EXTENSION OF AUTOMATIC REMOVAL OF LONG TERM SUSPENDED ENTITIES

Advanced Engine Components Limited (ASX: ACE) is pleased to announce that ASX has granted the Company an extension from the 1 January 2016 deadline for automatic removal of long-term suspended entities under ASX's Guidance Note 33 Removal of Entities from the ASX Official List to 23 February 2016.

In accordance with section 3.4 of Guidance Note 33, the ASX agreed to a short extension to the 1 January 2016 deadline because the Company satisfied ASX that it is in the final stages of implementing the acquisition of Investia Technologies Pty Ltd that will lead to the resumption of trading in its shares on ASX.

The Investia acquisition was first announced on 5 October 2015 and received Shareholder approval at a general meeting held on 24 December 2015. A prospectus was lodged on 23 November 2015 to allow ACE to raise the funds necessary for re-compliance with Chapters 1 and 2 of the ASX Listing Rules. This prospectus has closed, with an indicative timetable showing the re-listing of ACE on the ASX in mid-January 2016.

The ASX has advised the Company that if it is not reinstated by the commencement of trading on 23 February it will be removed from the Official List of the ASX on that date.
