was impairment of \$495,273 recognised in relation to Arte's intellectual properties as at 31 December 2019 (31 December 2018: \$nil).

Besides, there was a product development expenditure written off of \$28,934 due to the games are obsolete.

**INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF**  
**ISENTRIC LIMITED AND CONTROLLED ENTITIES**  
**ABN 11 091 192 871**

**Report on the Half-year Financial Report**

We have reviewed the accompanying half-year financial report of iSentric Limited, which comprises the consolidated statement of financial position as at 31 December 2019, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information and the directors' declaration.

**Directors' Responsibility for the Half-year Financial Report**

The directors of iSentric Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410: *Review of an Interim Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the iSentric Limited's financial position as at 31 December 2019 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of iSentric Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and, consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

While we consider the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our review was not designed to provide assurance on internal controls.

### **Matters Relating to Electronic Publication of the Audited Financial Report**

This review report relates to the financial report of iSentric Limited for the half-year ended 31 December 2019 included on the website of iSentric Limited. The directors of the company are responsible for the integrity of the website and we have not been engaged to report on its integrity. This review report refers only to the subject matter described above. It does not provide an opinion on any other information which may have been hyperlinked to or from the financial report. If users of the financial report are concerned with the inherent risk arising from publication on a website, they are advised to refer to the hard copy of the reviewed financial report to confirm the information contained in this website version of the financial report.

### **Independence**

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

### **Conclusion**

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of iSentric Limited is not in accordance with the *Corporations Act 2001* including:

- (i) giving a true and fair view of iSentric Limited's financial position as at 31 December 2019 and of its performance for the half-year ended on that date; and
- (ii) complying with AASB 134: *Interim Financial Reporting* and the *Corporations Regulations 2001*.

### **Material Uncertainty Regarding Continuation as a Going Concern**

Without qualifying our conclusion, we draw your attention to Note 1 in the financial report which indicates that the consolidated entity has experienced operating losses and negative operating cash flows during the period ended 31 December 2019, and as of that date, the continuing viability of the consolidated entity and its ability to continue as a going concern and meet its debts and commitments as and when they fall due are dependent upon the consolidated entity's ability to successfully achieve positive cash flows from the groups business units and the raising of additional funds or through sale by corporate transaction. These conditions, along with other matters as set forth in Note 1, indicate the existence of a material uncertainty that may cast doubt about the consolidated entity's ability to continue as a going concern and, therefore, the consolidated entity may be unable to realise assets and settle its liabilities in the normal course of business and at the amounts stated in the financial report.
