

Bulletproof to open data room

Bulletproof Group Limited (ASX:BPF) (**Bulletproof** or the **Company**) announces its intention to open a data room to facilitate due diligence reviews by parties considering making alternative offers.

The Bulletproof Independent Board Committee has agreed to make a data room available to a number of parties who have expressed interest in making alternative offers for the Company.

The Independent Board Committee is committed to acting in the best interests of all shareholders and to maximising shareholder value, and will make further announcements with respect to any alternative offers as appropriate.

Shareholders are advised that there is **no need to take any action** in relation to the Macquarie Telecom Offer at this time. There will be ample time after the release of the Target's Statement for shareholders to determine a course of action.

About Bulletproof

Founded in 2000, Bulletproof is Australia's leading cloud services company, supporting business, enterprise and government customers across the globe. Bulletproof has consistently been first to market with public and private cloud based services and innovations. With over a decade of experience in cloud, Bulletproof continues to drive industry innovation. Since being the first provider in Australia to launch a VMware public cloud service in 2006 and the first in 2012 to provide Managed AWS services, in 2013 Bulletproof was given the status of the first AWS Premier Consulting Partner in Australia and New Zealand.

In 2014, Bulletproof became Australia's first publicly listed pure play cloud services company, with offices in Sydney, Melbourne, Auckland and Wellington. Bulletproof Group Limited shares are listed on the Australian Securities Exchange (ASX) and are traded under the code BPF.

With the launch in 2016 of Bulletproof Support[™] for Microsoft Azure, Bulletproof is now the leading end-to-end multi-cloud services company, guiding customers on their journey to the cloud through consulting, implementation and support services.
