Chairman's Letter

Dear Shareholder,

On behalf of the Directors of Nitro Software Limited (**Nitro** or the **Company**), I am pleased to invite you to participate in a 1 for 11.4 accelerated non-renounceable entitlement offer of new fully paid ordinary shares in Nitro (**New Shares**) at an offer price of A\$3.43 (**Offer Price**) per New Share (**Entitlement Offer**).

Nitro has entered into binding agreement to acquire Connective NV (**Connective**) (**Acquisition**).

The proceeds received from the Entitlement Offer and the Institutional Placement conducted in conjunction with the Entitlement Offer will be used to fund the cash consideration payable for the Acquisition, as well as transaction and integration costs and general working capital requirements of the Company.

Acquisition of Connective

Connective is Belgium's leading eSign SaaS business, with fast-growing market share in France and customers in 11 other European countries. Connective's business focuses on serving the needs of enterprise and government customers that require high levels of trust, security and regulatory compliance, while also offering expansive electronic identity (**eID**) support and a powerful document workflow automation solution. The Acquisition is in line with Nitro's product-driven strategy, significantly accelerating and enhancing Nitro's eSign, eID and document workflow capabilities as customers increasingly demand high-trust and automated signing solutions. Following the Acquisition, Nitro will be well positioned as a global player in the fast-growing enterprise eSign market.

For further information about the Acquisition, including its strategic and financial benefits, please refer to Nitro's ASX Announcement and Investor Presentation dated Wednesday, 10 November 2021, which are contained within this Retail Entitlement Offer Booklet (refer to Section 4).

The Acquisition is subject to customary closing conditions and is expected to be completed in December 2021.

Details of the Entitlement Offer

The Entitlement Offer comprises an institutional offer (**Institutional Entitlement Offer**) and a retail offer (**Retail Entitlement Offer**). The Retail Entitlement Offer is expected to raise approximately A\$23 million.

As announced to the ASX on Thursday, 11 November 2021, Nitro successfully completed the institutional component of the Entitlement Offer (**Institutional Entitlement Offer**) and A\$80 million Institutional Placement, which together raised approximately A\$117 million. The New Shares issued under the Institutional Entitlement Offer and the Institutional Placement are expected to commence trading on Friday, 19 November 2021.

Under the Retail Entitlement Offer, Eligible Retail Shareholders with a registered address in Australia or New Zealand are entitled to subscribe for 1 New Share for every 11.4 existing fully paid ordinary shares in Nitro (**Shares**) held at 7.00pm (AEDT) on Friday, 12 November 2021 (**Record Date**), at the Offer Price of A\$3.43 per New Share. This is the same price which was offered to institutional investors who participated in the Institutional Entitlement Offer and the Institutional Placement (and as set out in the Entitlement and Acceptance Form that is enclosed with this Retail Entitlement Offer Booklet).

The Offer Price represents a discount of:

- 9.0% to the theoretical ex-rights price (**TERP**) of A\$3.77¹; and
- 10.7% to the closing price of A\$3.84 on Tuesday, 9 November 2021.

New Shares will be issued on a fully paid basis and will rank equally with existing Shares on issue.

The Retail Entitlement Offer is fully underwritten by Morgan Stanley Australia Securities Limited (ABN 55 078 652 276) (**Morgan Stanley**) and UBS Securities Australia Limited (ACN 008 586 481) (**UBS**) and together with Morgan Stanley, the **Underwriters**.

1 TERP is calculated by reference to Nitro's closing price on Tuesday, 9 November 2021 of A\$3.84 per share, being the last trading date prior to the announcement of the Entitlement Offer and Institutional Placement. TERP is a theoretical calculation only and the actual price at which Nitro's shares trade immediately after the ex-date of the Entitlement Offer and the ex-dividend date will depend on many factors and may not approximate TERP. TERP includes New Shares issued under the Institutional Placement.

Further Information and Application Instructions

The number of New Shares that you are entitled to subscribe for under the Retail Entitlement Offer (**Entitlement**) is set out in your personalised Entitlement and Acceptance Form that is enclosed with this Retail Entitlement Offer Booklet.

It is important that you determine whether to take up all or part of your Entitlement or do nothing in respect of your Entitlement. The Entitlement Offer is non-renounceable and therefore your Entitlement is not tradeable on the ASX or any other exchange, cannot be sold and is not otherwise transferable. This means that you will not receive any value for Entitlements you do not take up and your percentage ownership of Nitro will be reduced.

The Nitro Board encourages you to read this Retail Entitlement Offer Booklet carefully (in particular, the “Key Risks” section set out in the Investor Presentation, which contains a number of key risks associated with an investment in Nitro). You should also consult your stockbroker, solicitor, accountant or other professional adviser to evaluate whether or not to participate in the Retail Entitlement Offer.

The Retail Entitlement Offer closes at 5.00pm (AEDT) on Tuesday, 30 November 2021 (Closing Date).

On behalf of the Nitro Board, I encourage you to consider this investment opportunity and thank you for your ongoing support of Nitro.

Yours sincerely,

Kurt Johnson

3.3 Take Up All or Part of Your Entitlement

If you decide to take up all or part of your Entitlement, there are two different ways you can submit your Application and Application Monies (refer to Section 3.6 for instructions). **Payment must be received by the Share Registry by no later than 5.00pm (AEDT) on Tuesday, 30 November 2021.**

If you take up all or part of your Entitlement you will be issued your New Shares on or about Tuesday, 7 December 2021. Nitro's decision on the number of New Shares to be issued to you will be final. If Nitro receives an amount that is less than the Offer Price multiplied by your Entitlement, your payment will be treated as an Application for as many New Shares as your payment will pay for in full.

Nitro also reserves the right (in its absolute discretion) to reduce the number of New Shares issued to Eligible Retail Shareholders, or persons claiming to be Eligible Retail Shareholders, if Nitro believes their claims to be overstated or if they or their nominees fail to provide information to substantiate their claims to Nitro's satisfaction.

Refund amounts, if any, will be paid in Australian dollars. You will be paid either by direct credit to the nominated bank account as noted on the share register as at the Closing Date or by cheque sent by ordinary post to your address as recorded on the share register (the registered address of the first-named in the case of joint holders). No interest will be paid on refunded amounts.

Eligible Retail Shareholders who do not participate fully in the Retail Entitlement Offer will have their percentage holding in Nitro reduced.

3.4 Take No Action and Let Your Entitlements Lapse

If you do not take up your Entitlement, you will not be allocated New Shares and your Entitlements will lapse. Your Entitlement to participate in the Retail Entitlement Offer is non-renounceable, which means it is non-transferrable and cannot be sold, traded on ASX or any other exchange, nor can the Entitlement be privately transferred.

