Uranium Equities Appoints Highly Experienced Mining Executive Brendan Bradley as Managing Director

Former Kingsgate and Dominion executive to drive UEQ's growth strategy

Uranium Equities Ltd ("UEQ" or "the Company") is pleased to advise that it has appointed highly experienced Australian mining executive Brendan Bradley as Managing Director.

Mr Bradley is a geologist with over 20 years of mineral exploration, mining and resource development experience in a broad range of geological settings. UEQ's Chairman, Mr Tim Goyder, said he was delighted to have secured someone of Mr Bradley's calibre and broad global experience to help drive the next stage of the Company's growth.

"Uranium Equities already has a strong asset base, being one of the largest land holders in the world-class Alligator Rivers Uranium Province in the Northern Territory, and we have recently expanded our portfolio by securing a highly prospective cobalt project in Chile."

"Brendan will be a significant addition to our team as we work to secure additional prospective exploration assets to complement our existing portfolio and to unlock the value of those projects."

In accordance with Listing Rule 3.16.4 the Company confirms the following key terms of Mr Bradley's Executive Services Agreement:

Commencement Date:	1 June 2017
Annual Fixed Remuneration:	\$220,000 plus superannuation
