The Partial Offer is uninvited and as at the Latest Practicable Date, the Offeror and the Board have not had any discussion on the long-term strategic and development plan on the Group. Further, no concrete or detailed plan was provided by the Offeror in the Offer Document for the business of the Group.

The delay in publication of the 2024 Interim Results was due to additional time required for the Company to provide information requested by certain directors of the Company (“**Relevant Directors**”), including (i) details of the repayment of a long overdue loan owing by the Company, the repayment of which took place in 2022 (“**Cybernaut Loan Repayment**”); (ii) progress and update with financial investment at amortised cost in a Singaporean fund in 2022 (“**Fund**”); (iii) details of investments of the Company in an associate company which was fully written off (“**Associate**”); and (iv) detailed financial information relating to key operating companies of the financial years ended 2023 and first half of 2024. LETTER FROM THE BOARD

Reference is made to the announcement dated 14 January 2025 and the offer document dated 18 February 2025 issued by Mangkon Road Limited (“**Mangkon Road**”), pursuant to which Quam Capital Limited would for and on behalf of Mangkon Road make the unconditional voluntary cash partial offer (“**Mangkon Road Partial Offer**”) to acquire up to 204,900,000 Offer Shares (representing approximately 15.00% of the Company’s issued share capital as at the date of the announcement dated 14 January 2025) not already owned by Mangkon Road and parties acting in concert with it at the offer price of HK\$0.14 per Share. On 4 March 2025, the Company despatched the response document in respect of the Mangkon Road Partial Offer. On 18 March 2025, Mangkon Road announced that upon settlement of the Mangkon Road Partial Offer, Mangkon Road acquired 12,664,538 Shares from accepting qualifying shareholders, and, as a result, Mangkon Road and parties acting in concert with it were interested in 12,664,538 Shares (representing approximately 0.93% of the Shares in issue).

Your attention is drawn to Appendix I and Appendix II to this Response Document which contain further financial and general information of the Group.

PUBLIC FLOAT OF THE COMPANY

To the best of the Directors’ knowledge, information and belief, as at the Latest Practicable Date, the Company meets the 25% minimum public float requirement under Rule 8.08 of the Listing Rules.

Assuming (i) full acceptances of the number of the Offer Shares under the Partial Offer by the Qualifying Shareholders; and (ii) that there are no changes to the issued share capital of the Offeree between the Latest Practicable Date and up to the Closing Date, the Company will have a public float of in excess of 25% of the Shares in issue immediately following the close of the Partial Offer. Accordingly, the number of Shares in public hands will continue to meet the 25% minimum public float requirement under Rule 8.08 of the Listing Rules.

However, assuming (i) full acceptances of the number of the Offer Shares under the Partial Offer by the public Shareholders only (i.e. Qualifying Shareholders other than the Directors); and (ii) that there are no changes to the issued share capital of the Company between the Latest Practicable Date and up to the Closing Date, the public float of the Company will decrease from approximately 45.29% to 17.29% and it is possible that dealings in the Shares could be suspended. As disclosed in the section headed “Letter from Yu Ming” in the Offer Document, the Offeror intends to maintain the listing of the Shares on the Stock Exchange following the Closing Date. The Offeror does not intend to avail itself of any powers of compulsory acquisition of any Shares outstanding after the Closing Date. In the event that the public float of the Company remains to fall below 25% following the close of the Partial Offer, as stated in the Offer Document, the directors of the Offeror and the new directors of the Company to be appointed (if any) will jointly and severally undertake to the Stock Exchange to take appropriate steps to ensure that sufficient public float exists in the Shares. The Directors will also jointly and severally undertake to the Stock Exchange to take appropriate steps to use their best efforts to procure to restore sufficient public float for the Shares as soon as possible following the close of the Partial Offer.

LETTER FROM THE BOARD

If valid acceptances are received for less than 136,600,000 Offer Shares (representing 10.00% of the Offeree's issued share capital as at the Latest Practicable Date), the Offeror will be a public Shareholder immediately upon completion of the Partial Offer. If valid acceptances are received for 136,600,000 Offer Shares or more but less than 382,480,000 Offer Shares, the Offeror will be a substantial Shareholder owning the Company's issued share capital in the range of 10.00% to approximately 28.00%. INTRODUCTION

We refer to our appointment as the independent financial adviser to advise the Independent Board Committee in relation to the Partial Offer. Details of the Partial Offer are set out in the response document dated 9 July 2025 (the “**Response Document**”) issued by the Company, of which this letter forms part. Terms used in this letter shall have the same meanings as those defined in the Response Document unless the context requires otherwise.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

On 3 June 2025, the Offeror notified the Company that it has a firm intention to make the Partial Offer (in compliance with the Takeovers Code) to acquire up to 382,480,000 Offer Shares (representing 28.00% of the Company's issued share capital as at the Latest Practicable Date) not already owned by the Offeror and parties acting in concert with it, at the Offer Price of HK\$0.35 per Offer Share. The making of the Partial Offer was subject to the satisfaction of the Pre-Conditions, being (i) the obtaining of consent from the Executive in respect of the Partial Offer pursuant to Rule 28.1 of the Takeovers Code, and (ii) the obtaining of a waiver from strict compliance with Rule 28.7 of the Takeovers Code from the Executive in respect of the Partial Offer for a maximum number (rather than a precise number) of Shares.

