

31 January 2025

AYT QUARTERLY ACTIVITIES REPORT

Austin Metals Limited (ASX: **AYT**, "**Austin Metals**", "the **Company**") is pleased to provide the following summary of its activities for the three (3) months ending 31 December 2024 (**Period**) and events subsequent.

Austin Project

During the quarter Austin Metals completed a ~1,200m RC drilling program at the Austin Gold Project ("Austin"). The drilling program was designed to test for high-grade gold mineralisation at depths of 50 – 200m within the Mt Sandy target area, comprising the Mt Sandy and Brunswick Hill prospects. Recent project generation and targeting work, including detailed research, compilation and interpretation of historical exploration data, has highlighted Mt Sandy as a high priority target for shallow, high-grade gold mineralisation.

The primary focus of the drilling program was to test beneath the historical intercepts of mineralisation and/or anomalism to determine whether the shallow gold mineralisation extends and potentially improves in thickness and/or grade in the underlying fresh rock.

Subsequent to the end of the quarter the Company announced the assay results from the drill campaign confirming multiple high-grade gold intercepts, including¹:

- **8.0m @ 2.7 g/t Au from 56.0m**, including **2.0m @ 10.3 g/t Au from 62.0m** in 24BHRC04.
- **5.0m @ 2.4 g/t Au from 83.0m**, including **2.0m @ 5.6 g/t Au from 85.0m** in 24BHRC03.
- **6.0m @ 3.5 g/t Au from 65.0m**, including **1.0m @ 17.1 g/t Au from 70.0m** in 24BHRC05.

These results validate the presence of shallow, high-grade mineralisation. High-grade gold mineralisation remains open along strike and at depth (Figure 1), with significant potential for further high-grade intercepts. The distinctive arsenic (As) and bismuth (Bi) pathfinder association provides an additional vector for downhole and surface exploration. Follow-up drilling programs are now being planned to further evaluate the resource potential across the project area.

¹ Refer ASX release dated 29 January 2024 - Multiple High Grade Gold Assays from Drilling at Austin