3.5 Consequences of Not Accepting All or Part of Your Entitlement

By allowing part or all of your Entitlement to lapse, you will forgo any exposure to increases or decreases in the value of the New Shares had you taken up your Entitlement in full and you will not receive any value for any part of your Entitlement which lapses. Your interest in Nitro will also be diluted.

3.6 Payment

There are two different ways you can submit your Application and Application Monies.

Payment via BPAY® is highly recommended in light of delays to postal services caused by the COVID-19 pandemic.

If you are unable to pay by BPAY®, payments can be made by cheque, bank draft or money order.

Cash payments will not be accepted. Receipts for payment will not be issued.

Nitro will treat you as applying for as many New Shares as your Application Monies will pay for in full up to your full Entitlement (at the Offer Price).

Any Application Monies received for more than your final allocation of New Shares will be refunded (only where the amount is A\$1.00 or greater) as soon as practicable. No interest will be paid on any Application Monies received or refunded.

3.7 Payment by BPAY®

For payment by BPAY®, please follow the instructions on the personalised Entitlement and Acceptance Form (which includes the Biller Code and your unique Reference Number). You can only make a payment via BPAY® if you are the holder of an account with an Australian financial institution that supports BPAY® transactions.

Please note that when paying via BPAY®:

- you do not need to submit the personalised Entitlement and Acceptance Form but are taken to have made the declarations, representations and warranties on that personalised Entitlement and Acceptance Form and in the Important Information Section of this Retail Entitlement Offer Booklet; and
- if you do not pay for your full Entitlement, you are deemed to have taken up your Entitlement in respect of such whole number of New Shares which is covered in full by your Application Monies.

It is your responsibility to ensure that your BPAY® payment is received by the Share Registry by no later than 5.00pm (AEDT) on Tuesday, 30 November 2021 (subject to variation). You should be aware that your financial institution may implement earlier cut-off times with regard to electronic payment and you should therefore take this into consideration when making payment.

Please make sure you use the specific Biller Code and your unique Customer Reference Number (**CRN**) on your personalised Entitlement and Acceptance Form. If you have more than one holding of Shares, you will be sent more than one personalised Entitlement and Acceptance Form and you will have separate Entitlements for each separate holding. If you receive more than one personalised Entitlement and Acceptance Form, please only use the CRN specific to the Entitlement on that Entitlement and Acceptance Form.

Any Application Monies received for more than your final allocation of New Shares will be refunded (only where the amount is A\$1.00 or greater) as soon as practicable. No interest will be paid on any Application Monies received or refunded.

3.8 Payment by Cheque, Bank Draft or Money Order

To apply and pay by cheque, bank draft or money order, please complete the personalised Entitlement and Acceptance Form accompanying this Retail Entitlement Offer Booklet and return the form to the Share Registry (address details below) via post together with a cheque, bank draft or money order, which must be:

- for an amount equal to the full Application Monies (being the Offer Price multiplied by the number of New Shares you are applying for, up to your Entitlement);
- in Australian currency drawn on an Australian branch of a financial institution; and
- made payable to 'Nitro Software Limited' and crossed 'Not Negotiable'.

A copy of your personalised Entitlement and Acceptance Form is also available at www.investorcentre.com/contact.

You should ensure that sufficient funds are held in any relevant account(s) to cover the full Application Monies.

Please note that cash payments will not be accepted. Receipts for payment will not be issued.

You need to ensure that your completed Entitlement and Acceptance Form and cheque, bank draft or money order reach the Share Registry by 5.00pm (AEDT) on Tuesday, 30 November 2021 (subject to variation).

By post to:

Computershare Investor Services Pty Limited
GPO BOX 52
Melbourne VIC 3001
Australia

Entitlement and Acceptance Forms (and payments for any Application Monies) will not be accepted at any other address of if delivered by hand.

For the convenience of Eligible Retail Shareholders with an address on the register in Australia, an Australian reply paid envelope addressed to the Share Registry has been enclosed with this Offer Booklet. **While these envelopes have been enclosed, payment via BPAY® is still highly recommended in light of delays to postal services.**

If you have more than one holding of Existing Shares, you will be sent more than one personalised Entitlement and Acceptance Form and you will have separate Entitlements for each separate holding. A separate Entitlement and Acceptance Form and payment of Application Monies must be completed for each separate Entitlement you hold.

3.9 New Zealand Holders

Eligible Retail Shareholders who are resident in New Zealand and are unable to pay via BPAY® by the Closing Date should contact the Share Registry at +61 3 9415 4000 from 8.30am to 5.30pm (AEDT) Monday to Friday or online at www.investorcentre.com/contact to make alternative arrangements.

3.10 Entitlement and Acceptance Form is Binding

A payment made through BPAY® or a completed and lodged Entitlement and Acceptance Form together with the payment of requisite Application Monies constitutes a binding acceptance to acquire New Shares on the terms and conditions set out in this Retail Entitlement Offer Booklet and, once lodged or paid, cannot be withdrawn. If the Entitlement and Acceptance Form is not completed correctly it may still be treated as a valid application for New Shares. Nitro's decision whether to treat an acceptance as valid and how to construe, amend or complete the Entitlement and Acceptance Form is final.

By completing and returning your personalised Entitlement and Acceptance Form with the requisite Application Monies or making a payment by BPAY®, you will be deemed to have acknowledged, represented and warranted on behalf of each person on whose account you are acting that:

- you have read and understand this Retail Entitlement Offer Booklet and your personalised Entitlement and Acceptance Form in their entirety;
- you agree to be bound by the terms of the Retail Entitlement Offer, the provisions of this Retail Entitlement Offer Booklet, and Nitro's constitution;

- you agree to apply for and be issued up to the number of New Shares specified in the personalised Entitlement and Acceptance Form, or for which you have submitted payment of any Application Monies via BPAY® at the Offer price;

Sam Chandler, Co-Founder and Chief Executive Officer of Nitro, said: “This is a milestone moment in Nitro’s growth story. With the acquisition of Connective, Nitro is well placed to become the third global player in the fast-growing enterprise eSign market. Connective adds highly secure, enterprise-grade eSigning, eID and workflow capabilities to Nitro’s existing eSign solutions at a time where increased trust, security, and regulatory compliance are vital to business success. With data security at a premium, the future of eSigning is built around high-trust eID-driven solutions, and this acquisition positions Nitro to become a global leader.

