¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.

- the Board should comprise at least three directors, a majority of whom should be non-executive directors;
- the Board should comprise directors with an appropriate range of qualifications and expertise; and
- the Board shall meet at regular intervals and follow meeting guidelines set down to ensure all directors have all necessary information to participate in an informed discussion of all agenda items.

The membership of the Board, its activities and composition are subject to periodic review.

The Board considers that the current directors provide the necessary diversity of skills, experience and independence appropriate for the Company's current projects and business. However, a formal Board skills matrix setting out the mix of skills and diversity that the Board currently has or is looking to achieve in its membership has not been established, and therefore the Company does not comply with **Recommendation 2.2**. A Board skills matrix setting out the mix of skills and diversity that the Board aims to achieve will be progressively introduced as the size and level of activities of the Company expands in the future.

The Company does not comply with **Recommendation 2.4**, which requires that a majority of the Directors are independent. Messrs Thomas Borman, Godfrey Gomwe and Alexander Haller, are considered to be independent Directors. Mr Denis Waddell, non-executive Chairman, is not considered to be independent as he provides consulting services to the Company totalling approximately 10 days per month. Mr Mark Palmer, non-executive director, is not considered to be independent as he is associated with Tembo Capital, a substantial shareholder (22.80% shareholding) of the Company. Mr Errol Smart is the Managing Director and CEO of the Company.

The Company does not comply with **Recommendation 2.5**, as the non-executive Chairman, Mr Waddell, is not independent.

The length of service of each director is disclosed in the 2022 Directors' Report.

The criteria for determining the identification and appointment of a suitable candidate for the Board includes qualifications, experience and achievement, credibility within the Company's scope of activities, intellectual ability to contribute to the Board's duties and ability to undertake Board duties and responsibilities.

Managing Director and Chief Executive Officer (CEO)

Mr Errol Smart, CEO, is responsible for communication with senior management, the day-to-day administration and management of the Company and for keeping the Board properly informed. The Board reviews and provides feedback on the CEO's performance and is responsible for the appointment and removal of the CEO.

2. BOARD RESPONSIBILITIES

The Board is responsible for:

- (a) driving the success of Orion in a way that ensures the interests of shareholders and key stakeholders are properly recognised and protected;
 - (b) setting the strategic direction of Orion and monitoring the performance of the CEO and those senior executives who report to the CEO;
 - (c) ensuring there are adequate resources available to meet the Company's business plans and strategic objectives;
 - (d) appointing and where appropriate removing the CEO and overseeing succession plans for the senior executives who report to the CEO;
 - (e) ratifying the appointment and where appropriate, the removal of the Chief Financial Officer (**CFO**) or equivalent and the Company Secretary;
-

- (f) approving conditions of service and performance monitoring procedures to apply to all executive directors and those senior executives who report to the CEO;
- (g) approving policies of a Company-wide nature;
- (h) approving and monitoring Orion's financial reporting, major capital expenditure and capital management, including verifying the integrity of any periodic corporate report Orion releases to the market that is not audited or reviewed by an external auditor;
- (i) approving and monitoring the progress of Orion's business plans and strategic objectives;
- (j) ensuring that adequate audit, risk management and compliance systems and procedures exist, and are being effectively utilised;
- (k) ensuring that Orion has appropriate corporate governance structures in place, including an ethical code of conduct; and
- (l) ensuring that the Board has the appropriate blend of experience, skills and attributes to meet the changing needs of Orion.

The Board has delegated responsibility for the day-to-day operations and administration of Orion to the CEO.

Directors have the right, in connection with their duties and responsibilities as Directors, to seek independent professional advice at the Company's expense. The Company will only meet that expense if Directors obtain the advice after obtaining the Chairman's prior written approval, which will not unreasonably be withheld.

3. COMMITTEES

An Audit Committee has been established by the Board. Its primary function is to assist the Board in fulfilling its responsibilities by reviewing the:

- quality and integrity of financial reporting;
- systems of internal control that management and the Board have established to safeguard the Company's financial and physical assets and facilitate compliance with relevant statutory and regulatory requirements;
- processes for business risk identification, quantification and mitigation;
- effectiveness and independence of the external audit process; and
- quality and relevance of financial and non-financial information provided to management and the Board on which decisions will be based.

The Audit Committee comprises Mr Gomwe (Chairman), Mr Waddell, Mr Haller and Mr Smart. Each member has the relevant financial and industry experience required to perform Audit Committee functions. Details of their qualifications and experience, and the Audit Committee meeting and attendance details for the reporting period, are set out in the 2022 Directors' Report. The Audit Committee Charter is available on the website.

Although the Audit Committee consists of four members, the Company does not comply with **Recommendation 4.1**, as the majority of the members are not considered to be independent. Mr Waddell is the Chairman of the Board and is not independent; Mr Smart is the CEO and is not independent. Non-executive directors Messrs Gomwe and Haller are both independent. Nevertheless, the Board considers that the current structure is appropriate given the size of the Company and the necessary skills and experience each member brings to the Audit Committee.

