The strategy is implemented by dynamically allocating investment across the following three distinct private debt strategies:

The Trust is an Australian registered managed investment scheme, which was constituted on 4 July 2019, registered with Australian Securities and Investment Commission on 18 July 2019 and commenced investment operations on 26 September 2019. The Trust will terminate in accordance with the provisions of the Trust's Constitution or by Law.

The Trust was listed on the Australian Securities Exchange ("ASX") on 26 September 2019 and is quoted under ticker code: PGG.

The Responsible Entity of the Trust is Equity Trustees Limited (ABN 46 004 031 298) (AFSL 240975) (the "Responsible Entity"). The Trust has economic exposure to the loans comprising the strategies mentioned in the Product Disclosure Statement (PDS) via an investment in a profit participating note ("PPN") which is a security issued by the Partners Group Global Income Investments Loan Strategy Designated Activity Company, a designated activity company limited by shares and incorporated under the laws of Ireland (the "Company"). The Company makes and holds the investments (in accordance with the Company's 'Investment Guidelines' which are consistent with the investment strategy of the Trust, as set out in the PDS) and distributes income to the Trust via PPN.

The condensed financial statements were authorised for issue by the directors on the date the Directors' declaration was signed. The directors of the Responsible Entity have the power to amend and reissue the condensed financial statements.

2 BASIS OF PREPARATION

These condensed financial statements have been prepared in accordance with Australian Accounting Standards AASB 134 *Interim Financial Reporting and the Corporations Act 2001*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standards IAS 34 *Interim Financial Reporting*.

These condensed financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these condensed financial statements are to be read in conjunction with the annual financial statements for the period ended 31 December 2021 and any public announcements made in respect of the Trust during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The directors are satisfied that the Trust has sufficient resources to continue in operation for the foreseeable future, a period of not less than 12 months from the date of this report. Accordingly, they continue to adopt the going concern basis in preparing the condensed financial statements.

Significant accounting policies

The accounting policies applied in these condensed financial statements are the same as those applied to the Trust's financial statements for the period ended 31 December 2021.

3 FAIR VALUE MEASUREMENT

The Trust measures and recognises financial assets and liabilities at fair value through profit or loss on a recurring basis.

The Trust has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 *Fair Value Measurement* requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

The Trust values its investments in accordance with the accounting policies set out in Note 2 to the condensed financial statements.

3 FAIR VALUE MEASUREMENT (CONTINUED)

a. Fair value in an inactive or unquoted market (level 3)

For information on the valuation of the Trust's PPN investment refer to note 3(d).

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the end of the reporting period applicable for an instrument with similar terms and conditions.

For other pricing models, inputs are based on market data at the end of the reporting period. Fair values for unquoted equity investments are estimated, if possible, using applicable price/earnings ratios for similar listed companies adjusted to reflect the specific circumstances of the issuer.

The fair value of derivatives that are not exchange traded is estimated at the amount that the Fund would receive or pay to terminate the contract at the end of the reporting period taking into account current market conditions (volatility and appropriate yield curve) and the current creditworthiness of the counterparties. The fair value of a forward contract is determined as a net present value of estimated future cash flows, discounted at appropriate market rates as at the valuation date. The fair value of an option contract is determined by applying the Black Scholes option valuation model.

Investments in unlisted unit trusts are recorded at the redemption value per unit as reported by the investment managers of such funds. The Fund may make adjustments to the value based on considerations such as: liquidity of the Investee Fund or its underlying investments, the value date of the net asset value provided, or any restrictions on redemptions and the basis of accounting.

Some of the inputs to these models may not be market observable and are therefore estimated based on assumptions. The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions the Fund holds. Valuations are therefore adjusted, where appropriate, to allow for additional factors including liquidity risk and counterparty risk.

b. Recognised fair value measurements

The table below presents the Trust's financial assets measured and recognised at fair value as at 30 June 2022 and 31 December 2021.