“Connective’s Smart Document product will further bolster Nitro’s platform, making document workflow automation easy, powerful and available to all. There are a multitude of opportunities to add Connective’s market-leading products to Nitro’s platform and drive additional demand through our global sales network and 12,000+ business customers.”

Acquisition of Connective

Founded in 2014, with a large investment in proprietary research and development, Connective’s powerful, market-leading, enterprise-grade offering has three main products:

- **eSignatures:** Best-of-breed electronic signatures, including Simple Electronic Signature (‘**SES**’), Advanced Electronic Signature (‘**AES**’) and Qualified Electronic Signature (‘**QES**’) offerings, which are fully compliant with eIDAS (European), UETA and ESIGN Act (US), Zertes (Swiss) and other regulations;
- **Identity Hub:** Digital identification, providing high-trust, verified identification, Know Your Customer (‘**KYC**’) and authentication methods for comprehensive eID supported signing and customer onboarding; and
- **Smart Documents:** Document generation, providing fully automated document workflow, forms and template tools, and powerful data-driven document generation capabilities.

Today, Connective serves more than 1,000 customers across Europe in a diverse range of industries. Connective’s powerful eSign solutions are trusted by financial institutions, multinationals and governments, with major customers including the Belgian and French governments, BNP Paribas, Adecco, Société Générale, Pirelli and Toyota.

In addition to its market-leading presence in Belgium and France, Connective has customers in 11 additional European countries and supports EU-wide and global eSign requirements.

Connective is the only eSign provider that integrates with France Connect, the French Government's eID system, and has a total of 31 eID and smart card integrations across 20 countries served by its customers, making it the most comprehensive eID and smart card integration portfolio of any eSign vendor worldwide. Its solutions are ready for further pan-European and global rollout.

The Acquisition value of €70 million (~US\$81 million) implies a multiple of ~11.5x forecast FY2021 revenue or ~8.5x forecast pro-forma FY2021 revenue (including synergies¹). Connective is forecast to achieve FY2021 revenue of ~US\$7.1 million and ARR of ~US\$6.1 million as at 31 December 2021.

The Acquisition represents a significant acceleration of Nitro's enterprise-grade eSign capabilities, providing high-trust signing via full AES and QES functionality as customer demand for high-security signing solutions continues to grow.

Connective brings to Nitro an experienced team with significant domain expertise in secure, high-trust enterprise-grade eSigning, particularly in highly regulated markets. The combined Nitro and Connective businesses will boast an expanded network of more than 110 integration, reseller, and lead generation partnerships.

Upsell and cross-sell opportunities across Nitro's and Connective's combined 13,000+ customers, as well as from the expanded channel partner network, are expected to deliver favorable revenue upside. Following the integration of Connective, Nitro is expected to deliver annualised run-rate revenue synergies of ~US\$2.5 million by December 2022 through sales of Connective products to Nitro customers. In addition to cross-sell opportunities to existing customers, Nitro anticipates capturing further organic growth opportunities from selling its larger product suite to an increasing number of new customers. In FY2023 and beyond, Nitro anticipates this market opportunity to materially increase, driven by Nitro's enhanced product capabilities and go-to-market infrastructure, the growing drive for digital transformation in

organisations around the world, and the relative under-penetration of eSigning today across the key markets in which Nitro operates.

Completion of the Acquisition is subject to customary closing conditions, which are expected to be satisfied in December 2021.

Overview of the Equity Raising

The Acquisition will be funded by a A\$140 million fully underwritten Equity Raising. In addition to funding the Acquisition, proceeds will be deployed across the Company to assist with acquisition integration and transaction-related expenses, as well as for Company liquidity and working capital.

The Equity Raising will be conducted at A\$3.43 per New Share (**'Offer Price'**), which implies:

- A 9.0% discount to the Theoretical Ex-Rights Price (**'TERP'**) of A\$3.77 per share on 9 November 2021²; and
- A 10.7% discount to the last closing price of A\$3.84 on 9 November 2021.

The Equity Raising is fully underwritten by the underwriters (the **'Joint Lead Managers'**), and comprises:

- An Institutional Placement of 23.3 million new fully paid ordinary shares in Nitro (**'New Shares'**) to raise a total of approximately A\$80 million; and
- ANREO of 17.5 million New Shares to raise a total of approximately A\$60 million (comprising an Institutional Entitlement Offer and a Retail Entitlement Offer).

Eligible shareholders will be entitled to subscribe for 1 New Share for every 11.4 Nitro Shares held as at 7:00pm Australian Eastern Daylight Time (**'AEDT'**) on 12 November 2021.

Approximately 10.7 million New Shares are expected to be issued under the Institutional Entitlement Offer, and 6.8 million New Shares are expected to be issued under the Retail Entitlement Offer. The number of New Shares to be issued is equivalent to approximately

² The Theoretical Ex rights Price (TERP) is calculated by reference to Nitro's closing price on 9 November 2021 of A\$3.84 per share, being the last trading date prior to the announcement of the Entitlement Offer. TERP is a theoretical calculation only and the actual price at which Nitro's shares trade immediately after the ex-date of the Entitlement Offer will depend on many factors and may not approximate TERP. TERP includes the New Shares issued under the Institutional Placement.

20.5% of the Company's existing shares on issue. New Shares issued under the Equity Raising will rank equally with existing fully paid shares from the date of issue.

Battery Ventures owns 16,424,071 (8.2%) Nitro shares. Battery Ventures is associated with Mr Michael Brown (Non-Executive Director), and will not be participating in the ANREO due to the closed end nature of the investment fund that holds Nitro shares.

In conjunction with the Equity Raising, Mr Chandler has elected to exercise all of his options expiring on 25 November 2021. Accordingly, following a set-off under the terms of the applicable plan rules, Mr Chandler will be issued 2,991,344 new Nitro shares as a result of that option exercise. Mr Chandler will not be participating in the ANREO. Mr Chandler and his related entities now own 12,183,224 (6.1%) shares, plus 2,392,960 in-the-money options and 676,408 performance rights/shares. Refer to the Appendix 3Y lodged on ASX today for further details.

Institutional Placement

Approximately 23.3 million New Shares are expected to be issued to eligible new and existing institutional shareholders, and certain eligible sophisticated investors, under the Institutional Placement at the Offer Price. The Institutional Placement is within the Company's placement capacity under ASX Listing Rule 7.1. Accordingly, no shareholder approval is required in connection with the Institutional Placement. New Shares issued under the Institutional Placement will not be eligible to participate in the Entitlement Offer.