According to the announcement made by the Offeror on 13 June 2025, the consent from the Executive in respect of the Partial Offer has been obtained and the Pre-Conditions have been fulfilled on 12 June 2025. Such consent is subject to the condition that the final closing date of the Partial Offer shall not be later than 28 days after the date of the Offer Document without the Executive's prior consent.

THE INDEPENDENT BOARD COMMITTEE

Pursuant to Rule 2.1 of the Takeovers Code, the Independent Board Committee, comprising all the independent non-executive Directors, namely Datin Sri LIM Mooi Lang, Mr. KIM Wooryang and Ms. PENG Wenting, has been established to advise the Qualifying Shareholders as to whether the Partial Offer is fair and reasonable and as to its acceptance. The Independent Board Committee has approved our appointment as the independent financial adviser to the Independent Board Committee in this regard.

OUR INDEPENDENCE

Within the past two years prior to the Latest Practicable Date, other than our current engagement in relation to the Partial Offer, we were previously engaged as the independent financial adviser by the Company regarding the voluntary cash partial offer by Quam Capital Limited for and on behalf of Mangkon Road Limited in respect of the Company, as detailed in the response document of the Company dated 4 March 2025 (the "**Previous Engagement**"). Apart from normal professional fees paid or payable to us in connection with the Previous Engagement and this current engagement in relation to the Partial Offer, we did not have any other relationship with, or any interest in, the Company, the Offeror or any other parties that could reasonably be regarded as relevant to our independence. Given (i) our independent role in the Previous Engagement; (ii) none of the members of our parent group is a direct party to the Partial Offer; and (iii) our fee for this current engagement with the Company, in addition to that for the Previous Engagement, represented an insignificant percentage of revenue of our parent group, we consider the Previous Engagement would not affect our independence, and we consider ourselves independent to act as an independent financial adviser to the Independent Board Committee in respect of the Partial Offer.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

BASIS OF OUR ADVICE

In formulating our opinion, we have reviewed, amongst others, (i) the announcement in relation to the Partial Offer dated 4 June 2025 and the Offer Document published by the Offeror; (ii) the Response Document; (iii) the annual reports of the Company for the years ended 31 December 2022 (the “**2022 Annual Report**”) and 2023 (the “**2023 Annual Report**”); and (iv) other relevant announcements published by the Company on the website of the Stock Exchange up to the Latest Practicable Date, including those dated 30 August 2024, 30 September 2024, 10 October 2024, 23 October 2024, 30 October 2024, 21 November 2024, 29 November 2024, 31 December 2024, 3 February 2025, 4 February 2025, 13 February 2025, 28 February 2025, 13 March 2025, 31 March 2025, 14 April 2025, 24 April 2025, 14 May 2025 and 30 May 2025. As at the Latest Practicable Date, the Company has yet to publish the unaudited interim results for the six months ended 30 June 2024 (the “**2024 Interim Results**”) and the annual results for the year ended 31 December 2024 (the “**2024 Annual Results**”).

We have relied on the statements, information and facts supplied by the Company, and the opinions expressed by the Directors and the senior management of the Group (the “**Management**”), and we have no reason to suspect that any relevant information has been withheld, nor are we aware of any fact or circumstance which would render the information provided and representations made to us untrue, inaccurate or misleading. We understand the Directors jointly and severally accept full responsibility for the accuracy of information contained in the Response Document, and confirm, having made all reasonable enquiries, that to the best of their knowledge, opinions expressed in the Response Document have been arrived at after due and careful consideration and there are no other facts not contained in the Response Document, the omission of which would make any statement in the Response Document misleading. We also understand that, as regards the information in the Response Document relating to the Offeror and parties acting in concert with the Offeror, the terms of the Partial Offer and the intention of the Offeror regarding the Group that has been compiled or summarised from the Offer Document, the Directors’ responsibility is limited to the correctness and fairness of the extraction of such information and/or its reproduction or presentation but accept no further responsibility in respect of such information.

We consider that we have reviewed sufficient information to reach an informed view and give the advice and recommendation set out in this letter, and we have no reason to believe that any material information has been omitted or withheld, or doubt the truth or accuracy of the information provided. We have, however, not conducted any independent investigation into the business and affairs of the Group or any of their respective associates or any party acting, or presumed to be acting, in concert with any of them, nor have we carried out any independent verification of the information supplied.

Your attention is drawn to the responsibility statements as set out in the section headed “Responsibility statement” of Appendix II to the Response Document. We, as the Independent Financial Adviser, take no responsibility for the contents of any part of the Response Document, save and except for this letter of advice.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Should there be any subsequent material changes to our opinion during the period from the Latest Practicable Date and up to the close of the Partial Offer, the Independent Board Committee and the Qualifying Shareholders would be notified as soon as possible in accordance with Rule 9.1 of the Takeovers Code.

We have not considered the tax implications on the Qualifying Shareholders of their acceptances or non-acceptances of the Partial Offer (as the case may be) since these are particulars to their own individual circumstances. In particular, the Qualifying Shareholders who are resident outside Hong Kong or subject to overseas taxes or Hong Kong taxation on securities dealings should consider their own tax position regarding the Partial Offer and, if in any doubt, should consult their own professional advisers.

