Vesting will occur on a straight-line basis for performance between these two points. - If CAGR performance conditions are met, vesting occurs progressively and at continuously increasing hurdles. - Vesting can occur six monthly in years 4 and 5 from the base test date but the TSR vesting condition continues to compound in years 4 and 5. - The base test date for Options/Rights is set as 1 September 2020 and the expiry date is 30 September 2025. - If the Options/Rights are not exercised before the expiry date they will automatically lapse. - There are no voting rights or rights to dividends whilst the participant holds an Option/Right. - Treatment of unvested Options/Rights on cessation of employment depends on a range of factors, such as tenure and reason for departure. If the participant is deemed a 'Good Leaver' by the Board, then they would retain unvested Options subject to the original terms and conditions of the award including testing and expiration dates.