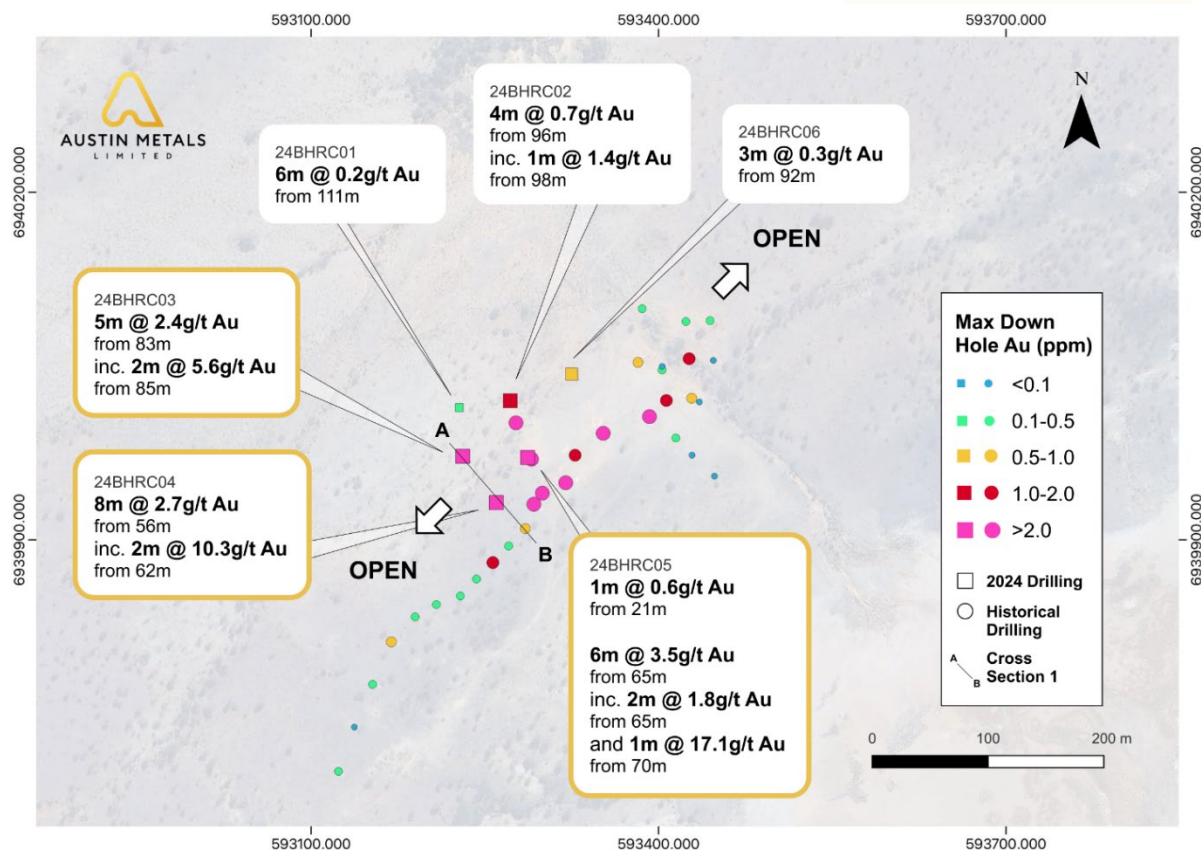

Figure 1: Plan view map of the Brunswick Hill Prospect, showing key drill collar locations, significant intercepts and mineralisation trend.

Ashburton Copper-Gold Project

The Ashburton Project comprises eight granted exploration tenements and one granted prospecting license covering ~510 km² and is located on Ashburton Downs Station, ~75 km SW of Paraburdoo in the Pilbara Region of Western Australia.

A potentially very large alteration system has already been identified with significant areas of outcropping hydrothermal alteration and quartz veining. Initial results show the Project is highly prospective with rock chip sampling and trenching completed in 2023 returning some spectacular high grade results, including²:

- **9.7g/t Gold and 8.6% Copper (rock chip)**
- **4.0g/t Gold and 7.3% Copper (rock chip)**
- **14.7% Copper (rock chip)**
- **8.6% Copper (rock chip)**
- **12m @ 12.5g/t Au and 1.7% Cu (trench)**
- **13m @ 4.1% Cu and 0.3g/t Au (trench)**
- **70.1% Lead and 198g/t Silver (rock chip)**

² Refer ASX release dated 1 March 2024 - MORE SPECTACULAR GRADES RETURNED FROM ROCK CHIP SAMPLING

Project Activities

During the quarter the Company completed a heritage survey, to allow drilling to commence at the Donnelly's Prospect.

The Company is now preparing to commence an initial drill program in Q1 2025, subject to receiving the necessary approvals.

Next Steps at Austin and Ashburton CGP

Austin

The recent results at Brunswick Hill and Mt Sandy reveal two distinct styles of mineralisation, each offering significant exploration potential.

- **Brunswick Hill:** Follow-up drilling will target extensions to the south and further test the depth potential of high-grade mineralisation.
- **Mt Sandy:** Future exploration will prioritise the northern extensions of mineralisation and target potential higher-grade and/or thicker zones associated with the intersection of cross-structures with the main NS-trending shear zone.

Soil sampling (using As and Bi pathfinders) and ground geophysics will be utilised to target extensions to known mineralisation and generate additional targets as a precursor to additional drilling.

Ashburton CGP

The Company is preparing for focused RC drilling campaigns at the Ashburton Copper Gold Project, with the aim of commencing drilling in Q1 2025, subject to receipt of the necessary approvals.

Figure 2: Greenstones of the Murchison Region showing the location of Austin Metals highly prospective tenure located adjacent to Ramelius Resources Ltd's Cue Project

Broken Hill

No works have been undertaken at the Broken Hill Project during the quarter. The Company is currently conducting a strategic review of the Broken Hill portfolio of tenements, with the view to seek a potential divestment transaction during Q2 2025.

