### About HITIQ

HITIQ has an evidenced-based brain care solution company deploying world-class technologies.

Our solutions include a sensor-enabled mouthguard to an AI-enabled data analytics interface and, best in class return to play/work support software.

Our technology enables data driven decisions for thousands of professional and amateur sports players who experience brain impacts, empowers clinicians who care for their brains and enhance concussion management policies for progressive leagues around the globe.

Our customers include the Australian Football League (AFL), English Premier League (EPL), and the National Rugby League (NRL), along with numerous other teams in a variety of sporting codes. We also service universities and research organisations studying the impacts (both short and long-term) of repeat head impacts.