PRINCIPAL FACTORS AND REASONS CONSIDERED FOR THE PARTIAL OFFER

In assessing the Partial Offer and in giving our recommendation to the Independent Board Committee, we have taken into account the following principal factors and reasons:

1. Background and financial information of the Group

The Group is principally engaged in the exploration, development and mining of tin and copper bearing ores in Australia, with its main project include the Renison Bell mine that is owned and operated by Bluestone Mines Tasmania Joint Venture Pty Ltd (“BMTJV”), which in turn is owned as to 50% by the Offeror indirectly and 50% by a non-wholly owned subsidiary of the Company. We understand from the 2022 Annual Report and the 2023 Annual Report that all of the revenue of the Group were generated from the sales of tin concentrate from mining operation for each of the years ended 31 December 2022 and 2023.

We set out below a summary of the audited consolidated financial information of the Group for the years ended 31 December 2022 and 2023, respectively, as extracted from the 2022 Annual Report and the 2023 Annual Report.

Financial performance of the Group

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Figures from continuing operations.

* *Figures include a loss for the year from discontinued operation of approximately HK\$0.6 million for the year ended 31 December 2022. On 31 December 2022, the Group completed the disposal of the then wholly-owned subsidiary principally engaged in trading of mineral products operation, at a cash consideration of HK\$3.2 million, where the Group recorded a loss for the year from discontinued operation of approximately HK\$0.6 million for the year ended 31 December 2022.*

The Group recorded revenue from continuing operations of approximately HK\$820.9 million for the year ended 31 December 2023, representing an annual decrease of approximately 11.9%, mainly due to the decrease in average tin price. Gross profit margin from continuing operations reduced from approximately 43.8% for the year ended 31 December 2022 to approximately 36.1% for the year ended 31 December 2023, primarily because cost of sales remained relatively stable while revenue recorded a decline. Profit for the year decreased by approximately 60.9% from approximately HK\$262.9 million for the year ended 31 December 2022 to approximately HK\$102.8 million for the year ended 31 December 2023. Such decrease in profit for the year was mainly attributable to the combined effect of (i) the decrease in revenue; (ii) the reduction in gross profit margin; (iii) the increase in impairment on financial investment by approximately HK\$25.0 million; (iv) the absence of fair value gain of financial instrument for the year ended 31 December 2023 (year ended 31 December 2022: approximately HK\$23.0 million); and (v) the record of a net foreign exchange loss of approximately HK\$2.8 million for the year ended 31 December 2023 (year ended 31 December 2022: net foreign exchange gain of approximately HK\$20.7 million).

Overall, the Group was profitable, but the Group recorded a significant annual decline in profit attributable to owners of the Company for the year ended 31 December 2023.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

As at 31 December 2023, the Group had total assets of approximately HK\$1,664.5 million (31 December 2022: approximately HK\$1,394.9 million), which mainly comprised (i) property, plant and equipment (which primarily included mine properties and development, owned properties and plant, machinery and equipment) that are mostly located in Australia of approximately HK\$773.8 million (31 December 2022: approximately HK\$555.0 million); (ii) exploration and evaluation assets of approximately HK\$396.0 million (31 December 2022: approximately HK\$408.2 million); and (iii) cash and cash equivalents of approximately HK\$201.3 million (31 December 2022: approximately HK\$189.8 million). The aggregate book value of the property, plant and equipment, exploration and evaluation assets and cash and cash equivalents accounted for approximately 82.4% of the total assets as at year end of 2023 (31 December 2022: approximately 82.7%).

As at 31 December 2023, the Group had total liabilities of approximately HK\$573.0 million (31 December 2022: approximately HK\$413.9 million), which mainly comprised (i) trade payables and other payables and accruals aggregately amounting to approximately HK\$204.6 million (31 December 2022: approximately HK\$157.3 million); (ii) provision for rehabilitation of approximately HK\$142.7 million (31 December 2022: approximately HK\$74.6 million); (iii) deferred tax liabilities of approximately HK\$90.9 million (31 December 2022: approximately HK\$142.3 million); and (iv) tax payables of approximately HK\$87.2 million (31 December 2022: nil).

As a result, the Group recorded net assets and net assets attributable to the owners of the Company of approximately HK\$1,091.5 million and HK\$1,004.7 million, respectively, as at 31 December 2023.

Business and industry outlook

Based on the quarterly announcements of production summary, extracted from internal management records, and published by the Company, total production volume of tin metal of the Renison underground mine in 2024 was approximately 11,006 tonnes (2023: approximately 9,532 tonnes), representing an annual increase of approximately 15.46%. With reference to the 2024 Renison ore reserve update announcement of the Company dated 4 February 2025 (the “**Latest Ore Reserve Announcement**”), total Renison Bell proved and probable reserve at 31 March 2024 was approximately 8.210 million tonnes for approximately 112,200 tonnes of contained tin. We have discussed with the Management, with reference to the Latest Ore Reserve Announcement, on the latest status of the mine operation of the Group and we are advised by the Management that the mine operation of the Group still has abundant resources and reserves given, based on latest proven and probable reserves, where the estimated remaining useful life of the mines for its mine operation at the Renison Bell mine project is around 10 years.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

In this regard, we have reviewed the ore reserve announcement published by the Offeror, the mining joint venture partner of the Group and owns 50% of BMTJV (i.e. the Renison Bell mine project) on the Australian Securities Exchange dated 31 January 2025 and the latest quarterly report published by the Offeror on the Australian Securities Exchange on 23 April 2025, where we note that (i) the mine life of the Renison Bell mine project remains at approximately 10 years, as mining depletion was largely offset by additional resources and reserves identified, ensuring its continued status as a significant global tin producer; and (ii) the ore reserve figures are consistent with those published in the Latest Ore Reserve Announcement aforementioned. For further technical details regarding the mines and the mining operation of the Group, please refer to the reserve update announcements that the Group publishes from time to time.

