

Dr. Adam McKinnon to commence as Managing Director of Advance Metals Limited on 2 January 2025.

AVM previously announced, the appointment of Dr. Adam McKinnon as Managing Director on 28 October 2024. Dr. McKinnon has made several discoveries in his career in recent years.

Adam has a prolific track record of being involved in some of the most significant discoveries in recent years, including the following ASX companies AMI, AGC and MAG:

- Most recent role as Managing Director of Magmatic Resources Limited (ASX: MAG), included securing a farm-in and joint venture deal from Fortescue Limited (ASX: FMG) at Myall, with a simultaneous 19.9% cornerstone investment by FMG into Magmatic.
- General Manager - Exploration and Business Development at Aurelia Metals Limited (ASX: AMI), included the discovery of the Federation base metal-gold-silver deposit in 2019, which is one of Australia's newest and highest-grade base metal mines
- Currently a Non-Executive Director of Australian Gold and Copper (ASX: AGC) that recently discovered high-grade silver and gold mineralisation at the Achilles deposit.

The Board of Directors of AVM welcomes Adam and looks forward to working with him closely to create value for all AVM shareholders in the year ahead.

This announcement has been authorised for release by the Board of Advance Metals Limited.
