REVERSE TAKEOVER

On 25 February 2016, the Company announced that it had entered into a binding Heads of Agreement to acquire all the shares in OSC Group Pte Ltd ('OSCG'), a private Singaporean property development company ('Acquisition'). OSCG is in the business of property development, provision of building and property management services and consultancy services in relation to property development and related property activities.

OSCG, through its Thai subsidiaries, has secured a 70% financial interest in a commercial and residential property development project in the city of Sriracha on the eastern seaboard of Thailand known as the 'Waterside Pavilion Sriracha' ('Project').

The consideration for the Acquisition is 320,000,000 new fully paid shares in the capital of the Company which shall be allotted at its completion.

In order to satisfy the shareholders' spread requirements under the ASX Listing Rules, the Company shall raise additional capital to the extent of approximately \$800,000 under a prospectus to be lodged with the Australian Securities and Investment Commission.

Subject to the completion of the Acquisition, the Company will issue to the existing shareholders of the Company, at no issue price, new bonus options to subscribe for new shares in the Company on the basis of two options for every five shares held in the Company. Each option is exercisable at five cents and will have an exercisable period of five years from the date of issue. The Company will seek to have these options quoted on the ASX.

Congruent with the Acquisition and given its proposed change of business and activities into property development, the Company intends to divest its existing mining assets through agents to be appointed for the sale and to seek offers from bidders interested in these assets.

The key terms of the Acquisition are enumerated in the announcement of 25 February 2016 and include, inter alia, that the Company and its representative being satisfied with the results of their due diligence enquiries and investigations.

The process of due diligence and investigations are ongoing and the Company will provide further updates to the shareholders at the appropriate time.

The information in this report that relates to Exploration Results, Mineral Resources or Ore Reserves is based geological information compiled by Mr Peter de Vries, a consulting geologist, on behalf of SML Corporation Ltd. Mr de Vries is a member of the Australasian Institute of Mining and Metallurgy and the Australian Institute of Geoscientists and is a Competent Person as defined by the 2012 JORC Code, having more than five years experience which is relevant to the style of mineralisation and type of deposit described in this report, and to the activity for which he is accepting responsibility. Mr de Vries consents to the publishing of the information in this report in the form and context in which it appears.

FINANCIAL POSITION

As at 31 March 2016, the Group has \$4,551,000 in available cash reserves.

The Company intends to manage its cash reserves in a manner that aims to maximise shareholder value from exploration activities that it undertakes during the 2016 calendar year.

Notes

- 1 The quarterly report provides a basis for informing the market how the entity's activities have been financed for the past quarter and the effect on its cash position. An entity wanting to disclose additional information is encouraged to do so, in a note or notes attached to this report.
- 2 The "Nature of interest" (items 6.1 and 6.2) includes options in respect of interests in mining tenements and petroleum tenements acquired, exercised or lapsed during the reporting period. If the entity is involved in a joint venture agreement and there are conditions precedent which will change its percentage interest in a mining tenement or petroleum tenement, it should disclose the change of percentage interest and conditions precedent in the list required for items 6.1 and 6.2.
- 3 **Issued and quoted securities** The issue price and amount paid up is not required in items 7.1 and 7.3 for fully paid securities.
- 4 The definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report.
- 5 **Accounting Standards** ASX will accept, for example, the use of International Financial Reporting Standards for foreign entities. If the standards used do not address a topic, the Australian standard on that topic (if any) must be complied with.