We understand tin is a commodity and its unit price has been volatile, hence an accurate forecast of future tin price cannot be reliably made. Nonetheless, we have reviewed the historical unit price of tin quoted on the website of the London Metal Exchange, where we noted the cash price of tin mainly fluctuated between US\$24,000 per tonne to US\$30,000 per tonne for the year ended 31 December 2023 and mainly fluctuated between US\$28,000 per tonne to US\$34,000 per tonne for the year ended 31 December 2024 and up to the Latest Practicable Date, demonstrating an overall increasing trend.

In respect of tin demand, we have reviewed information published on the official website of the International Tin Association (the “ITA”). The ITA was established in 1932 in London, where the organisation has evolved to recognise a broad range of tin industry issues and expanded activities in areas such as market analysis, technology, sustainability, and regulatory affairs. In particular, we understand the ITA gathers primary information about tin supply and demand, where the full and associate members of the ITA represent 73% of global tin production, including nine of the top ten global producers. According to an article titled “*The need for investment in tin future supply*” dated 19 December 2024 published by the ITA, we understand (i) tin is an essential metal, with 50% of tin used in solder, and other uses in chemicals, tinplate, lead-acid batteries, and a variety of alloys; and (ii) tin’s use in solder exposes it to the electric vehicle and solar industries, where the ITA forecasted would push tin consumption up from 357,000 tonnes in 2023 to 428,000 tonnes in 2030, representing a compound annual growth rate of approximately 2.63% during the period.

2. Major uncertainties and developments of the Group subsequent to year 2023

As at the Latest Practicable Date, the Company has yet to publish the 2024 Interim Results and the 2024 Annual Results and the trading in the Shares on the Stock Exchange is still under suspension. We have not reviewed the audited accounts nor the management accounts of the Group for financial periods after the year ended 31 December 2023, which remained outstanding as at the Latest Practicable Date given such financial information are not yet available to us and published due to the Incidents (as defined and elaborated below) as advised by the Management. With reference to the announcements of the Company dated 30 August 2024, 30 September 2024,

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

10 October 2024, 21 November 2024, 31 March 2025, 24 April 2025 and 30 May 2025, suspension of the trading in the Shares on the Stock Exchange began on 2 September 2024 due to the delay in publication of the 2024 Interim Results (then the delay in publication of the 2024 Annual Results), where the resumption of trading in the shares of the Company is still subject to the resumption guidance set out by the Stock Exchange (the “**Resumption Guidance**”), as further discussed below.

Incidents leading to the delay in publication of the 2024 Interim Results

The delay in publication of the 2024 Interim Results (then the delay in publication of the 2024 Annual Results) was mainly due to three corporate incidents (the “**Incidents**”) of the Company. Such Incidents include (i) the repayment of a loan (the “**Loan Repayment**”) of approximately HK\$66.1 million from Cybernaut Greentech Investment Holding (HK) Limited (“**Cybernaut**”, a substantial shareholder of the Company), by transferring the relevant proceeds to a personal bank account of a director of Cybernaut, instead of to Cybernaut’s corporate bank account, the receipt of which was denied by another director of Cybernaut; (ii) the failure to redeem investment of approximately HK\$48.4 million from a fund after its default in interest payments (the “**Fund Subscription**”), where, according to the 2023 Annual Report, the fund investment at amortised cost (i.e. net of impairment losses) amounted to approximately HK\$23.8 million as at 31 December 2023; and (iii) the investment in an associate of approximately HK\$10.2 million without approval by the board of Directors and supporting documentation (the “**Associate Investment**”), where, according to the 2023 Annual Report, the investment had already been fully written off, amounting to nil, as at 31 December 2023. For details of the Incidents, please refer to the supplemental announcement of the Company dated 21 November 2024 (the “**November Supplemental Announcement**”).

For illustrative purpose only, in respect of the financial impact of the Incidents, we consider an aggregate hypothetical adjustment of approximately HK\$89.9 million (the “**Hypothetical Adjustment**”) for our analyses in this letter, after taking into account (i) the Loan Repayment of approximately HK\$66.1 million in the scenario where the Group has to make the Loan Repayment to Cybernaut’s corporate bank account, without recovering the amount previously the Group paid to a personal bank account owned by a director of Cybernaut; (ii) the failure of redemption for the Fund Subscription at amortised cost of approximately HK\$23.8 million as at 31 December 2023; and (iii) the Associate Investment, which amounted to nil as at 31 December 2023 given it had already been fully written off, with reference to the figures mentioned in the previous paragraph. We wish to emphasise that the Hypothetical Adjustment, which was derived from accounting figures in the latest annual reports of the Group, is solely for illustration and does not in any way indicate that the Incidents would materialise in such way. We understand the Company would publish announcement when there is any material updates to the Incidents.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Resumption guidance

