About Elemental Minerals

Elemental Minerals Limited (ASX: ELM) is an advanced mineral exploration and development company whose primary asset is the 97%-owned Sintoukola Potash Project in the Republic of Congo. ELM completed an advanced Pre-Feasibility Study on its Kola Project in September 2012 and was awarded a mining license and an environmental license in August 2013. The Sintoukola Project has the potential to be among the world's lowest-cost potash producers and its strategic location near the Congolese coast of Central West Africa offers a transport cost advantage to key Brazilian and Asian fertilizer markets.
