

# ASX ANNOUNCEMENT

18 November 2024

## Extension of Closing Date for Pro-Rata Non-Renounceable Rights Issue Offer

**EV Resources Limited (ASX:EVR) (EVR or the Company)** advises that the closing date for the pro-rata non-renounceable rights issue offer of 1 new share (**New Share**) for every 2 Shares held by eligible shareholders at an issue price of 0.3 cents per New Share (**Offer**) has been extended to Thursday, 5 December 2024 to allow extra time for Eligible Shareholders to take up their entitlements.

The Offer includes a shortfall facility under which eligible shareholders that have taken up their full entitlement under the Offer can apply to take up additional New Shares in excess of their pro rata entitlement (**Shortfall Offer**).

The funds raised under the Offer will be used for exploration of the Company's Projects, partial loan repayment, as additional working capital and to meet Offer expenses.

Further details of the Offer, including details on how to accept the Offer and key risks associated with an investment in the Company are set out in the Offer document published on ASX on 29 October 2024.

**Forward Looking Statement**

Forward Looking Statements regarding EVR's plans with respect to its mineral properties and programs are forward-looking statements. There can be no assurance that EVR's plans for development of its mineral properties will proceed as currently expected. There can also be no assurance that EVR will be able to confirm the presence of additional mineral resources, that any mineralisation will prove to be economic or that a mine will successfully be developed on any of EVR's mineral properties. The performance of EVR may be influenced by a number of factors which are outside the control of the Company and its Directors, staff, and contractors. These statements include, but are not limited to statements regarding future production, resources or reserves and exploration results. All of such statements are subject to certain risks and uncertainties, many of which are difficult to predict and generally beyond the control of the company, that could cause actual results to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements.

These risks and uncertainties include, but are not limited to: (i) those relating to the interpretation of drill results, the geology, grade and continuity of mineral deposits and conclusions of economic evaluations, (ii) risks relating to possible variations in reserves, grade, planned mining dilution and ore loss, or recovery rates and changes in project parameters as plans continue to be refined, (iii) the potential for delays in exploration or development activities or the completion of feasibility studies, (iv) risks related to commodity price and foreign exchange rate fluctuations, (v) risks related to failure to obtain adequate financing on a timely basis and on acceptable terms or delays in obtaining governmental approvals or in the completion of development or construction activities, and (vi) other risks and uncertainties related

to the company's prospects, properties and business strategy. Our audience is cautioned not to place undue reliance on these forward-looking statements that speak only as of the date hereof, and we do not undertake any obligation to revise and disseminate forward-looking statements to reflect events or circumstances after the date hereof, or to reflect the occurrence of or non-occurrence of any events.
