

10 November 2021

## EXPLORATION RESULTS UPDATE

**Pantera Minerals Limited** (**Pantera** or **Company**) (ASX:PFE) refers to the announcement dated 3 November 2021 regarding an update on the Phase-1 Diamond Drilling at its Yampi Iron Ore Project as well as the grant of the tenement E 52/3878.

Pursuant to ASX Listing Rule 5.7.2, the Company provides the following information for material drill-holes included in the 3 November 2021 announcement in a separate table:

**Table 1. Drillhole Collar Locations**

Hole ID	Easting	Northing	RL	Zone	Dip	EoH (m)	Type
YMP002D	611123	8196653	174	GDA94 MGAz51	-90	25.86	HQ3
YMP003D	611344	8196350	245	GDA94 MGAz51	-90	24.25	HQ3
YMP004D	611578	8195989	251	GDA94 MGAz51	-90	7.73	HQ3

**Notes to Table 1.**

- Collar positions determined by a handheld Garmin 64 GPS

For full detail of the results, as well as the JORC Tables, refer to the 3 November 2021 announcement. There have been no material changes to the information since the release of that announcement.

- END -

**Competent Person's Statement**

*The information in this announcement that relates to geology and exploration results and planning was compiled by Mr. Nick Payne, a Competent Person whom is a Member of the Australasian Institute of Mining and Metallurgy and is Head of Exploration for Pantera. Mr Payne has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration and to the activity being undertaken to qualify as a Competent Person as defined in the 2012 Edition of the "Australian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves". Mr Payne consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.*

*All parties have consented to the inclusion of their work for the purposes of this announcement. The interpretations and conclusions reached in this announcement are based on current geological theory and the best evidence available to the author at the time of writing. It is the nature of all scientific conclusions that they are founded on an assessment of probabilities and, however might be, they make no claim for absolute certainty. Any economic decisions which might be taken on the basis of interpretations or conclusions contained in this presentation will therefore carry an element of risk.*
