EXPLANATORY STATEMENT

The purpose of this Explanatory Statement is to provide Shareholders with all information known to the Company which is material to a decision on how to vote on each Resolution.

This Explanatory Statement should be read in conjunction with the Notice of Meeting.

1. TO RECEIVE THE FINANCIAL REPORT, DIRECTORS' REPORT AND AUDITOR'S REPORT

In accordance with the Corporations Act, the business of the Meeting will include receipt and consideration of the annual financial report of the Company for the financial year ended 30 June 2024 together with the declaration of the Directors, the Directors' report and the auditor's report.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on its website at www.thetagoldmines.com.

2. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the 2024 annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

At the Company's previous Annual General Meeting the votes cast against the Remuneration Report for the year ended 30 June 2023 were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

3. RESOLUTION 2 – RE-ELECTION OF MR BYRON DUMPLETON

Resolution 2 seeks approval for the re-election of Mr Dumbleton who is retiring as a Director by rotation pursuant to clause 10.2 Of the Constitution, which states that at least one third of the Directors must retire from office at each Annual General Meeting. Mr Dumbleton is eligible for re-election under clause 10.2 and offers himself for re-election as a Director.

Mr Dumbleton has over 30 years mining experience in Australia and Asia and over 7 years as the Chief Geologist for a publicly listed mining Company. His prior career includes several iconic mining houses including, Western Mining Corporation (WMC), Newcrest Mining Limited, Straits Resources and Kalgoorlie Consolidated Gold Mines. In addition, My Dumbleton has a strong technical and operational experience along with corporate experience dealing with diligence process and funding transactions with multiple lending institutions for funding for several projects with Straits Resources and Red 5 Limited.

He is Chairman of the Social and Ethics Committee and a member of the Audit and Risk Committee and Nomination and Remuneration Committee.

The Board considers that Mr Dumbleton's skills and experience will continue to enhance the Board's ability to perform its role. Accordingly, the Board (other than Mr Dumbleton) supports the election of Mr Dumbleton and recommends that Shareholders vote in favour of Resolution 2.

4. RESOLUTION 3 – RE-ELECTION OF MR BILL RICHIE YANG

Resolution 3 seeks approval for the re-election of Mr Bill Richie Yang who is retiring as a Director by rotation pursuant to clause 10.2 of the Constitution, which states that at least one third of the Directors must retire from office at each Annual General Meeting. Mr Bill Richie Yang is eligible for re-election under clause 10.2 and offers himself for re-election as a Director.

Mr Yang is an experienced corporate financier, with more than 18 years in the junior resources sector focused on business development, corporate structure, M&A and capital raisings.

Mr Yang has held numerous executive directorships and management roles in junior mining development companies, including Executive Director of ASX-listed Bligh Resources Limited between 2015 and 2017. He is also Managing Director of Sydney/Hong Kong based Vs Capital Group, a corporate finance advisory firm and Family Office investor.

He is Chairman of the Audit and Risk Committee and a member of the Nomination and Remuneration Committees and the Social and Ethics Committee.

The Board considers that Mr Yang's skills and experience will continue to enhance the Board's ability to perform its role. Accordingly, the Board (other than Mr Yang) supports the re-election of Mr Yang and recommends that Shareholders vote in favour of Resolution 3.

4. RESOLUTIONS 4 TO 6 – RATIFICATION OF PRIOR ISSUE OF OPTIONS TO 2INVEST AG FOR INTEREST DEFERRAL.

4.1 Background

On 30 July 2021, the Company announced that it had obtained a \$6 million bond comprising 15 'bearer partial bonds' with a face value of \$400,000 from 2Invest AG ("Bond").¹ The Bond was secured by:

- (a) a charge over all present and future dividends, distributions, sale proceeds, liquidation proceeds and other payments received by the Company's South African subsidiary, Transvaal Gold Mining Estates Limited in South Africa ("Transvaal"); and
- (a) a grant of an option right to acquire all present and future shares in Transvaal.

Repayment of the principal amount of the Bond was due by 31 January 2023.