On 18 November 2024, the Company received the Resumption Guidance from the Stock Exchange. The Stock Exchange required the Company to meet all requirements set out in the Resumption Guidance, remedy the issues causing its trading suspension and fully comply with the Listing Rules to the Stock Exchange's satisfaction before trading in its shares is allowed to resume. The Stock Exchange further indicated that it may modify or supplement the Resumption Guidance if the Company's situation changes. Under Rule 6.01A(1) of the Listing Rules, the Stock Exchange may cancel the listing of any securities that have been suspended from trading for a continuous period of 18 months. In the case of the Company, the 18-month period expires on 1 March 2026. For further details of the Resumption Guidance, please refer to the November Supplemental Announcement.

The Qualifying Shareholders should note that the trading of the Shares has been suspended, where the probability or timing of trading resumption is still uncertain. We are advised by the Management that the Company is still working towards the fulfilment of the Resumption Guidance (such as the establishment of independent committee and appointment of forensic investigator as disclosed in the announcement of the Company dated 24 April 2025). However, no material progress has been made and none of the six guidance points set out in the Resumption Guidance was fulfilled as at the Latest Practicable Date. Based on the latest quarterly update on status of resumption published by the Company on 30 May 2025, (i) the business operations of the Group were continuing as usual in all material aspects notwithstanding the suspension of trading in the Shares on the Stock Exchange; and (ii) the independent investigation is in progress. The Company will make further announcement(s) to inform the Shareholders and potential investors relating to the progress and/or results of the independent investigation and the internal control review and the publication of the 2024 Interim Results and other financial information as required to be published under the Listing Rules as and when appropriate.

The Qualifying Shareholders should also note that if the Company fails to resume share trading by 1 March 2026 (being less than 8 months from the Latest Practicable Date), the Listing Division of the Stock Exchange would recommend the Listing Committee of the Stock Exchange to proceed with the cancellation of the listing of the Company, where the Qualifying Shareholders not accepting the Partial Offer might result in holding unlisted Shares following the delisting and not be able to dispose such unlisted Shares on the open market. The Qualifying Shareholders should further note that even if they tender their Shares for acceptance under the Partial Offer, if the Offeror receives valid acceptances for more than 382,480,000 Shares, only part of but not all of the Shares tendered for acceptance will be taken up under the Partial Offer. In that situation, the Qualifying Shareholders accepting the Partial Offer will also result in holding unlisted Shares (being the portion not taken up under the Partial Offer) following the delisting and not be able to dispose such unlisted Shares on the open market.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

3. Information of the Offeror and its intention in relation to the Group

With reference to the Offer Document, the Offeror is a company incorporated in Australia with limited liability, the shares of which are listed on Australian Securities Exchange (ASX stock code: MLX). The principal activities of the Offeror are (i) investment in a joint venture company operating a tin mine in Australia; and (ii) investments in companies undertaking exploration and development of tin, gold and base metals projects in Australia.

The principal asset of the Offeror is its 50% interest in BMTJV, which owns and operates the Renison Tin Mine in Northwest Tasmania. BMTJV is owned as to 50% by the Offeror indirectly and 50% by a non-wholly owned subsidiary of the Company. According to the Offer Document, the Offeror (i) is confident in the long term development of the tin mine owned by BMTJV; and (ii) intends to increase its interest in BMTJV through obtaining a stake in the Company by making the Partial Offer.

As set out in “Letter from the Board” in the Response Document, as at the Latest Practicable Date, the Offeror and the Board have not had any discussion on the long-term strategic and development plan on the Group. Furthermore, no concrete or detailed plan was provided by the Offeror in the Offer Document for the business of the Group.

4. Principal terms and condition of the Partial Offer

Subject to the satisfaction of the Pre-Conditions, the Partial Offer is being made by Yu Ming for and on behalf of the Offeror in compliance with the Takeovers Code on the basis set out below:

For each Offer Share HK\$0.35 in cash

The making of the Partial Offer is subject to the satisfaction of the Pre-Conditions, being (i) the obtaining of consent from the Executive in respect of the Partial Offer pursuant to Rule 28.1 of the Takeovers Code, and (ii) the obtaining of a waiver from strict compliance with Rule 28.7 of the Takeovers Code from the Executive in respect of the Partial Offer for a maximum number (rather than a precise number) of Shares.

According to the announcement made by the Offeror on 13 June 2025, the consent from the Executive in respect of the Partial Offer has been obtained and the Pre-Conditions have been fulfilled on 12 June 2025. Such consent is subject to the condition that the final closing date of the Partial Offer shall not be later than 28 days after the date of the Offer Document without the Executive’s prior consent. The Partial Offer is not conditional on the level of acceptances.

The Partial Offer will be extended to all Qualifying Shareholders in accordance with the requirement of the Takeovers Code.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Acceptance of the Partial Offer by any Qualifying Shareholder will constitute a warranty by such Qualifying Shareholder to the Offeror that the Shares sold by it to the Offeror under the Partial Offer are fully paid, free from all liens, charges, encumbrances, rights of pre-emption and any other third party rights of any nature and together with all rights and benefits at any time accruing and attaching thereto, including all rights to any dividend or other distributions the record date of which falls on or after the Closing Date.