Institutional Entitlement Offer

Eligible institutional shareholders will be invited to participate in the Institutional Entitlement Offer, which will commence 10:00am (AEDT) on Wednesday, 10 November 2021. Eligible institutional shareholders can choose to take up all, part, or none of their Entitlement. New Shares equivalent in number to the New Shares not taken up by eligible institutional shareholders by the close of the Institutional Entitlement Offer, and New Shares that would have been offered to ineligible institutional shareholders had they been entitled to participate, will be sold to institutional investors via a shortfall bookbuild to be conducted on Wednesday, 10 November 2021.

Nitro shares have been placed in trading halt while the Institutional Entitlement Offer and shortfall bookbuild are undertaken.

Retail Entitlement Offer

Eligible retail shareholders in Australia and New Zealand will be invited to participate in the Retail Entitlement Offer, which will be open from Tuesday, 16 November 2021 to Tuesday, 30 November 2021. Eligible retail shareholders wishing to participate in the Retail Entitlement Offer should carefully read the Retail Offer Booklet and accompanying personalised entitlement and acceptance form, which are expected to be dispatched on Tuesday, 16 November 2021.

Entitlements cannot be traded on the ASX or transferred. Eligible shareholders who do not take up their Entitlement under the Entitlement Offer in full or in part, will not receive any value in respect to those Entitlements not taken up.

These transactions may, together with other shares in Nitro acquired by the Underwriters or their respective affiliates in connection with its ordinary course sales and trading, principal investing and other activities, result in the Underwriters or their respective affiliates disclosing a substantial holding and earning fee.

The Underwriters and/or their respective affiliates may also receive and retain other fees, profits and financial benefits in each of the above capacities and in connection with the above activities, including in its capacity as a lead manager to the Offer.

By continuing to read this Presentation, readers agree, to the maximum extent permitted by law, that they will not seek to sue or hold the Nitro Parties or the Underwriter Parties liable in any respect in connection with this Presentation or the Offer. Statements in this Presentation are made only as at the date of this Presentation. Determination of eligibility of investors for the purposes of the Offer is determined by reference to a number of matters, including legal requirements and the discretion of Nitro and the Underwriters. Nitro and the Underwriters disclaim any liability in respect of the exercise or otherwise of that discretion, to the maximum extent permitted by law.

SECTION 6

KEY RISKS

34

KEY RISKS (1/4)

Key risks

- This section discusses some of the key risks associated with any investment in Nitro together with risks relating to participation in the Offer which may affect the value of Nitro shares. The risks set out below are not listed in order of importance and do not constitute an exhaustive list of all risks involved with an investment in Nitro.
- Before investing in Nitro, you should be aware that a number of risks and uncertainties, which are both specific to Nitro and of a more general nature, may affect the future operating and financial performance of Nitro and the value of Nitro shares.

- Before investing in Nitro shares, you should carefully consider the risk factors and your personal circumstances. Potential investors should consider publicly available information on Nitro (such as that available on the ASX website) and seek professional advice from an adviser who is licensed by ASIC to give that advice before making an investment decision.
- Nothing in this Presentation is financial product advice and this Presentation has been prepared without taking into account your investment objectives or personal circumstances.

Completion	If Completion of the Acquisition does not occur as a result of a failure to satisfy conditions (or otherwise), Nitro will need to consider alternative uses for the proceeds from the Offer, or ways to return such proceeds to shareholders.
Reliance on information provided	Nitro undertook a due diligence process in respect of the Acquisition, which relied in part on the review of financial, technical, operational and other commercial information which was provided to Nitro by the vendors of Connective. Despite making reasonable efforts, Nitro has not been able to verify the accuracy, reliability or completeness of all the information which was provided to it. If any of the information provided and relied upon by Nitro in its due diligence process and preparation of this Presentation proves to be incomplete, incorrect, inaccurate or misleading, there is a risk that the actual financial position and performance of Connective (and the financial position and performance of Nitro following the Acquisition) may be materially different to the expectations and targets reflected in this Presentation. There is also a risk that due diligence conducted has not identified issues that would have been material to the decision to enter into the Acquisition, which may also have a material adverse issue that was not identified prior to entry into the Acquisition could have an adverse impact on the reputation, financial performance or operations of Nitro.
Revenue synergies	The success of the Acquisition is partially dependent on the realisation of the potential revenue synergies noted on page 16. Failure to fully realise Nitro's revenue synergies in size, nature and timing may have a detrimental impact on the value of the Connective business acquired.
Retention of key personnel	The success of the Acquisition and subsequent integration is partially dependent upon the retention of key senior management at Connective. The loss of such key senior management could slow Nitro's ability to operate and integrate the Connective business as well as realise the overall benefits of the Acquisition. In particular, the loss of such key senior management at Connective could have an adverse impact on Connective operations, customer relationships, and technical development, as well as overall performance.
Loss-making operations	Like many start-up technology companies, Connective has incurred regular operating losses since inception. The Connective business may not be able to achieve or maintain profitability or positive free cash flow in the near term if at all and as such the business will likely require ongoing funding from Nitro's cash reserves or from new equity issuances.
Integration	Integration could take longer, be more complex or cost more than expected, encounter unexpected challenges or issues (including differences in corporate culture between the businesses being integrated or loss of, or reduction in, key personnel, expert capability or employee productivity, or failure to procure or retain employees of Connective) or divert the attention of management. Impacts of the integration process may in turn cause the anticipated benefits and synergies of the integration of the Connective business into Nitro to be less than estimated resulting in a detrimental impact on the value of the business.
	35

KEY RISKS (2/4)

