

GENUSPLUS AWARDED FURTHER NBN FIBRE UPGRADE WORKS

HIGHLIGHTS:

- Genus has been awarded a new contract with NBN Co to support its program to upgrade the remaining nbn Fibre to the Node network.
- The awarded contract represents a value of circa \$130 million.
- Works will commence immediately and are scheduled to be completed over a 3.5-year period.

National essential power and communications infrastructure provider GenusPlus Group Ltd (ASX: GNP) (**GenusPlus** or **the Company**) has today entered into a new contract with NBN Co to support its upgrade of the remaining Fibre to the Node (FTTN) network.

Under the new contract, which has a value of circa \$130 million, Genus will provide design and construction services to deploy additional fibre infrastructure to approximately 22,000 properties across Western Australia's North and South regions and will be delivered over a 3.5-year period.

Having recently completed the N2P Evolution Module for nbn, GenusPlus' Managing Director David Riches said: "We are delighted to have secured this important contract and we look forward to continuing to develop our relationship with nbn as a key delivery partner; completing the works safely, efficiently, and on time."

This contract marks another step forward in GenusPlus Group's growth trajectory and reflects the company's continued progress towards becoming a nationally scaled, Tier 1 contractor of choice across Australia's critical infrastructure sector.

The Board of the Company has authorised the release of this announcement to the market.
