

## INVESTOR CONFERENCE CALL DETAILS

### FOR THE PERIOD ENDED 31 DECEMBER 2021

Aurelia Metals Limited (ASX: AMI) (Aurelia or the Company) advises its December Quarter results will be lodged with the ASX pre-opening on Thursday, 27 January 2022.

Dan Clifford (Managing Director and Chief Executive Officer), Ian Poole (Chief Financial Officer), Peter Trout (Chief Operating Officer) and Adam McKinnon (General Manager Exploration and Business Development) will host a conference call at 11.00am AEST (Queensland time) on Thursday, 27 January 2022 to discuss:

- December Quarterly Activities Report
- Federation exploration results and project update
- Great Cobar Pre-Feasibility Study outcomes.

Please note attendees are required to pre-register for the call via the following link:

<https://s1.c-conf.com/diamondpass/10018930-plsdyf6.html>

Attendees will receive dial-in details upon completion of the brief pre-registration.

A recording of the call will also be available on Aurelia's website ([www.aureliametals.com](http://www.aureliametals.com)) later that day and can be accessed at any time.

This announcement has been authorised for release to the ASX by Dan Clifford, Managing Director and Chief Executive Officer.

## About Aurelia

Aurelia Metals Limited (ASX: AMI) is an Australian mining and exploration company with a highly strategic landholding and three operating gold mines in New South Wales (NSW). The Peak and Hera mines are located in the Cobar Basin in western NSW, and the Dargues mine in south-eastern NSW.

Our vision is to be a mining business recognised for creating exceptional value through our people and a portfolio of gold and base metals assets. At Aurelia, we value Integrity, Certainty, Courage and Performance for the safety and wellbeing of our people, and for the benefit of our shareholders and the communities in which we operate.

In FY21, Aurelia produced 103,634 ounces of gold at a Group All-In-Sustaining-Cost of A\$1,337 per ounce. Both the Peak and Hera cost bases benefit from substantial by-product revenue credits from base metal production (including zinc, lead and copper).