Historical liabilities	Following completion of the Acquisition, Nitro may become directly or indirectly exposed to liabilities that Connective may have incurred or be liable for in the past as a result of prior acts or omissions, including liabilities which were not identified during Nitro's due diligence or which are greater than expected, or for which Nitro was unable to negotiate sufficient protection in the Share Purchase Agreement or accepted as a tolerable risk.
Risks associated with existing contractual arrangements	<p>A number of material customer and supplier contracts to which Connective is a party contain provisions which will give the counterparty a right to terminate the contract because of the change in control which will occur at Completion ("change of control provision"). Contracts may also be terminable for convenience on short notice or at will. While the Share Purchase Agreement includes obligations for Connective to seek the consent of the relevant counterparties to the change of control for certain contracts deemed material by Nitro, there is a risk that Nitro has not identified all contracts which are material to the Connective business, or that limitations imposed under the Share Purchase Agreement will mean that Nitro is not compensated in the event that consent is not obtained.</p> <p>The breach, termination or non-renewal of material contracts or loss of business could have adverse consequences for Nitro.</p>
Underwriting and funding	<p>It is intended that the purchase price for the Acquisition and the cost of the integration activities will be funded through the proceeds of the Offer.</p> <p>The Offer is underwritten by the underwriters. Under the Underwriting Agreement, the Joint Lead Managers have agreed to manage and underwrite the Offer, subject to the terms and conditions of the agreement. If certain conditions are not satisfied or certain customary termination events occur, one or both Joint Lead Managers may terminate the underwriting agreement. If the underwriting agreement is terminated, the Company will not be able to complete the Acquisition, unless it can source alternative funding to meet its obligations under the Share Purchase Agreement. That alternative funding could be on less favourable terms. Please see Appendix B for a summary of the material terms of the Underwriting Agreement.</p>
Foreign exchange and foreign regulations	<p>A significant proportion of Nitro's revenues, costs and expenses are incurred in foreign currencies, whereas Nitro reports in U.S. dollars. As a result of the use of these various currencies, Nitro is subject to foreign currency fluctuations, which may materially affect its financial position and operating results.</p> <p>Connective is also subject to the laws of the foreign jurisdictions in which it operates and could be adversely impacted by changes to laws or regulations in those jurisdictions in the future.</p>
Failure to retain existing clients or attract new customers	<p>Nitro's business depends on its ability to retain its existing customers, and the Company's growth depends on its ability to attract further business from existing customers and to attract new customers. If customers do not continue to use Nitro's software or increase their use over time, and if new customers do not choose to use Nitro's software, the growth in revenue may slow, or revenue may decline.</p> <p>Nitro's business is partly dependent on the conversion of customer sales from investment in sales and marketing campaigns and initiatives, which is expected to continue to increase as the business grows. Failure to realise the intended benefits from sales and marketing investment could negatively impact Nitro's ability to attract new customers and may adversely impact Nitro's operating and financial performance.</p>
	36

KEY RISKS (3/4)

Nitro operates in a competitive industry	Nitro competes against other international document productivity and electronic signature software providers, as well as with internally-developed or manual paper-based systems. The global document productivity industry is rapidly evolving, is increasingly competitive and the market leaders have significantly more financial and operational resources than Nitro. As such, there is a risk that at any time Nitro may compete less effectively against its competitors, causing it to lose market share and the ability to develop or secure new clients.
Reliance on up-take of SaaS-based document productivity and electronic signature software	Nitro's future growth in revenues depends on the increasing adoption of SaaS-based document productivity and electronic signature software solutions. It may be difficult for Nitro to persuade potential customers to change existing on-premise, perpetual license or manual paper-based solutions to adopt Nitro's SaaS-based software product. If Nitro's software is not accepted and used by more organisations, or if the market for such solutions fails to grow as expected, Nitro's platform could be adversely affected and revenue growth may slow.
Failure to adequately maintain and develop Nitro's software platform	Nitro's business model depends on the Company's ability to continue to ensure that customers are satisfied with the products that Nitro offers. There is a risk that Nitro fails to maintain its software platform adequately, or that updates may introduce errors and performance issues, causing customer satisfaction in the Company's software to fall. Additionally, the failure to successfully develop new product features and modules may have a materially adverse impact on Nitro's future operations and financial performance.
Cyber security incidents or breaches of data privacy rules and regulations	The use of information technology is critical to Nitro's ability to deliver products and services to customers and the growth of its business. It is possible that measures taken by Nitro to prevent technology breaches may prove to be inadequate. Any accidental or deliberate security breaches or other unauthorised access to Nitro's information technology systems or customer data may subject Nitro to reputational damage, a loss of confidence in the services provided, a disruption of services to customers, claims by customers, loss of customers, theft and misappropriation of funds, legal action and regulatory scrutiny. Nitro may also be required to incur costs to rectify system vulnerabilities or introduce additional safeguards to minimise the risk of future security breaches.
Disruption or failure of technology systems and software	Nitro and its customers are dependent on the performance, reliability and availability of the Company's technology platforms, data centres and global communications systems. There is a risk that these systems may be adversely affected by disruption, failure, service outages or data corruption that could occur as a result of computer viruses, malware, internal or external misuse by websites, or other disruptions including natural disasters, power outages or other similar events. This could potentially lead to a loss of customers, legal claims by customers, and an inability to attract new customers.
Inability to attract or retain key personnel	The success of the Company is dependent upon the ongoing retention of key personnel, in particular the senior management team. The loss of such personnel, or any delay in their replacement, could have a materially adverse impact on management's ability to operate the business and achieve its growth strategies and prospects, including through the development and commercialisation of new solutions or modules. The loss of key personnel could also have an adverse impact on operations, with the potential loss of key customer relationships, potential loss of business process knowledge and an adverse impact on financial performance.
Failure to realise benefits from research and development	Historically, Nitro has invested significantly in research and development and it expects to continue to do so in the future in order to further expand and improve its product capabilities and to maintain its competitive position. Software development is expensive and often involves an extended period of time to achieve an ROI; or Nitro may receive no economic benefit at all from such investment.
	37

KEY RISKS (4/4)

Reliance on third party information technology suppliers	Nitro relies on certain contracts with third party suppliers to maintain and support its hosting infrastructure. Any failure or disruption to the services provided from or termination of contracts for any reason with third party service providers could negatively impact operating and financial performance. It could also expose the Company to claims for loss and damage from customers that may exceed the amounts that Nitro is entitled to recover from the third-party service providers.
Future acquisitions	Nitro will evaluate a range of growth driven initiatives in the future, which may include further acquisitions. It expects only to do so to the extent that such acquisitions are in complementary to Nitro's growth strategy. Although Nitro intends to undertake comprehensive due diligence before completing any future acquisition, such due diligence may not reveal issues that later impact on the returns from that acquisition or the extent to which the acquisition meets Nitro's growth strategy.
Non-participation in the Entitlement Offer	As the Entitlement Offer is non-renounceable, entitlement rights under the Offer cannot be traded on ASX or otherwise transferred. If Nitro shareholders do not participate in the Entitlement Offer, or do not take up their full entitlements to acquire shares under the Entitlement Offer, their percentage shareholding will be diluted and they will not have an opportunity to realise value for their entitlements.
Market risks	<p>The price of Nitro shares (including the shares to be issued pursuant to the Offer) on the ASX will be affected by the financial performance of Nitro and may rise or fall due to numerous often unpredictable factors, including:</p> <ul style="list-style-type: none"> • Australian and international general economic conditions, including inflation rates, the level of economic activity, interest rates and currency exchange rates; • tensions and acts of terrorism in Australia and around the world; • investor perceptions in the local and global markets for listed stocks; and • changes in the supply and demand of software and technology securities.