Corporate Activities

In accordance with ASX Listing Rule 5.3 the Company advises of the following:

- It has spent \$304,000 on exploration and evaluation activities during the quarter. There was no mining development or production activities conducted during the quarter.
- Expenditure predominantly related to:
 - Desktop review, analysis and reporting
 - Technical consulting fees including consultant geologists
 - Drilling and assay costs
 - Tenement administration, management and reporting
 - Corporate, Accounting and Legal expenses

- During the Quarter, the Company made payments to related parties of \$172,000 comprising remuneration paid to Directors (\$22,000) and reimbursement of exploration and evaluation costs paid to Gardner Mining Pty Ltd an associated entity of Non-executive Director Darren White (\$150,000).

About Austin Metals

Austin Metals Limited (AYT) is a base and precious metals explorer focused on the prolific mining districts of Broken Hill, the Cobar Basin and the Lachlan Fold Belt of New South Wales, Australia. AYT's flagship Austin Gold Project is located in the highly prospective Murchison greenstone province of Western Australia, directly adjacent to the Cue Gold Project owned by Musgrave Minerals Limited (ASX:MGV), which includes the high grade Break of Day Deposit and Starlight discovery. The Company has also secured a significant ground holding of the Talling Greenstone belt in the prolific Murchison gold mining region of Western Australia located 150 km south of the Golden Grove deposit.

CAUTION REGARDING FORWARD LOOKING INFORMATION

This document contains forward looking statements concerning Austin Metals Limited. Forward-looking statements are not statements of historical fact and actual events and results may differ materially from those described in the forward-looking statements as a result of a variety of risks, uncertainties and other factors. Forward-looking statements are inherently subject to business, economic, competitive, political and social uncertainties and contingencies. Many factors could cause the Company's actual results to differ materially from those expressed or implied in any forward-looking information provided by the Company, or on behalf of, the Company. Such factors include, among other things, risks relating to additional funding requirements, metal prices, exploration, development and operating risks, competition, production risks, regulatory restrictions, including environmental regulation and liability and potential title disputes. Forward looking statements in this document are based on Austin Metal's beliefs, opinions and estimates of Austin Metals as of the dates the forward-looking statements are made, and no obligation is assumed to update forward looking statements if these beliefs, opinions and estimates should change or to reflect other future development.

COMPETENT PERSONS STATEMENT

The information in this announcement that relates to Exploration Results is based on and fairly represents information and supporting documentation prepared by Mr Paul L'Herpinere. Mr L'Herpinere is a Director of Austin Metals Limited and a member of the Australian Institute of Mining and Metallurgy. Mr L'Herpinere has sufficient experience relevant to the styles of mineralisation and types of deposits which are covered in this announcement and to the activity which they are undertaking to qualify as a Competent Person as defined in the 2012 edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves' ("JORC Code"). Mr L'Herpinere consents to the inclusion in this announcement of the matters based on his information in the form and context in which it appears.

ASX Listing Rules Compliance Statement

In preparing the Quarterly Activities report for the period ended 31 December 2024, the Company has relied on the following ASX announcements.

ASX Announcement	29 January 2025	Multiple High Grade Gold Assays from Drilling at Austin
------------------	-----------------	---

ASX Announcement	3 December 2024	DRILLING UNDERWAY AT THE HIGH GRADE AUSTIN GOLD PROJECT
ASX Announcement	15 May 2024	SETTLEMENT OF ASHBURTON CGP TRANSACTION
ASX Announcement	15 April 2024	Exciting High Grade Copper Gold Project Acquisition Approved
ASX Announcement	1 March 2024	MORE SPECTACULAR GRADES RETURNED FROM ROCK CHIP SAMPLING
ASX Announcement	19 December 2023	Geophysics Shows an Additional 16km of Copper Gold Strike
ASX Announcement	11 December 2023	12m at 12.5g/t Au & 1.7% Cu at Surface in New Cu-Au Project

This report contains information extracted from reports cited herein. These are available to view on the website www.austinmetals.com.au. In relying on the above ASX announcements and pursuant to ASX Listing Rule 5.23.2, the Company confirms that it is not aware of any new information or data that materially affects the information included in the abovementioned announcements or this Activities Report for this period ended 31 December 2024 and subsequent to the end of the quarter.

