

Bio-Gene Raises \$2.1 million in Placement and Announces a Share Purchase Plan for Eligible Shareholders

Funding for the Key Regulatory-Enabling Safety Studies for Flavocide®

Bio-Gene Technology Limited (**ASX:BGT, Bio-Gene or the Company**), an Australian company developing new insecticides derived from nature to achieve high impact worldwide, today announced that it has received binding commitments from sophisticated and professional investors to raise gross proceeds of approximately \$2.1 million (the **Placement**).

The Company will also offer each registered holder of Bio-Gene shares as at 7.00pm (Melbourne, Australia time) Friday, 2 May 2025 and whose registered address is in Australia (**Eligible Shareholders**) the opportunity to acquire up to \$15,000 in fully paid ordinary shares in the Company (and free-attaching options) on the same terms as the Placement without paying brokerage fees or other transaction costs irrespective of their holding size under a Share Purchase Plan (**SPP**). The Company expects to commence the SPP on Monday 12 May 2025, with the closing date of the SPP expected to be Wednesday, 26 May 2025.

Tim Grogan, Bio-Gene's Managing Director and Chief Executive Officer, commented: *"Funds raised in this Placement, and under the planned SPP, will assist Bio-Gene to undertake key safety studies that will be a significant component of our application for regulatory approval of Flavocide® active constituent in Australia. Achieving regulatory approval for Flavocide active constituent will be a key milestone in the execution of the Company's strategy."*

"In addition, this funding will enable Bio-Gene to continue with planned activities leading to the scale-up of Qcide, product development activities supporting our commercial partnering arrangements, strategic projects and with general working capital."

"We are grateful to those who have supported the Company in this capital raise and we welcome all investors, new and existing, in supporting this very important and unique product for the sector."

Use of Proceeds

Proceeds raised from the Placement and SPP will be used to fund Flavocide regulatory enabling studies, preparations for Qcide scale-up, product development activities supporting the Company's commercial partnering arrangements, strategic projects, general working capital and costs of the raise.