If, up to the Closing Date, any dividend or other distribution is declared in respect of the Offer Shares and the record date of which falls on or before the Closing Date, the Offeror reserves the right to reduce the Offer Price by an amount equal to the amount of such dividend or distribution declared, made or paid in respect of each Offer Share.

As set out in “Letter from the Board” in the Response Document, as at the Latest Practicable Date, the Company did not have outstanding dividends which had been declared but not yet paid and the Company did not have any intention to declare or pay any future dividend or make other distribution on the Shares prior to the close of the Partial Offer.

5. Offer Price

5.1 Comparison of Offer Price

The Offer Price of HK\$0.35 per Offer Share represents:

- (i) a premium of 25.00% over the closing price of HK\$0.28 per Share as quoted on the Stock Exchange on 30 August 2024, being the Last Trading Day;
- (ii) a discount of approximately 12.50% to the average of the closing prices of the Shares of HK\$0.40 per Share as quoted on the Stock Exchange for the last five consecutive trading days up to and including the Last Trading Day;
- (iii) a discount of approximately 10.26% to the average of the closing prices of the Shares of HK\$0.39 per Share as quoted on the Stock Exchange for the last 10 consecutive trading days up to and including the Last Trading Day;
- (iv) a discount of approximately 7.89% to the average of the closing prices of the Shares of approximately HK\$0.38 per Share as quoted on the Stock Exchange for the last 30 consecutive trading days up to and including the Last Trading Day; and
- (v) a discount of approximately 52.70% to the audited consolidated net asset value attributable to the owners of the Company of approximately HK\$0.74 per Share as at 31 December 2023, calculated based on the audited consolidated net asset value attributable to the owners of the Company of approximately HK\$1,004.7 million as at 31 December 2023 and 1,366,000,000 Shares in issue as at the Latest Practicable Date.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

5.2 Historical price performance of the Shares

To assess the fairness and reasonableness of the Offer Price, we have performed a review on the daily closing prices of the Shares from 1 September 2023 to 30 August 2024, being the 12-month period up to the last trading day before the trading suspension of the Shares (the “**Review Period**”). We consider that the duration of the Review Period to be a reasonable and sufficient period to illustrate the closing price movement of the Shares as it covered reasonably sufficient duration prior to trading suspension of Shares to reflect the general market reaction on the Shares.

The daily closing prices of the Shares for the Review Period and up to the Latest Practicable Date are illustrated as follows:

During the Review Period, the average closing price was approximately HK\$0.40 per Share (the “**Average Share Price**”) and the closing prices ranged from HK\$0.25 per Share (the “**Lowest Share Price**”) to HK\$0.495 per Share (the “**Highest Share Price**”).

The closing price of the Shares showed a general downward trend from around HK\$0.48 per Share in the beginning of September 2023 to around HK\$0.40 per Share in mid-January 2024. Then, the closing price plummeted to the Lowest Share Price of HK\$0.25 on 7 February 2024, but the closing price recovered (particularly following the publication of the annual results announcement in late March 2024) to the Highest Share Price on 8 May 2024 of HK\$0.495. Nonetheless, the closing prices mainly fluctuated between HK\$0.36 to HK\$0.40 per Share in June 2024 to August 2024. The closing price reached HK\$0.435 per Share on 29 August 2024, but plummeted to HK\$0.28 per Share the next day on 30 August 2024 (being the Last Trading Day),

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

representing a decline of approximately 35.63% for a single trading day. In view of such fluctuation, we have discussed with the Management regarding the possible reasons, and we were advised that, the Management were not aware of any particular matters which might possibly have a material impact on the Share prices apart from the publications made by the Company on the website of the Stock Exchange. We have also reviewed the Company's publications and we are not aware of any other matters that were price sensitive in nature.

We note that the Offer Price of HK\$0.35 per Offer Share represents (i) a premium of 25.00% over the closing price of the Shares on the Last Trading Day; (ii) a premium of 40.00% over the Lowest Share Price; (iii) a discount of approximately 29.29% to the Highest Share Price; and (iv) a discount of approximately 12.50% to the Average Share Price for the Review Period. The Qualifying Shareholders should note that the trading of the Shares has been suspended since 2 September 2024, nonetheless, after having considered that (i) the Review Period is the latest available timeframe for reference; (ii) the trading of the Shares has been suspended for less than a year, rather than several years; and (iii) the trading price is an important indicator of the then market value of the Shares, we consider our analysis to be relevant.

We further note that, based on the 1,366,000,000 Shares in issue, the Offer Price implies a market capitalisation of approximately HK\$478.1 million, whereas the closing Share price on the Last Trading Day implies a market capitalisation of approximately HK\$382.5 million. For illustrative purpose only, in the extreme scenario where the net assets of the Group is reduced by the Hypothetical Adjustment of approximately HK\$89.9 million and the market capitalisation of the Company is also reduced by the same amount on a conservative basis (considering the price to net assets ratio of the Group has been lower than 1), the adjusted market capitalisation as at the Last Trading Day would be approximately HK\$292.6 million, implying an adjusted price per Share of approximately HK\$0.21, where the Offer Price of HK\$0.35 would represent a premium of approximately 66.67% over such adjusted price per Share. We wish to emphasise that such extreme scenario is solely for illustration and does not indicate that the Incidents would materialise in such way.

