ASX ANNOUNCEMENT

KFG has improved its automatic producing capacity in 2017

Kingform Health Hometextile Group Ltd. (ASX: KFG or the Company) today announced that in the first half of 2017, due to the increase in orders for production and sales, the company made some upgrading in its equipment.

The computer single needle quilting machine increased from 8 to 14 sets, the new fully automatic intelligent spread machine increased of 4 sets, a new automatic punching cotton machine set was purchased, and the original automatic computer multi-needle quilting machine were upgraded.

All these promotion greatly improved the company's production automation level and mass production capacity.
