ASX Appendix 4C - Quarterly Cash Flow Report

For the quarter ended 31 December 2015

Sydney – 29 January 2016 – Covata Limited (ASX: CVT) attaches the Company's Appendix 4C Quarterly Cash Flow Report for the period ended 31 December 2015.

Covata held \$10.1 million in cash and receivables at 31 December 2015, consisting of \$8.5 million in cash, compared to \$6.0 million at 30 September 2015, and \$1.6 million in AusIndustry/ATO R&D tax incentive relating to the period ending 30 June 2015*. The Group anticipates the receipt of the R&D tax incentive in early February 2016. Previous expectations were that this would be received by 31 December 2015 but slower than expected ATO processing of the Groups 30 June 2015 Income Tax Return has delayed this.

Net operating cash flow for the quarter was (\$4.2 million) compared to (\$2.9 million) for the quarter ended 30 September 2015. This increase is in line with management expectations and was driven by increased global sales efforts, in particular direct sales efforts in the UK and Germany, and non-recurring \$500k research and development expenditure related to Safe Share version 3.0 and the Covata Platform. We invested heavily in research and development during the quarter is aligned with a number of high value sales opportunities currently in the pipeline. Safe Share version 3.0 offers significant new upgrades, including a new look and feel and functionalities that enhance data security and ease-of-use for customers and partners. The new version has been optimized to further enable Telco Partners with secure, easy-to-use file sharing and storage solution for their enterprise and public sector customers.

During the quarter the Group received an investment, net of broker's fees, of \$6.5 million from Fidelity International and received \$300k from the exercise of share options and repayment of loans relating to employee loan shares.