3.9	Other	-	-
3.10	Net cash from / (used in) financing activities	-	-

4.	Net increase / (decrease) in cash and cash equivalents for the period		
4.1	Cash and cash equivalents at beginning of period	1,043	1,343
4.2	Net cash from / (used in) operating activities (item 1.9 above)	(107)	(184)
4.3	Net cash from / (used in) investing activities (item 2.6 above)	(304)	(527)
4.4	Net cash from / (used in) financing activities (item 3.10 above)	-	-

Consolidated statement of cash flows		Current quarter \$A'000	Year to date (6 months) \$A'000
4.5	Effect of movement in exchange rates on cash held	-	-
4.6	Cash and cash equivalents at end of period	632	632

5.	Reconciliation of cash and cash equivalents at the end of the quarter (as shown in the consolidated statement of cash flows) to the related items in the accounts	Current quarter \$A'000	Previous quarter \$A'000
5.1	Bank balances	632	1,043
5.2	Call deposits	-	-
5.3	Bank overdrafts	-	-
5.4	Other ((High Interest Account)	-	-
5.5	Cash and cash equivalents at end of quarter (should equal item 4.6 above)	632	1,043

6.	Payments to related parties of the entity and their associates	Current quarter \$A'000
6.1	Aggregate amount of payments to related parties and their associates included in item 1	22
6.2	Aggregate amount of payments to related parties and their associates included in item 2	150

Note: if any amounts are shown in items 6.1 or 6.2, your quarterly activity report must include a description of, and an explanation for, such payments.

Mining exploration entity or oil and gas exploration entity quarterly cash flow report

7.	Financing facilities	Total facility amount at quarter end \$A'000	Amount drawn at quarter end \$A'000
<i>Note: the term "facility" includes all forms of financing arrangements available to the entity. Add notes as necessary for an understanding of the sources of finance available to the entity.</i>			
7.1	Loan facilities	-	-
7.2	Credit standby arrangements	-	-
7.3	Other (please specify)	-	-
7.4	Total financing facilities	-	-
7.5	Unused financing facilities available at quarter end		-
7.6	Include in the box below a description of each facility above, including the lender, interest rate, maturity date and whether it is secured or unsecured. If any additional financing facilities have been entered into or are proposed to be entered into after quarter end, include a note providing details of those facilities as well.		
	Please note, the Company has tenement security bonds of \$175k		

8.	Estimated cash available for future operating activities	\$A'000
8.1	Net cash from / (used in) operating activities (item 1.9)	(107)
8.2	(Payments for exploration & evaluation classified as investing activities) (item 2.1(d))	(304)
8.3	Total relevant outgoings (item 8.1 + item 8.2)	(411)
8.4	Cash and cash equivalents at quarter end (item 4.6)	632
8.5	Unused finance facilities available at quarter end (item 7.5)	-
8.6	Total available funding (item 8.4 + item 8.5)	632
8.7	Estimated quarters of funding available (item 8.6 divided by item 8.3)	1.54
<i>Note: if the entity has reported positive relevant outgoings (ie a net cash inflow) in item 8.3, answer item 8.7 as "N/A". Otherwise, a figure for the estimated quarters of funding available must be included in item 8.7.</i>		
8.8	If item 8.7 is less than 2 quarters, please provide answers to the following questions:	
8.8.1	Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?	
	Answer: Yes, given the Company is an exploration company and not generating any revenue, it is expected that it will continue to have negative operating cash flows for the time being.	
8.8.2	Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?	
	Answer: The Board monitors the funding requirements of the Company on an ongoing basis. The Company has been able demonstrate a record of securing funds when required, however at this point has not entered into any formal agreement to raise funds.	

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: The Company will be able to continue normal business operations. The Company has the ability to reduce certain discretionary expenditure to reserve cash, including until such time as it finalises any future capital raising options

Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.

Compliance statement

- 1 This statement has been prepared in accordance with accounting standards and policies which comply with Listing Rule 19.11A.
- 2 This statement gives a true and fair view of the matters disclosed.

Date: 31 January 2025

Authorised by: the Board

(Name of body or officer authorising release – see note 4)

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