On 3 April 2023, the Company announced that as part of ongoing funding arrangements, 2Invest AG had agreed to defer interest payable on the Bond for the 31 January 2023 half-year period owing from 31 January 2023 until such time as the Company has paid the outstanding interest ("Interest Deferral").

In consideration of the Interest Deferral, the Company agreed to:

- (a) issue 1,000,000 Shares and grant 3,000,000 Options with an exercise price of \$0.055 per Option and expiring on 2 October 2023;
- (b) for each previous month that the outstanding interest under the Bond had not been paid, grant 1,000,000 Options with an exercise price of \$0.055 per Option and expiring on 2 October 2023 (being 3,000,000 Options for February, March and April 2023); and
- (c) for each following month that the outstanding interest under the Bond is not paid, grant 1,000,000 Options with an exercise price equal to, the at-market closing price that the Company's Shares traded on ASX on the trading day before the Options were issued with an expiry date that is 180 days after grant of the Options.

Details of these Shares and Options that were issued up to 31 May 2024 are set out in the Notice of Extraordinary Meeting (EGM) subject to Shareholder approval on 28 October 2024 and are not subject to approval in this notice for the 2024 AGM.

As further consideration and subsequent to the EGM on 28 October 2024, the following additional Options that have been issued from 1 June 2024, up to 31 August 2024 for the Interest Deferral, the Company agrees to:

- (d) for each following month that the outstanding interest under the Bond is not paid subsequent from 1 June 2024 to 31 August 2024, grant 1,000,000 Options with an exercise price equal to, the at-market closing price that the Company's Shares traded on ASX on

¹ Refer to TGM ASX Release dated 2 August 2021 titled "Funding Package to Accelerate TGME Project".

the trading day before the Options were issued with an expiry date that is 180 days after grant of the Options.

Details of these Options that have been issued subsequent to 31 May 2024 and up to 31 August 2024 are set out in the table below ("Deferred Interest Options" respectively).

Resolution	Issue Date	Number of Shares / Options	Issue / Exercise Price	Securities
4	3 June 2024	1,000,000	\$0.145	Unlisted Options expiring on 30 November 2024. Key terms are set out in Annexure A.
5	3 July 2024	1,000,000	\$0.15	Unlisted Options expiring on 30 December 2024. Key terms are set out in Annexure B.
6	1 August 2024	1,000,000	\$0.135	Unlisted Options expiring on 28 January 2025. Key terms are set out in Annexure C.

4.2 Listing Rule 7.1 and 7.1A

Broadly speaking, and subject to a number of exceptions set out in Listing Rule 7.2, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that 12 month period.

Under Listing Rule 7.1A, an eligible entity can seek approval from its members, by way of a special resolution passed at its annual general meeting, to increase this 15% limit by an extra 10% to 25%. The Company obtained approval to increase its limit to 25% at the annual general meeting held on 28 November 2023.

The issue of the Deferred Interest Shares and the grant of the Deferred Interest Options does not fit within any of the exceptions set out in Listing Rule 7.2 and, as they have not yet been approved by Shareholders, they effectively use up part of the combined 25% limit in Listing Rule 7.1 and Listing Rule 7.1A, reducing the Company's capacity to issue further equity securities without Shareholder approval under Listing Rule 7.1 for the 12 month period following the relevant date of issue of the Deferred Interest Shares and the grant of the Deferred Interest Options.

4.3 Listing Rule 7.4

Listing Rule 7.4 allows the shareholders of a listed company to approve an issue of equity securities after it has been made or agreed to be made. If they do, the issue is taken to have been approved under Listing Rule 7.1 and so does not reduce the company's capacity to issue further equity securities without shareholder approval under that rule.

The Company wishes to retain as much flexibility as possible to issue additional equity securities in the future without having to obtain Shareholder approval for such issues under Listing Rule 7.1. Accordingly, Resolutions 4 to 6 seek Shareholder ratification pursuant to Listing Rule 7.4 for the issue of the grant of the Deferred Interest Options.

