8.8.1	Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?	
	<p>Answer: The Company's exploration-based expenditures are variable by nature and can also be adjusted to suit the Company's treasury as required from time to time. The Company deliberately has flexibility built into its forward work programs, and spending commitments will not be made without certainty of the Company's ability to meet those commitments when they fall due.</p>	
8.8.2	Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?	
	<p>Answer: The Company holds a substantial shareholding position in Lakes Blue Energy, and is aware of Lakes' efforts to raise fresh capital and have its shares requoted on the ASX. NewPeak will consider the potential sale of some of its Lakes shares in due course.</p> <p>During the quarter, and in conjunction with its secondary listing, NewPeak engaged MMG Capital for its European capital raising advisory services in connection with introducing potential investors for the purpose of raising equity finance for consideration in cash or shares, deferred payment, or through a joint venture structure, to progress its exploration projects in Argentina, New Zealand, Finland and Sweden.</p> <p>Further, based on its track record, and that of its Directors, the Company is confident that its future capital raising initiatives will continue to be successful.</p>	
8.8.3	Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?	
	<p>Answer: Yes, the Directors remain confident in the prospectivity of the Company's projects, the inherent value of its equity stake in Lakes Blue Energy, and in the Company's ability to continue to raise capital as required to fund the business.</p>	
<p><i>Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.</i></p>
