Minim Martap Bauxite Project

Completion of Drilling Campaign

Canyon completed its RC and Diamond Drill program across the Minim Martap, Makan and Ngaoundal tenements located in Cameroon. The program commenced in December 2023 with the original objective of completing 772 drill holes. Canyon's management team made the decision to expand the drilling campaign in both size and scale to create a robust data set that would support analysis of the geology of the broader Minim Martap Project, ahead of an update to the existing JORC Mineral Resource Estimate. Upon completion, the drill program totalled 1,526 boreholes for 23,254m. The program was led by Camalco operators and supported by SRK Australia and additional exploration consultants.

The drill program generated exceptional drill core recoveries across all diamond holes. Assays were shipped from Cameroon to Australia between August and October 2024 with analysis ongoing. Results from the drill program will be announced in 1H 2025 and will be implemented into an updated JORC-compliant Mineral Resource Estimate to support the ongoing Definitive Feasibility Study.

Mining Convention and Mining Licence Signed

Following an extensive approval process, Canyon Resources received both the Mining Convention and Mining Licence, which has allowed the Company to ramp up development activities at Minim Martap.

The Mining Convention was granted in July 2024 and the Mining Licence in September 2024. The award of both key permits in quick succession of each other demonstrates the strong levels of support for the Project from the Cameroon authorities and importantly, allows Canyon Resources and its subsidiary Camalco SA to mine and export bauxite and alumina at Minim Martap.

Entry into the Mining Convention was a requirement ahead of the grant of the Mining Licence for the Project area. The Mining Licence provides tenure over Minim Martap for an initial period of 20 years, with the ability to renew for one or more periods not exceeding 10 years each. Development work is required to commence within two years, and exploitation and production within five years from the date of the Mining Licence.

The signing of the Mining Convention for Minim Martap was completed in late July at a ceremony attended by Camalco's Chief Executive Officer, Mr. Rana Pratap Singh and the Interim Minister of Mines, Fuh Calistus Gentry.

The Mining Licence was formally executed during a signing ceremony attended by Chief Executive Officer, Mr. Jean-Sebastien Boutet and the Interim Minister of Mines, Industry and Technological Development, Pr Fuh Calistus Gentry.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Canyon Resources Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Our responsibility is further described in the *Auditor's Responsibility for the Review of the Financial Report* section of our report. We are independent of the company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the "Code") that are relevant to our audit of the annual financial report in Australia. Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