4.4 Technical information required by Listing Rule 14.1A

If Resolutions 4 to 6 are passed, the Deferred Interest Options will be excluded in calculating the Company's combined 25% limit in Listing Rules 7.1 and 7.1A, effectively increasing the number of equity securities the Company can issue without Shareholder approval over the 12 month period following the relevant date of issue of the Deferred Interest Shares and the grant of the Deferred Interest Options.

If Resolutions 4 to 6 are not passed, the Deferred Interest Options will be included in calculating the Company's combined 25% limit in Listing Rules 7.1 and 7.1A, effectively decreasing the number of equity securities that the Company can issue without Shareholder approval over the 12 month period following the relevant date of issue of the grant of the Deferred Interest Options.

5. RESOLUTIONS 7 AND 8 – RATIFICATION OF PRIVATE PLACEMENT SHARES AND ATTACHING OPTIONS.

5.1 Background

On 16 September 2024³, the Company announced it had received a firm commitment for an additional US\$2 million (AU\$2.93 million) from a sophisticated and professional investor on the same terms offered in a two-tranche Placement announced on 11 June 2024.

Furthermore, on the 3 October 2024⁴ the Company announced the completion of the oversubscribed Private Placement of US\$2 million (before costs) and that all proceeds in the Placement had been received.

The Company has issued 22,475,137 new TGM fully paid Ordinary Shares at the issue price of \$0.13⁵ (13 cents per share) along with 11,237,568 unlisted attaching options on 2 October 2024 to a sophisticated and professional investor on the same terms as those applied in the two-tranche Placement announced on 11 June 2024.

Each Attaching Option will have an exercise price equal to the greater of 92% of the 15-day VWAP immediately prior to the exercise date or A\$0.13 (13 cents), and an expiry date 2 years from the date of grant. Attaching Options issued under the Placement will not be quoted.

Both new Shares and Options have been issued without shareholder approval utilising the Company's existing placement capacity pursuant to Listing Rule 7.1.

This placement was arranged by Golden Asian Investment Group Limited out of Hong Kong who acted as Lead Manager.

5.2 Use of Funds

The Company intends to use the funds raised from the Placement as follows:

- Towards the completion of funding packages for TGME Gold Plant construction;
- EPC contracts including legal costs and compliance to CAPEX;
- Development works for plant and TSF, and water management for TGME gold project;
- Strengthen the Company's Balance Sheet and provide momentum to progress advancement of project activities;
- Bond and loan interest repayments; and
- General working capital.

³ See announcement on 6 May 2024, "Theta Gold Mines Inks US\$10 million Equity Funding Placement".

⁴ See announcement on 3 October 2024, "Successful Completion of US\$2 million Private Placement".

⁵ The issue price per share of \$0.13 is a 10% discount to the 15-day VWAP of \$0.1435.

5.3 Listing Rule 7.1 and 7.1A

Broadly speaking, and subject to a number of exceptions set out in Listing Rule 7.2, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12-month period to 15% of the fully paid ordinary securities it had on issue at the start of that 12-month period.

Under Listing Rule 7.1A, an eligible entity can seek approval from its members, by way of a special resolution passed at its annual general meeting, to increase this 15% limit by an extra 10% to 25%. The Company obtained approval to increase its limit to 25% at the annual general meeting held on 28 November 2023.

The issue of the Private Placement Options under the Placement does not fit within any of the exceptions set out in Listing Rule 7.2 and, as it has not yet been approved by Shareholders, it will effectively use up part of the combined 25% limit in Listing Rules 7.1 and 7.1A, reducing the Company's capacity to issue further equity securities without Shareholder approval under Listing Rule 7.1 for the 12 month period following the date of issue of the Private Placement Shares and the grant of the attaching Options.

5.4 Listing Rule 7.4

Listing Rule 7.4 allows the shareholders of a listed company to approve an issue of equity securities after it has been made or agreed to be made. If they do, the issue is taken to have been approved under Listing Rule 7.1 and so does not reduce the company's capacity to issue further equity securities without shareholder approval under that rule.

