

8VI Appendix 4C & Quarterly Activity Report

Singapore, 24 January 2025

8VI Holdings Limited (“8VI” or the “Group”) announces its cash flow report (Appendix 4C) for the quarter ended 31 December 2024, alongside an update on recent developments and financial performance.

Voluntary Delisting from ASX

On 20 December 2024, the Group announced that it had submitted a formal request to the Australian Securities Exchange (“ASX”) to be removed from the official list of the ASX (“Official List”).

The ASX has confirmed that it will remove 8VI from the Official List, subject to certain conditions being satisfied, including obtaining approval from the shareholders of the Company for the delisting. The shareholders’ approval was obtained at the Company’s general meeting held on 13 January 2025. The Company will proceed with the voluntary delisting from ASX. For further details, please refer to the announcements dated 20 December 2024 and 13 January 2025.

Financial Performance

The Group’s financial performance this quarter reflects both the headwinds from the strategic pivot and the escalating need for cash management as we aim to reach profitability in preventive care.

Cash Receipts: Cash receipts from customers for the quarter totalled S\$0.5 million, marking a slight improvement from the previous quarter. The revenue recognized this quarter is mainly attributed to sales generated by our preventive care division. While our preventive care division shows potential, its financial contribution is still limited at this stage.

Cash Receipts from Customers

Cash Flows: Cash outflows from operating activities amounted to S\$0.2 million in the current quarter, reflecting our ongoing investments in Prevention Care initiatives and other operational expenses.

Cash and Liquid Investments: As of 31 December 2024, liquid assets, comprising cash, cash equivalents, and investments in listed securities, amounted to S\$1.7 million. This represents a further decline of 46.8% from S\$3.2 million at the end of the previous quarter. The significant reduction in cash and liquid investments is primarily attributed to the repayment of non-trade debts totalling S\$1.1 million.

Cash & Liquid Investment Balance

Related Party Payments

During the quarter, payments to related parties and their associates outlined in the Company's Appendix 4C relate to the existing remuneration agreements and service agreements between the Company and its related parties.

Shareholders should be mindful of the potential risks associated with the Group's current trajectory. With financial reserves under pressure and the sustainability of the new preventive care business uncertain, shareholders are advised to carefully consider these developments and seek guidance from their financial advisor or accountant before making any investment decisions.