5. Australian Taxation Implications

5.1 General

Set out below is a general summary of the Australian income tax, Goods and Services Tax (**GST**) and stamp duty implications of the Retail Entitlement Offer for certain Eligible Retail Shareholders.

Neither Nitro nor any of its officers or employees, nor its taxation or other advisers, accept any liability or responsibility in respect of any taxation consequences of the Entitlement Offer or any associated statements made within this document.

The comments in this section cover the Australian taxation implications of the Entitlement Offer only if you (referred to in this section as **Eligible Retail Shareholder, Shareholder** or **you**):

- are an Eligible Retail Shareholder;
- are an Australian resident for Australian income tax purposes; and
- hold your Existing Shares on capital account for Australian income tax purposes.

The comments do not apply to you if:

- you are a non-resident for Australian income tax purposes;
- your shares are subject to the Taxation of Financial Arrangements (**TOFA**) provisions contained in Division 230 of the *Income Tax Assessment Act 1997* (Cth);
- you hold your Existing Shares as revenue assets or trading stock;
- you acquired your Existing Shares in respect of which the Entitlements are issued under any employee share scheme or where the New Shares are acquired pursuant to any employee share scheme;
- acquired Entitlements otherwise than because you are an Eligible Retail Shareholder; or
- you are exempt from Australian income tax.

The comments in this section are necessarily general in nature and are not an authoritative or complete statement of all potential tax implications for each Eligible Retail Shareholder.

The comments are based on the Australian tax legislation and administrative practice in force as at the date of this Retail Entitlement Offer Booklet. They do not take into account or anticipate changes in Australian tax legislation or future judicial or administrative interpretations of law after this time unless otherwise specified. The comments also do not take into account tax law of any country other than Australia.

The comments do not take into account any financial objectives, tax positions or investment needs of Eligible Retail Shareholders. As the taxation implications of the Entitlement Offer will vary depending upon your particular circumstances, you should seek and rely upon your own professional tax advice before concluding on the particular taxation treatment that will apply to you.

5.2 Australian Tax Considerations for Eligible Retail Shareholders

a) Issue of Entitlements

The issue of the Entitlements should not, of itself, result in any amount being included in the assessable income of an Eligible Retail Shareholder.

b) Exercise of Entitlements

If an Eligible Retail Shareholder exercises all or part of their Entitlements under the Entitlement Offer, the Eligible Retail Shareholder will acquire New Shares. Each New Share acquired upon exercising the Entitlement will comprise a capital gains tax (**CGT**) asset, being a share in Nitro. An Eligible Retail Shareholder should not derive any assessable income, or make any capital gain or capital loss at the time of exercising their Entitlement under the Entitlement Offer. For CGT purposes, each New Share should:

- be taken to have been acquired on the date the New Share is issued to the Eligible Retail Shareholder; and
- have a cost base (and reduced cost base) that is equal to the Offer Price that is payable for the New Share plus certain non-deductible incidental costs incurred in acquiring the New Share.

c) Lapse of Entitlement

If an Eligible Retail Shareholder does not accept all or part of their Entitlement in accordance with the instructions, that Entitlement will lapse and the Eligible Retail Shareholder will not receive any consideration. There should be no Australian tax implications for an Eligible Retail Shareholder from the lapse of all or some of their Entitlements.

d) Distributions on New Shares as a Result of Entitlements Exercised

Any future dividends or other distributions made in respect of New Shares should constitute assessable income of an Eligible Retail Shareholder and should be subject to the same income taxation treatment as dividends or other distributions made in respect of Existing Shares held in the same circumstances.

e) Disposal of New Shares

The disposal of a New Share will be a disposal for CGT purposes.

An Eligible Retail Shareholder should make a capital gain if the capital proceeds on disposal exceed the cost base of the New Share, or a capital loss if the capital proceeds are less than the reduced cost base of the New Share.

An Eligible Retail Shareholder that is an individual, trustee or complying superannuation entity and that has held their New Shares for 12 months or more (not including the dates of acquisition and disposal of the New Shares) at the time of disposal may be entitled (subject to meeting other conditions) to apply the CGT discount to reduce the capital gain (after offsetting current year or carried forward capital losses). The CGT discount is 50% for individuals and entities acting as trustees and 33⅓% for complying superannuation entities.

The CGT discount is not available to companies (unless shares are held by a company in the capacity of trustee).

Trustees should seek specific tax advice regarding the tax consequences arising to beneficiaries under the CGT rules.

If a capital loss arises on disposal of the New Shares, the capital loss can only be used to offset other capital gains (i.e., the capital loss cannot be used to offset amounts contributing to taxable income that are not capital gains). However, if the capital loss cannot be used in a particular income year it can be carried forward to use in future income years, provided certain loss recoupment rules are satisfied.

f) Other Australian Taxes

No GST or stamp duty should be payable by Eligible Retail Shareholders in respect of the issue or exercise of Entitlements or the acquisition of New Shares. With respect to stamp duty, this is on the understanding that no Eligible Retail Shareholder together with its associates and related persons (and any other persons who acquire their Shares pursuant to the same arrangement between those persons) will hold 90% or more of the total issued Shares.

To the extent you incur GST on costs that relate to the issue or exercise of Entitlements or the acquisition of New Shares, you may not be entitled to recover such GST as an input tax credit. In this regard, we recommend that you seek independent taxation advice in respect of your individual taxation affairs.

6. Important Information

This Retail Entitlement Offer Booklet (including the ASX Offer Announcements and enclosed personalised Entitlement and Acceptance Form) (**Information**) have been prepared by Nitro. This Information is dated Tuesday, 16 November 2021 (other than the Investor Presentation and the ASX Announcements included in Section 4 of this Retail Entitlement Offer Booklet). This Information remains subject to change without notice and Nitro is not responsible for updating this Information.

There may be additional announcements made by Nitro after the date of this Retail Entitlement Offer Booklet and throughout the period that the Retail Entitlement Offer is open that may be relevant to your consideration of whether to take up all or part of your Entitlement or do nothing in respect of your Entitlement. Therefore, it is prudent that you check whether any further announcements have been made by Nitro (by visiting the ASX website at www.asx.com.au) before submitting your application to take up your Entitlement.

No party other than Nitro has authorised or caused the issue of this Information, or takes any responsibility for, or makes, any statements, representations or undertakings in this Information.

