## Commentary on the results for the financial year ended 30 June 2020

### Brief explanation of any of the figures reported above necessary to enable the figures to be understood:

Medical technology company Proteomics International Laboratories Ltd (ASX:PIQ; Proteomics International or the Company) presents this financial report for the year ended 30<sup>th</sup> June 2020, with the following explanation of the results:

- Operating revenue grew 8% to \$1.59 million, with analytical services based contract research remaining robust despite economic uncertainties and supplemented by research grants.
- Combined income from all sources rose 10% to \$3.02 million, encapsulating revenue from analytical services and research grants, State and Federal COVID-19 stimulus packages and the R&D Tax Incentive.
- Operational expenditure was unchanged at \$4.8 million, and focused on the commercialisation of PromarkerD, upgrading of laboratory instruments, and expansion of the diagnostics pipeline.
- The loss from ordinary activities decreased 16% to \$1.74 million, which reflects normal operational costs and non-cash items and includes a share based payments expense of \$112,715.
- The net cash outflow from operating activities was \$384,508, a reduction of 77%.
- At 30 June 2020 the Company had cash reserves of \$2.37 million, and trade and other receivables of \$0.36 million. On the back of the Company's research and development focus it anticipates an R&D Tax Incentive cash rebate of \$1.14 million, to be received in the December quarter 2020.
