### ABOUT ANTEOTECH - (ASX:ADO)

AnteoTech is a supplier of advanced material solutions to the battery materials and life sciences markets. We leverage our market leading binding chemical platform technology to develop and commercialise material solutions for our global customer base. From our patented cross linker and binder product AnteoX™ to our next-generation high silicon anode formulations, Ultranode™, our Battery Materials division is applying its unique engineering expertise to address the growing demand for high performance, low cost, sustainable materials in the global battery market. Our Life Sciences division supplies advanced activation materials through our Anteobind™ suite of products to leading developers of diagnostic tests which enable faster, more reliable and accurate test results wherever needed.