For the avoidance of doubt, to the maximum extent permitted by law, Nitro excludes and disclaims all liability (including, without limitation, liability for negligence) for any direct, indirect, consequential, or contingent loss or damage howsoever and whenever arising from the use of any of the Information or participation in the Retail Entitlement Offer.

This Information is important and requires your immediate attention.

You should read this Information carefully and in its entirety before deciding how to deal with your Entitlement. In particular, you should consider the key risk factors outlined in the “Key Risks” section of the Investor Presentation dated Wednesday, 10 November 2021 (a copy of which is included in Section 4 this Retail Entitlement Offer Booklet) any of which could affect the operating and financial performance of Nitro or the value of an investment in Nitro.

You should consult your stockbroker, solicitor, accountant or other independent professional adviser to evaluate whether or not to participate in the Retail Entitlement Offer.

6.1 Eligible Retail Shareholders

This Information contains an offer of New Shares to Eligible Retail Shareholders in Australia or New Zealand and has been prepared in accordance with section 708AA of the Corporations Act (as modified by *ASIC Corporations (Non-Traditional Rights Issues) Instrument 2016/84*).

Eligible Retail Shareholders are those persons who:

- are registered as a holder of Shares as at the Record Date, being 7.00pm (AEDT) on Friday, 12 November 2021;
- have a registered address on the Nitro share register in Australia or New Zealand as at 7.00pm (AEDT) on the Record Date, or are a Shareholder not in Australia or New Zealand that Nitro has otherwise determined is eligible to participate;
- are not in the United States, and are not a person (including a nominee or custodian) acting for the account or benefit of a person in the United States (to the extent such person holds Shares for the account or benefit of such person in the United States);
- were not invited to participate (other than as nominee, in respect of other underlying holdings) under the Institutional Entitlement Offer, and were not treated as an Ineligible Institutional Shareholder under the Institutional Entitlement Offer; and
- are eligible under all applicable securities laws to receive an offer under the Retail Entitlement Offer without any requirement for a prospectus or offer document to be lodged or registered.

If you are a Retail Shareholder who does not satisfy each of the criteria listed above, you are an “**Ineligible Retail Shareholder**”. Nitro reserves the right to determine whether a shareholder is an Eligible Retail Shareholder or an Ineligible Retail Shareholder.

By returning a completed personalised Entitlement and Acceptance Form or making a payment by BPAY®, you will be taken to have represented and warranted that you satisfy each of the criteria listed above to be an Eligible Retail Shareholder. Nominees, trustees or custodians are therefore advised to seek independent professional advice as to how to proceed.

Nitro may (in its absolute discretion) extend the Retail Entitlement Offer to any institutional shareholder that has a registered address in Australia and New Zealand and was eligible to participate in the Institutional Entitlement Offer but was not invited to participate in the Institutional Entitlement Offer (subject to compliance with relevant laws).

Nitro has decided that it is unreasonable to make offers under the Retail Entitlement Offer to Shareholders who have registered addresses outside Australia and New Zealand, having regard to the number of such holders in those places and the number and value of the New Shares that they would be offered, and the cost of complying with the relevant legal and regulatory requirements in those places. Nitro may (in its absolute discretion) extend the Retail Entitlement Offer to shareholders who have registered addresses outside Australia and New Zealand (except the United States) in accordance with applicable law.

6.2 Ranking of New Shares

New Shares issued under the Entitlement Offer will rank equally with existing Shares. New Shares will be entitled to any dividends on ordinary shares with a record date after the date of issue. The rights and liabilities attaching to the New Shares are set out in Nitro's constitution, a copy of which is available at www.asx.com.au.

6.3 Issue, Quotation and Trading

Nitro will apply to the ASX for official quotation of the New Shares in accordance with the ASX Listing Rule requirements. If ASX does not grant quotation of the New Shares, Nitro will repay all Application Monies (without interest).

Nitro disclaims all liability (to the maximum extent permitted by law) to persons who trade New Shares before the New Shares are listed on the Official List of ASX or before receiving their confirmation of holding, whether on the basis of confirmation of the allocation provided by Nitro, the Share Registry or the Underwriters.

Subject to approval being granted, it is expected that the issue of New Shares under the Retail Entitlement Offer will take place on Monday, 6 December 2021 and that normal trading of New Shares allotted under the Retail Entitlement Offer will commence at 10.00am (AEDT) on Wednesday, 8 December 2021. Application Monies will be held by Nitro on trust for Applicants until the New Shares are issued. No interest will be paid on Application Monies.

6.4 Capital Structure

After the issue of New Shares under the Entitlement Offer, the capital structure of Nitro is expected to be as follows (subject to reconciliations rounding of fractional Entitlements)³:

Shares on issue as at Record Date	199.4 million
Shares issued under the Institutional Placement	23.3 million
Shares issued under the Institutional Entitlement Offer	10.7 million
Maximum number of New Shares to be issued under the Retail Entitlement Offer	6.7 million
Total Shares on issue at completion of the Retail Entitlement Offer	240.1 million

6.5 Reconciliation, Top-Up Shares and the Rights of Nitro and the Underwriters

The Entitlement Offer is a complex process and in some instances investors may believe that they will own more Shares than they ultimately did as at the Record Date or are otherwise entitled to more New Shares than initially offered to them. If reconciliation is required, it is possible that Nitro may need to issue additional New Shares (**Top-Up Shares**) to ensure that the relevant investors receive their appropriate allocation of New Shares. The price at which these New Shares would be issued, if required, is the same as the Offer Price.

Nitro also reserves the right to reduce the size of an Entitlement or number of New Shares allocated to Eligible Institutional Shareholders or Eligible Retail Shareholders, or persons claiming to be Eligible Institutional Shareholders or Eligible Retail Shareholders or other applicable investors, if Nitro believes in its complete discretion that their Entitlement claims are overstated or if they or their nominees fail to provide information requested to substantiate their claims. In that case, Nitro may, in its discretion, require the relevant shareholder to transfer excess New Shares to the Underwriters or another person at the Offer Price per New Share. If necessary, the relevant shareholder may need to transfer existing Shares held by them or to purchase additional Shares on-market to meet this obligation. The relevant shareholder will bear any and all losses caused by subscribing for New Shares in excess of their Entitlement and any actions they are required to take in this regard.

By applying under the Entitlement Offer, those doing so irrevocably acknowledge and agree to do the above as required by Nitro in its absolute discretion. Those applying acknowledge that there is no time limit on the ability of Nitro or the Underwriters to require any of the actions set out above.

