## PENGANA PRIVATE EQUITY TRUST (ASX: PE1) SECONDARY RAISING LODGMENT OF PDS WITH ASIC

**12 February 2020:** Pengana Capital Group Limited (ASX: PCG) is pleased to announce that the Product Disclosure Statement ("PDS") for the **Secondary Offer of Units in the Pengana Private Equity Trust ("Trust") (ASX: PE1)** was lodged with ASIC on 11 February 2020 by Pengana Investment Management Limited ("Responsible Entity") and is available at [www.pengana.com/PE1](http://www.pengana.com/PE1).

The Responsible Entity is seeking to raise up to \$473.2 million for the Trust at a **Subscription Price per Unit equal to \$1.37** (being the NAV per Unit as at 31 January 2020 less the Special Distribution<sup>1</sup> and rounded to 2 decimal places) under an Entitlement Offer, Shortfall Offer and Discretionary Offer.

Following its listing on the ASX on 30 April 2019 through to 31 January 2020, the Trust has generated a positive net return of 12.4%. This net return has been determined with reference to the increase in the Net Asset Value per Unit since listing, as well as of the reinvestment of a Unit's distribution back into the Trust pursuant to the Trust's distribution reinvestment plan ("DRP").<sup>2</sup> The Trust made its first half-yearly distribution of \$0.025 per Unit for the period ending 31 December 2019 in accordance with the Trust's distribution policy as at listing.<sup>3</sup>

*Past performance is not a reliable indicator of future performance, the value of investments can go up or down.*

### Details of the Offer

Trust	Pengana Private Equity Trust
ASX Code	PE1
Entitlement Offer ratio	2 new Units for every 1 existing Unit
Subscription Price <sup>4</sup>	\$1.37
Maximum number of new Units that may be issued under the Offer	345,385,940
Maximum gross proceeds from the Offer	\$473.2 million

<sup>1</sup> Pengana intends that the Trust will make a special distribution of \$0.0125 per Unit ("Special Distribution") for the period from 1 January 2020 to 20 March 2020. A Unitholder must have purchased Units before the 'ex' distribution date, being 23 March 2020, to be entitled to the Special Distribution in respect of those Units. The Responsible Entity will close its unit register to determine which Unitholders are entitled to receive the Special Distribution at 7:00 pm on the record date for the Special Distribution, being 24 March 2020.

<sup>2</sup> Investors should read Section 10 of the PDS in full, which sets out some of the key risks associated with an investment in the Trust. The initial Net Asset Value per Unit for the purpose of determining the net return of the Trust is determined with reference to the initial public offering ("IPO") subscription price, which was \$1.25. The net return is net of fees and costs within the Trust, and is also based on a reinvestment of distributions back into the Trust (i.e. it shows the total return, being the aggregate of capital growth and income). Pengana has established a DRP in respect of distributions made by the Trust. Under the DRP, Unitholders may elect to have all or part of their distributions reinvested in additional Units. Please refer to Section 8.10 of the PDS for more information in respect of the DRP.

<sup>3</sup> The targeted distributions are only targets and may not be achieved. Investors should review the Risks summary set out in Section 10 of the PDS.

<sup>4</sup> The Subscription Price is the NAV per Unit as at 31 January 2020 less the Special Distribution and rounded to 2 decimal places.
