Sydney, Australia: Aguia Resources Limited (ASX:AGR) ('Aguia' or the 'Company') advises that it has received firm commitments from a select network of high net-worth investors and family offices to raise \$1.520m through the issue of 40 million new fully paid ordinary shares in the Company at \$0.038 per share via a Share Placement ('Placement').

Funds raised will be for the expansion of Santa Barbara gold processing plant, commencement of drilling at Santa Barbara leading to JORC resources and general administration and working capital.

Details of the Placement

The Placement price of \$0.038 represents a 5% discount to the Closing Price on 4 March 2025, being the last trading day prior to the announcement of this Placement.

Aguia has received firm commitments from a select network of high net-worth investors and family offices to raise \$1.520 million before costs, via the issue of 40 million new fully paid ordinary shares. The Placement was managed by Far East Capital Limited.

The 40 million shares will be issued under ASX Listing Rule 7.1. This includes 1 million shares that will be issued, following receipt of shareholder approval as required under listing rule 10.11

Executive Chairman, Warwick Grigor, commented: *"The Santa Barbara processing facility is continuing to ramp up towards the 50 tpd rate at a satisfactory pace but the real speculative appeal lies with the potential to prove a series of sizeable, high-grade gold orebodies. In the first instance a program of strategically placed drill holes above and below the existing workings will provide valuable insight into the potential upside, whilst also providing important information for mining planning and expansion. In the context of the Lassonde Curve, the Company is about to embark upon the securing news flow that could lead to a rapid appreciation of shareholder value. This placement enables an earlier start to drilling that will address the potential."*

AUTHORISED FOR ISSUE TO THE ASX BY THE BOARD OF AGUIA RESOURCES LIMITED
