

**ASX Announcement**

Seymour Whyte Limited  
ACN 105 493 203

8 July 2015

**SWL AWARDED \$33 MILLION PACIFIC MOTORWAY UPGRADE**

Diversified contractor, Seymour Whyte Limited (ASX: SWL) is pleased to announce it has been awarded the \$33 million contract by Queensland Department of Transport and Main Roads to upgrade the Pacific Motorway, Exit 54 Interchange at Coomera.

Seymour Whyte Chairman Mac Drysdale said that the company has been road building in Queensland for nearly 30 years.

"We have a solid relationship with the Department of Transport and Main Roads and we win repeat business by consistently delivering projects successfully, safely and on time."

"This contract award increases the company's forward order book to \$335 million.

"Project commencement timing aligns perfectly with the availability of resources finishing from other road projects across the State, such as the Smith Street Olsen Avenue Interchange Upgrade, which was delivered four months ahead of schedule," Mr Drysdale said.

The company reports good progress on strategy implementation through geographic expansion, with approximately 10 transport infrastructure tenders currently active in Victoria, New South Wales and Queensland, and 16 utilities tenders active nationally.

"I reaffirm that the health and strength of the business is good, with a very strong cash position," he said.

The project will commence immediately and be complete by late 2016.

Ends