5.3 Historical trading liquidity of the Shares

The following table sets out the trading volume of the Shares during the Review Period:

Notes:

1. Based on the average daily trading volume of Shares divided by the total issued Shares of the Company (i.e. 1,366,000,000 Shares throughout the Review Period).
2. Based on the average daily trading volume of Shares divided by the total number of Shares held by public Shareholders (i.e. 619,527,647 Shares throughout the Review Period).

As shown in the table above, during the Review Period, the trading liquidity of the Shares was thin. The average daily trading volume ranged from approximately 113,091 Shares in November 2023 to approximately 1,250,091 Shares in August 2024 (up to the Last Trading Day), representing approximately 0.0083% to 0.0915% of the total number of Shares in issue, or representing approximately 0.0183% to 0.2018% of the total number of Shares held by the public Shareholders. Moreover, the average daily trading volume of the Shares had accounted for merely

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

0.0253% of the total number of Shares in issue and approximately 0.0558% of the total number of Shares held by the public Shareholders throughout the Review Period. It is also noted that 51 out of the 245 trading days during the Review Period recorded no trading.

In addition, the trading of the Shares has been suspended, where the probability or timing of trading resumption is still uncertain and, even if the trading of the Shares has resumed, the Qualifying Shareholders (especially those with relatively sizeable shareholdings) may encounter difficulties in selling a significant number of Shares in the open market in one batch in view of the historically inactive trading of the Shares. Therefore, the Partial Offer provides an exit alternative at the Offer Price for the Qualifying Shareholders who would like to realise their investments in the Shares, particularly if they have relatively sizeable shareholdings or if they want to realise their investments in the near term given the uncertainties in trading resumption.

5.4 Comparison of Offer Price against net asset value per Share

The closing price of the Shares of HK\$0.28 as at the Last Trading Day represented a discount of approximately 62.16% to the net asset value attributable to the Shareholders per Share (“NAV per Share”) of approximately HK\$0.74 as at 31 December 2023.

We note that the Offer Price of HK\$0.35 per Offer Share represents a discount of approximately 52.70% to the NAV per Share as at 31 December 2023 of approximately HK\$0.74. For illustrative purpose only, if the net assets of the Group as at 31 December 2023 were reduced by the Hypothetical Adjustment of approximately HK\$89.9 million, the adjusted NAV per Share as at 31 December 2023 would be approximately HK\$0.67, where the Offer Price of HK\$0.35 would represent a discount of approximately 47.76% to such adjusted NAV per Share. We wish to emphasise that such extreme scenario is solely for illustration and does not indicate that the Incidents would materialise in such way.

5.5 Price ratio analysis

In assessing the fairness and reasonableness of the Offer Price, it is a general practice to review the price ratios (such as price to earnings and price to book ratios) of comparable companies listed on the Stock Exchange that are principally engaged in similar business activities. Nonetheless, to the best of our knowledge, we are not able to identify such comparable companies (i.e. being principally engaged in the mining and sale of tin) for us to perform a price ratio analysis in relation to the Offer Price.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

RECOMMENDATION

Despite the Offer Price represents a discount to the NAV per Share as at 31 December 2023 after primarily taking into account:

- the Offer Price of HK\$0.35 per Offer Share (i) represents a premium of 25.00% over the closing price of HK\$0.28 per Share as quoted on the Stock Exchange on the Last Trading Day; (ii) is comparable with the average of the closing prices of the Shares of approximately HK\$0.38 per Share as quoted on the Stock Exchange for the last 30 consecutive trading days up to and including the Last Trading Day; and (iii) is within the range of closing price per Share during the Review Period. Despite the trading of the Shares has been suspended since 2 September 2024, after having considered that (i) the Review Period is the latest available timeframe for reference; (ii) the trading of the Shares has been suspended for less than a year, rather than several years; and (iii) the trading price is an important indicator of the then market value of the Shares, we consider our analysis to be relevant;
- trading of the Shares has been suspended since 2 September 2024 and we note that no material progress on resumption has been made and none of the six guidance points set out in the Resumption Guidance was fulfilled as at the Latest Practicable Date, where the probability or timing of trading resumption is still uncertain. The Company may be delisted if the Company fails to resume share trading by 1 March 2026 (being less than 8 months from the Latest Practicable Date), where the Qualifying Shareholders not accepting the Partial Offer might result in holding unlisted Shares following the delisting and not be able to dispose such unlisted Shares on the open market;
- the trading liquidity of the Shares was thin, where the Qualifying Shareholders (especially those with relatively sizeable shareholdings) may encounter difficulties in selling a significant number of Shares in the open market in one batch in view of the historically inactive trading of the Shares even if the trading of the Shares has resumed; and
- in the extreme scenario where the market capitalisation as at the Last Trading Day is reduced by the Hypothetical Adjustment of approximately HK\$89.9 million, the adjusted market capitalisation as at the Last Trading Day would be approximately HK\$292.6 million, implying an adjusted price per Share of approximately HK\$0.21, where the Offer Price of HK\$0.35 would represent a premium of approximately 66.67% over such adjusted price per Share,

we are of the opinion that the Partial Offer is fair and reasonable so far as the Qualifying Shareholders are concerned. Accordingly, we advise the Independent Board Committee to recommend the Qualifying Shareholders to accept the Partial Offer.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

