

# Investor Briefing Webinar – Sixth Asset Level Agreement

**Melbourne, Australia – April 15<sup>th</sup>, 2025**

Kincora Copper Limited (ASX & TSXV: **KCC**, **Kincora** or the **Company**) is pleased to advise shareholders and investors that it will host an briefing webinar following a major amendment to the Earn-in and Joint Venture Agreement with a wholly owned subsidiary of AngloGold Ashanti plc (“AngloGold Ashanti”) for a further and second joint venture in the Northern Junee-Narromine Belt of the Macquarie Arc supporting total expenditures of up to \$100 million.

The expanded partnership represents a significant milestone in Kincora’s exploration and asset level partner strategy.

Kincora’s President & CEO, Sam Spring, will lead the briefing with a short presentation followed by an interactive Q&A session.

Shareholders and interested investors are invited to attend the webinar and participate in the discussion.

Registration is required – please see the details below. A replay will be made available for those registered and at: <https://kincoracopper.com/interviews/>

## About Kincora Copper Limited

Kincora Copper is dual listed on the ASX and TSX-V (ticker “KCC”) and is an active explorer and project generator focused on new globally significant copper-gold discovery opportunities.

The Company’s portfolio includes district scale landholdings and scalable drill ready targets in both Australia and Mongolia’s leading porphyry belts, the Macquarie Arc and Southern Gobi, respectively, and the historical Condobolin mining field in the southern section of the Cobar superbasin NSW.

Kincora has adopted an asset level partner model for its large-scale exploration stage porphyry projects and to date has unlocked over A\$110 million of potential partner funding for eight earlier stage and/or non-core projects.

Discussions are ongoing for further agreements for the Company’s remaining four, and generally significantly more advanced and/or proximal to existing world-class mines, porphyry projects in NSW, including Fairholme, Jemalong, Trundle and Nyngan West.

Kincora’s ambition is to be the operator for exploration budgets of over A\$10 million per annum for the porphyry portfolio providing sufficient project management fees for the Company to be self funding (covering G&A costs) and have partnerships with a diversified portfolio of industry leading producers/explorers.