The Company wishes to retain as much flexibility as possible to issue additional equity securities in the future without having to obtain Shareholder approval for such issues under Listing Rule 7.1. Accordingly, Resolution 7 and Resolution 8 is seeking Shareholder ratification pursuant to Listing Rule 7.4 for the issue of the Private Placement Shares and the grant of the attaching Options.

5.5 Technical information required by Listing Rule 14.1A

If Resolution 7 and Resolution 8 are passed, the Private Placement Shares and attaching Options will be excluded in calculating the Company's combined 25% limit in Listing Rules 7.1 and 7.1A, effectively increasing the number of equity securities the Company can issue without Shareholder approval over the 12-month period following the date of issue of the Private Placement Shares and the grant of the attaching Options.

If Resolution 7 and Resolution 8 are not passed, the Private Placement Shares and attaching Options will be included in calculating the Company's combined 25% limit in Listing Rules 7.1 and 7.1A, effectively decreasing the number of equity securities that the Company can issue without Shareholder approval over the 12-month period following the date of issue of the Private Placement Shares and the grant of the attaching Options.

5.8 Directors' Recommendation

The Directors unanimously recommend that Shareholders vote in favour of Resolution 7 and Resolution 8.

6. RESOLUTION 6 – APPROVAL OF ADDITIONAL PLACEMENT CAPACITY

6.1 General

Broadly speaking, and subject to a number of exceptions, ASX Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

ASX Listing Rule 7.1A enables certain 'eligible entities' to issue equity securities of up to 10% of their issued share capital through placements over a 12 month period commencing after the Annual General Meeting ("Additional Placement Capacity"). ASX Listing Rules require that Shareholders approve the Additional Placement Capacity by special resolution at an Annual General Meeting before any equity securities are issued under the Additional Placement Capacity.

For the purposes of ASX Listing Rule 7.1A an 'eligible entity' is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an 'eligible entity'. The Additional Placement Capacity is in addition to the Company's 15% placement capacity under ASX Listing Rule 7.1 and, as such, if the Additional Placement Capacity is approved, the Directors will be allowed to issue equity securities of up to 25% of the Company's issued share capital without prior approval from shareholders.

The Company seeks Shareholder approval by way of a special resolution to have the ability to issue equity securities under the Additional Placement Capacity should the need arise.

If Resolution 9 is passed, the Company will be able to issue equity securities up to the combined 25% limit in the ASX Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If Resolution 6 is not passed, the Company will not be able to access the additional 10% capacity to issue equity securities without Shareholder approval under ASX Listing Rule 7.1A, and will remain subject to the 15% limit on issuing equity securities without Shareholder approval set out in ASX Listing Rule 7.1.

Importantly:

- (a) Pursuant to ASX Listing Rule 7.1A.3 the issue price for each security issued under the Additional Placement Capacity will not be less than 75% of the volume weighted average price

for securities in that class over the 15 trading days on which trades in that class were recorded immediately before:

- (i) The date on which the price at which the securities are to be issued is agreed; or
 - (ii) If the securities are not issued within 10 trading days of the date above, the date on which the securities are issued.
- (b) The issue of equity securities under the Additional Placement Capacity may result in voting dilution of existing ordinary shareholders (as shown in the table below). There is also the risk that:
 - (i) The market price for equity securities in that class may be significantly lower on the issue date than on the date of the Annual General Meeting; and
 - (ii) The equity securities may be issued at a price that is at a discount to the market price for those equity securities on the issue date.
- (c) Equity securities under the Additional Placement Capacity may be issued until the earlier of:
 - (i) The date that is 12 months after the date of the Annual General Meeting at which the approval is obtained;
 - (ii) The time and date of the Company's next Annual General Meeting; or
 - (iii) The date of approval by ordinary shareholders of a significant change to the Company's activities under ASX Listing Rule 11.1.2 or the date of approval by ordinary shareholders of a disposal of a major asset under ASX Listing Rule 11.2.

To be clear, any approval of the Additional Placement Capacity at this Annual General Meeting will cease to be valid in the event that ordinary shareholders approve a transaction under ASX Listing Rule 11.1.2 or 11.2.