³ This assumes that there is 100% take-up of entitlements under the Retail Entitlement Offer and that the Institutional Entitlement Offer completes successfully without any termination of the Underwriting Agreement.

6.6 No Cooling Off Rights

Cooling off rights do not apply to an investment in New Shares. You cannot withdraw your Application once it has been accepted.

6.7 No Entitlements Trading

Entitlements are non-renounceable and so they cannot be traded on ASX or any other exchange, nor can they be privately transferred.

6.8 Risks

The Investor Presentation details important factors and key risks that could affect the financial and operating performance of Nitro. Please refer to the “Key Risks” section of the Investor Presentation for further details, a copy of which is included in Section 4 of this Retail Entitlement Offer Booklet. You should consider these risks carefully in light of your personal circumstances, including financial and taxation issues, before making an investment decision in connection with the Retail Entitlement Offer.

6.9 Notice to Nominees and Custodians

If Nitro believes you hold Shares as a nominee or custodian you will have received, or will shortly receive, a letter in respect of the Entitlement Offer. Nominees and custodians should consider carefully the contents of that letter and note in particular that the Retail Entitlement Offer is not available to, and they must not purport to accept the Retail Entitlement Offer in respect of:

- Eligible Institutional Shareholders who were invited to participate in the Institutional Entitlement Offer (whether they accepted their Entitlement or not);
- Institutional Shareholders who were treated as Ineligible Institutional Shareholders under the Institutional Entitlement Offer;
- Beneficiaries on whose behalf they hold existing Shares who would not satisfy the criteria for an Eligible Retail Shareholder;
- Any Shareholder that is in the United States, including any Shareholder in the United States for whom the nominee or custodian holds Shares or acts; or
- Shareholders who are not eligible under all applicable securities laws to receive an offer under the Retail Entitlement Offer.

Persons acting as nominees or custodians for other persons must not take up any Entitlements on behalf of, or send any documents related to the Retail Entitlement Offer to, any person in the United States or any person that is acting for the account or benefit of a person in the United States.

Nitro is not required to determine whether or not any registered holder or investor is acting as a nominee or custodian or the identity or residence of any beneficial owners of existing Shares or Entitlements. Where any person is acting as a nominee or custodian for a foreign person, that person, in dealing with its beneficiary, will need to assess whether indirect participation in the Entitlement Offer by the beneficiary, including following acquisition of Entitlements on the ASX or otherwise, complies with applicable foreign laws. Nitro is not able to advise on foreign laws.

Nominees and custodians may not distribute any part of this Retail Entitlement Offer Booklet in the United States or in any other country outside Australia and New Zealand, except Australian and New Zealand nominees may send this Retail Entitlement Offer Booklet and related offer documents to beneficial shareholders who are professional or institutional shareholders in other countries (other than the United States) listed in, and to the extent permitted under, the “International Offer Restrictions” section of the Investor Presentation included in this Retail Entitlement Offer Booklet.

Nitro is a “disclosing entity” under the Corporations Act and is subject to regular reporting and disclosure obligations under the Corporations Act and the ASX Listing Rules, including the preparation of annual reports and half yearly reports.

Nitro is required to notify ASX of information about specific events and matters as they arise for the purposes of ASX making that information available to the stock markets conducted by ASX. In particular, Nitro has an obligation under the ASX Listing Rules (subject to certain exceptions) to notify ASX immediately of any information of which it is or becomes aware which a reasonable person would expect to have a material effect on the price or value of Nitro shares. That information is available to the public from ASX at www.asx.com.au.

6.11 Not Investment Advice

This Information is not a prospectus or a product disclosure statement under the Corporations Act and has not been lodged with ASIC. It is also not financial product advice and has been prepared without taking into account your investment objectives, financial circumstances or particular needs. Nitro is not licensed to provide financial product advice in respect of the New Shares. It should be read in conjunction with Nitro's other periodic statements and continuous disclosure announcements lodged with ASX, which are available at www.asx.com.au.

Before deciding whether to apply for New Shares, you should consider whether they are a suitable investment for you in light of your own investment objectives and financial circumstances and having regard to the merits or risks involved. You should also consider whether you need to seek appropriate advice, including financial, legal and taxation advice appropriate to your jurisdiction. If, after reading the Information, you have any questions about the Retail Entitlement Offer, you should contact your stockbroker, solicitor, accountant or other independent professional adviser or call the Share Registry at 1300 556 161 (inside Australia) or +61 3 9415 4000 (outside Australia) at any time between 8.30am to 5.30pm (AEDT) Monday to Friday during the Retail Entitlement Offer period.

Each applicant for New Shares submits to the non-exclusive jurisdiction of the courts of New South Wales, Australia.

6.15 Foreign Jurisdictions

The Information has been prepared to comply with the requirements of the securities laws of Australia. Nitro is not able to advise on the laws of any other foreign jurisdictions.

To the extent that you hold Shares or Entitlements on behalf of another person resident outside Australia or New Zealand, it is your responsibility to ensure that any participation (including for your own account or when you hold Shares or Entitlements beneficially for another person) complies with all applicable foreign laws.

The Information does not constitute an offer in any jurisdiction in which, or to any person to whom, it would not be lawful to make such an offer. No action has been taken to register or qualify the Retail Entitlement Offer, the Entitlements or the New Shares, or otherwise permit the public offering of the New Shares, in any jurisdiction other than Australia and New Zealand.

The distribution of the Information (including an electronic copy) outside Australia and New Zealand may be restricted by law. If you come into possession of the Information, you should observe such restrictions and should seek your own advice on such restrictions. See the foreign selling restrictions set out in the "International Offer Restrictions" section of the Investor Presentation included in this Retail Entitlement Offer Booklet for more information on selling restrictions.

6.16 Underwriting of the Entitlement Offer

Nitro has entered into an Underwriting Agreement with Morgan Stanley Australia Securities Limited (ABN 55 078 652 276) (**Morgan Stanley**) and UBS Securities Australia Limited (ACN 008 586 481) (**UBS** and together with Morgan Stanley, the **Underwriters**) who have agreed to underwrite the Retail Entitlement Offer, the Institutional Entitlement Offer and the Institutional Placement on the terms and conditions set out in the agreement (**Underwriting Agreement**).

This means that, subject to the terms and conditions of the Underwriting Agreement, approximately A\$60 million of proceeds will be raised under the Entitlement Offer.

As is customary with these types of arrangements:

- Nitro has agreed, subject to certain carve-outs, to indemnify the Underwriters, their affiliates and related bodies corporate, and each of their directors, officers, employees, agents and advisers against any losses they may suffer or incur in connection with the Entitlement Offer;