As at 30 June 2022	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Financial assets				
Profit Participating Note	-	-	479,040	479,040
Total financial assets	-	-	479,040	479,040
As at 31 December 2021	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Financial assets				
Profit Participating Note	-	-	535,886	535,886
Total financial assets	-	-	535,886	535,886

As of 30 June 2022 and 31 December 2021, the Trust valued the PPN using cum price. This is comprised of the opening fair value adjusted for unrealised gains/(losses) and expected distribution income on the PPN as of the reporting date.

3 FAIR VALUE MEASUREMENT (CONTINUED)

c. Transfer between levels

Management's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between levels in the fair value hierarchy at the end of the reporting period (31 December 2021: nil).

d. Fair value measurements using significant unobservable inputs (level 3)

The following table presents the movement in level 3 instruments for the half-year ended 30 June 2022 by class of financial instrument.

	Profit Participating Note \$'000
Opening balance - 1 January 2022	535,886
Gains/(losses) recognised in the statement of comprehensive income	(56,846)
Closing balance - 30 June 2022	479,040

	Profit Participating Note \$'000
Opening balance - 1 January 2021	525,246
Gains/(losses) recognised in the statement of comprehensive income	9,767
Closing balance - 30 June 2021	535,013

(i) Valuation inputs and relationships to fair value

The following table summarises the quantitative information about the significant unobservable inputs used in the level 3 fair value measurements. See Note 3(a) above for the valuation techniques adopted.

Description	Fair value \$'000	Unobservable inputs	Range of inputs (probability weighted average)	Relationship of unobservable inputs to fair value
As at 30 June 2022				
Profit Participating Note	479,040	Net assets attributable to the PPN holder	N/A	N/A
As at 31 December 2021				
Profit Participating Note	535,886	Net assets attributable to the PPN holder	N/A	N/A

(ii) Valuation processes

At each reporting date, the Investment Manager determines the fair value of the PPN with the assistance of the Company's third party administrator, the Bank of New York Mellon. The fair value is determined by adjusting the opening fair value of the PPN based upon the following factors as it relates to the Company, on a look through basis:

- Cumulative unrealised gains/(losses) recognised on the net assets attributable to the PPN holder during the reporting period; and
- Where a distribution is declared on or before reporting date, adjusting for ex-price. Where a dividend is not declared as of the reporting date, adjusting for cum price, inclusive of estimated distribution income as determined appropriate by the Investment Manager.

Where applicable, the Investment Manager would also consider and adjust for the impact from events deemed material and with significant impact on the valuation of the PPN.

3 FAIR VALUE MEASUREMENT (CONTINUED)

d. Fair value measurements using significant unobservable inputs (level 3) (continued)

(ii) Valuation processes (continued)

The stated fair value of the PPN at the end of the reporting period then represents the Investment Manager's best estimate as at the end of the reporting period.

e. Financial instruments not carried at fair value

The carrying value of financial assets and liabilities carried at amortised cost are assumed to approximate their fair value due to their short term nature.

4 FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

5 NET ASSETS ATTRIBUTABLE TO UNIT HOLDERS - EQUITY

The Trust shall classify a financial instrument as an equity instrument from the date when the instrument has all the features and meets the conditions. The Trust's units are classified as equity as they meet the definition of a financial instrument to be classified as equity.

Independent auditor's review report to the unitholders of Partners Group Global Income Fund

Report on the half-year financial report

Conclusion

We have reviewed the half-year financial report of Partners Group Global Income Fund (the Trust) which comprises the condensed statement of financial position as at 30 June 2022, the condensed statement of comprehensive income, condensed statement of changes in equity and condensed statement of cash flows for the half-year ended on that date, significant accounting policies and explanatory notes and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Partners Group Global Income Fund does not comply with the *Corporations Act 2001* including:

1. giving a true and fair view of the Trust's financial position as at 30 June 2022 and of its performance for the half-year ended on that date
2. complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities for the review of the half-year financial report* section of our report.

We are independent of the Trust in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibilities of the directors of the responsible entity for the half-year financial report

The directors of Equity Trustees Limited (the Responsible Entity), the responsible entity of the Trust, are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement whether due to fraud or error.

Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Trust's financial position as at 30 June 2022 and of its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