- (d) The Company may issue equity securities under the Additional Placement Capacity for the purpose of raising funds for the exploration and development of the Company's existing assets, the acquisition of new assets or investments (including assets associated with such acquisition), to repay debt or to fund working capital.

The Company will comply with the disclosure obligations under Listing Rules 7.1A(4) and 3.10.5A upon issue of any equity securities.

- (e) The Company's allocation policy for issues under the Additional Placement Capacity is dependent on prevailing market conditions at the time of any proposed issue. The identity of the allottees of the equity securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:
 - (i) The purpose of the issue;
 - (ii) The methods of raising funds that are available to the Company, including rights issues or other issues in which existing Shareholders may participate;
 - (iii) The effect of the issue of the equity securities on the control of the Company;
 - (iv) The financial situation and solvency of the Company;
 - (v) Prevailing market conditions; and
 - (vi) Advice from the Company's advisors.

The allottees under the Additional Placement Capacity have not yet been determined but if such an exercise was undertaken, allottees may include existing substantial Shareholders or new Shareholders who are not related parties or associates of a related party of the Company.

Further, if the Company is successful in acquiring new resources, assets or investments, it is likely that the allottees under the Additional Placement Capacity will be vendors of the new resources, assets or investments.

- (a) A voting exclusion statement has not been included in this Notice as the Company is not proposing to make an issue of equity securities under ASX Listing Rule 7.1A.
- (b) When the Company issues equity securities pursuant to the Additional Placement Capacity, it will give to ASX:
 - (i) A list of the allottees of the equity securities and the number of equity securities allotted to each (not for release to the market), in accordance with Listing Rule 7.1A.4; and
 - (ii) The information required by Listing Rule 3.10.5A for release to the market.

6.2 Previous approval under ASX Listing Rule 7.1A

The Company previously obtained approval from its Shareholders pursuant to ASX Listing Rule 7.1A at its Annual General Meeting held on 28 November 2023 (**Previous Approval**).

During the 12 month period preceding the date of the Meeting, being on and from 28 November 2023, the Company has issued nil equity securities pursuant to the Previous Approval.

6.3 Potential Dilution

The below table shows the dilution of existing Shareholders on the basis of the current market price of Shares and the current number of ordinary securities for variable "A" calculated in accordance with the formula in Listing Rule 7.1A(2) as at the date of this Notice.

The table also shows:

- (a) Two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- (b) Two examples of where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the current market price.

Variable 'A' in Listing Rule 7.1A.2		Dilution		
		\$0.085 50% decrease in Issue Price	\$0.17 Issue Price	\$0.34 100% increase in Issue Price
803,152,513	10% Voting Dilution	80,315,251 Shares	80,315,251 Shares	80,315,251 Shares
Current Variable A	Funds raised	\$6,826,796	\$13,653,593	\$27,307,185
1,204,728,770	10% Voting Dilution	120,472,877 Shares	120,472,877 Shares	120,472,877 Shares
50% increase in current Variable A	Funds raised	\$10,240,195	\$20,480,389	\$40,960,778
1,606,305,026	10% Voting Dilution	160,630,503 shares	160,630,503 shares	160,630,503 shares
100% increase in current Variable A	Funds raised	\$13,653,593	\$27,307,185	\$54,614,371

The above table has been prepared based on the following assumptions:

1. There are currently 803,152,513 Shares on issue.
2. The Issue Price of \$0.17 per share is based on the closing market price of Shares on ASX at 9 October 2024.
3. The Company issues the maximum number of equity securities available under the Additional Placement Capacity.
4. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue.
5. The table shows only the issue of equity securities under the Additional Placement Capacity and not under Listing Rule 7.1.
6. The Company has not issued any equity securities in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.1 or with approval under ASX Listing Rule 7.1.
7. The issue of the equity securities under the Additional Placement Capacity consists only of Shares. It is assumed that no Options are exercised into Shares before the date of issue of the equity securities.
8. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
9. This table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the Additional Placement Capacity, based on that Shareholder's holding at the date of the Meeting.

Shareholders should note that there is a risk that:

1. the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and
2. the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

6.4 Directors' Recommendation