The Company does not comply with **Recommendation 2.1**, as there is no separate nomination committee. The Board considers that the current size and level of activities of the Company do not justify having a nomination committee. The whole Board conducts the functions of the nomination committee and is guided by the charter posted on the website.

The Company does not comply with **Recommendation 7.1**, as there is no separate risk committee. However, one of the roles of the Audit Committee is to review the processes for business risk identification, quantification and mitigation. The role of the Technical Committee is to review technical information received by the Board and released to ASX, guided by the charter posted on the website. In addition, the Company has a *Risk Management and Internal Control Policy*, which is available on the Company's website. Management reports regularly to the Board on its management of material business risks.

A formal review of the Company's risk management framework was not conducted during the reporting period and therefore the Company did not comply with **Recommendation 7.2**. However, the Board continues to assess the framework on an informal basis at least twice per annum when lodging its financial reports. The Board receives assurance from the CEO and CFO (or equivalent) that the declaration for the financial report, provided in accordance with section 295A of the Corporations Act, is founded on a sound system of risk management and internal control and that the system is operating effectively.

The Company does not comply with **Recommendation 8.1**, as there is currently no separate remuneration committee. The Board considers that the current size of the Company and its level of activities are not of a sufficient magnitude to justify having a remuneration committee. The whole Board conducts the functions of the remuneration committee and is guided by the charter posted on the website.

4. MONITORING OF PERFORMANCE

The Board will, from time to time, evaluate its performance (including that of individual Board members) and Board committees to determine whether they are functioning effectively by reference to their charters and current best practice. Performance evaluations were conducted during the reporting period as part of the review of director remuneration and engagement terms for the executive directors.

The Company has adopted a formal process for periodically evaluating the performance of its senior executives other than Board members. Formal performance evaluations were undertaken during the reporting period. At its present stage of development, the Company has minimal executive personnel.

5. REMUNERATION

It is the Company's objective to provide maximum stakeholder benefit from the retention of a high-quality Board and executive team by remunerating directors and key executives fairly and appropriately with reference to relevant employment market conditions. The expected outcomes of the remuneration structure are:

- Retention and motivation of key executives;
- Attraction of quality management to the Company; and
- Performance incentives that allow executives to share the rewards of the success of Orion.

Details of the Company's policies and practices regarding the remuneration of non-executive directors and the remuneration of executive directors and other senior executives are disclosed in the 2022 Remuneration Report.

In relation to the payment of bonuses, options and other incentive payments, discretion is exercised by the Board, having regard to the overall performance of Orion and the performance of the individual during the period.

There is no scheme to provide retirement benefits, other than statutory superannuation, where applicable, to directors.

6. ADDITIONAL INFORMATION

- The Company did not comply with **Recommendation 1.5**, as no diversity policy was in place during the reporting period. The policy, once established, will aid in guiding the Board in setting measurable objectives for achieving gender diversity.
- The Board has adopted a **Statement of Values**, a **Code of Conduct** and policies on Community, OH&S, and the Environment. These are available on the website.
- The Company has written disclosure policies and procedures that focus on continuous disclosure of any information concerning the Company and its controlled entities that a reasonable person would expect to have a material effect on the price of the Company's securities. The Company's **Continuous Disclosure Policy** is posted on the website. All information disclosed to ASX is immediately posted on the website and emailed to those parties who have supplied their email addresses. Before analysts are briefed on aspects of the Company's operations, the presentation is released to ASX and posted on the website.
- The Company's **Shareholder Communication Policy** is posted on the website. The Company's website provides information on the Company including its background, objectives, projects and contact details. The Corporate Governance page provides access to the Constitution, key policies, procedures and charters of the Company, such as the Board and Committee charters, Securities Trading Policy and the latest Corporate Governance Statement. ASX announcements, Company reports and presentations are uploaded to the website following release to the ASX. The Company has a proactive approach to communicating the Company's business to shareholders and the wider investment community, including by electronic means, and encourages ongoing Shareholder feedback and participation at general meetings. The Board encourages the attendance of each meeting to facilitate attendance by shareholders. All substantive resolutions at general meetings are decided by a poll rather than by a show of hands.
- The Company does not presently have an **internal audit function**. However, the Board and management continually monitor and endeavour to improve the effectiveness of the Company's risk management and internal control procedures. The Audit Committee and its interaction with the Company's external auditor also provide additional oversight of this important area.
- The Board does not consider the Company has any material exposure to economic, environmental or social sustainability risks at the present time.

- The Company has an equity-based remuneration scheme for executives (the Orion Minerals Option and Performance Rights Plan (**Plan**)). In accordance with the provisions of the Plan, executives may be granted options or performance rights to purchase ordinary shares. The Plan's rules provide the Board with discretion as to any restrictions that may apply. The Board has a policy that does not permit Plan participants to enter into transactions which limit the economic risk of participating in the Plan.
