PERMIT 4578 UPDATE

Lemur Resources Limited (**Lemur** or the **Company**) is pleased to advise that further to the announcement on 29 October 2014, Lemur has now received the original copy of the full judgement from the Tulear court in relation to the legal claim on its permit 4578 mining licence, which claim sought to declare null and void various historical sale agreements that ultimately resulted in Lemur being granted permit 4578. The Tulear court has cancelled the original judgement withdrawing permit 4578. Ms Rahajasoamampionona Ramiamanana (the plaintiff) has 30 days to lodge an appeal against the Tulear court's decision following which the court decision will be final. The plaintiff will also be liable for any court fees associated with the claim if the court decision becomes final.

The Company is still waiting on the ruling by the Antananarivo court. The plaintiff approached the Antananarivo court for a temporary enforcement of the original (now over-turned) judgement in Tulear regarding permit 4578. However, this was not the normal legal process as the court case was still in progress in Tulear. The Company will now lodge the judgement from the Tulear court with the Antananarivo court. The Company and its legal advisers remain positive on the outcome of the Antananarivo ruling in its favour.
