

## Finder Energy Appoints Chief Operating Officer

Finder Energy Holdings Limited (**Finder** or **Company**) (ASX:FDR) is pleased to announce that Mark Robertson has been appointed as Chief Operating Officer and Project Director of the Kuda Tasi and Jahal Development Project.

Mark has been consulting with the Company as part of the due diligence for the PSC 19-11 acquisition (refer to ASX announcement of 8 August 2024), including working alongside Petrofac generating development concepts for the Kuda Tasi and Jahal Oil Fields.

Mark Robertson is a seasoned industry professional with over 35 years of experience in leading and developing operations and projects worth hundreds of millions of dollars in the energy sector. His career has spanned all facets of project development and operations.

Initially starting his career in the North Sea in offshore construction and drilling, Mark's career took him into FPSO operations with Maersk where he gained vast technical and managerial experience in multiple roles on the North Sea Producer FPSO (Conoco) and Maersk Curlew FPSO (Shell). Internationally he gained extensive experience in ASPAC working in Singapore, China, Malaysia and more recently a drilling campaign in Timor Leste. In Australia Mark has held various senior and executive positions on Vincent (Maersk/Woodside), Van Gogh, Balnaves (Apache), Stag (Quadrant/Jadestone) and the Dorado development (Carnarvon Energy). His expertise spans both offshore and onshore operations, and he has worked closely with shipyards, government organizations, regulators, and class societies.

---

*"Mark brings a wealth of development and production experience to Finder as we transition to a developer. Mark has already made valuable contributions through the acquisition process and we have confidence in his ability to lead this project and deliver our primary objective to get Kuda Tasi and Jahal to FID and First Oil quickly and cost-effectively."*