The Qualifying Shareholders should be aware that, the trading of the Shares has been suspended, where the probability or timing of trading resumption is still uncertain as at the Latest Practicable Date. If the Company fails to resume share trading by 1 March 2026, the Listing Division of the Stock Exchange would recommend the Listing Committee of the Stock Exchange to proceed with the cancellation of the listing of the Company, where the Qualifying Shareholders not accepting the Partial Offer might result in holding unlisted Shares following the delisting and not be able to dispose such unlisted Shares on the open market. The Qualifying Shareholders should further note that even if they tender their Shares for acceptance under the Partial Offer, if the Offeror receives valid acceptances for more than 382,480,000 Shares, only part of but not all of the Shares tendered for acceptance will be taken up under the Partial Offer. In that situation, the Qualifying Shareholders accepting the Partial Offer will also result in holding unlisted Shares (being the portion not taken up under the Partial Offer) following the delisting and not be able to dispose such unlisted Shares on the open market.

The Qualifying Shareholders are advised that the decision to accept or not to accept the Partial Offer is subject to individual circumstances and investment objectives. As at the Latest Practicable Date, trading of the Shares remains suspended, where the Partial Offer may be an exit alternative to realise investments in the Shares, particularly for the Qualifying Shareholders who have relatively sizeable shareholdings or who want to realise their investments in the near term given the uncertainties in trading resumption.

We would like to draw the attention of the Qualifying Shareholder to the fact that the publication of the 2024 Interim Results (then the 2024 Annual Results) has been delayed due to the Incidents. We have not reviewed the audited accounts nor the management accounts of the Group for financial periods after the year ended 31 December 2023, which remained outstanding as at the Latest Practicable Date given such financial information are still not yet available to us and published due to the Incidents as advised by the Management. Qualifying Shareholders are reminded to assess the latest developments and situation of the Group. If the trading of the Shares could be resumed during the Offer Period, the Qualifying Shareholders who wish to accept the Partial Offer are reminded to consider to sell their Shares in the open market, instead of accepting the Partial Offer if the then market price of the Shares is higher than the Offer Price. The Qualifying Shareholders are also reminded that if valid acceptances of more than 382,480,000 Offer Shares are received, the Qualifying Shareholders may not be able to fully realise their Shares, in case they opt to accept the Partial Offer.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

As different Qualifying Shareholders would have different investment criteria, objectives, risk preference and tolerance level and/or circumstances, we would recommend any Qualifying Shareholder who may require advice in relation to any aspect of the Response Document, or as to the action to be taken, to consult a licensed securities dealer, bank manager, solicitor, professional accountant, tax adviser or other professional adviser before making the decision to, whether or not, accept the Partial Offer. The Qualifying Shareholders should read carefully the procedures for accepting the Partial Offer as detailed in the Offer Document.

7. LITIGATION

The Company and/or the Group is a party to litigations under the HCA 1357 Action, High Court Action number 3132/2016 (“**HCA 3132 Action**”) and High Court Action number 492 of 2017 (“**HCA 492 Action**”).

HCA 1357 Action

Reference is made to the section headed “Information on the Group” of the Letter from the Board in this Response Document for the background of HCA 1357 Action. The proceedings involves disputes arising from the Parksong S&P Agreement in relation to the sale and purchase of the entire issued share capital of Parksong signed between Mr. Chan as the vendor, GPL as the purchaser and the Company being GPL’s parent company as the guarantor and the completion of the acquisition took place on 4 March 2011.

Mr. Chan alleged that GPL and the Company have breached the Parksong S&P Agreement by failing to make payment of AUD15,143,422.44 (equivalent to approximately HK\$78,340,180.12), being the alleged amount of the “Receivables” which Mr. Chan alleged is entitled under the Parksong S&P Agreement (“**Mr. Chan’s Claim**”).

GPL and the Company denied Mr. Chan's Claim and have made counterclaim against Mr. Chan for his breach of the respective terms and/or guarantees and/or warranties in the Parksong S&P Agreement. GPL and the Company sought to, amongst others, claim against Mr. Chan by way of counterclaim and set-off and stated that GPL has suffered loss and damage by reason of:

- (a) Mr. Chan has prepared 3 sets of documents which showed a conflicting picture as to who was the owner of an advanced sum of AUD16.3 million ("**AUD16.3 Million**") to Yunnan Tin Hong Kong (Holding) Group Co. Ltd. ("**Yunnan Tin HK**"), a majority-owned subsidiary of Parksong, before the completion of the acquisition; and/or further the said advanced sum of AUD16.3 million may be an amount owed to one of Yunnan Tin HK's shareholder, Yunnan Tin Group (Holding) Company Limited ("**Yunnan Tin PRC**"), by Yunnan Tin HK which is not recorded in the relevant accounts (and thus amounting to an additional amount under the payables owed by Mr. Chan under the Parksong S&P Agreement ("**Payables**") which Mr. Chan is liable to compensate GPL for the said advanced sum of AUD16.3 million. Yunnan Tin PRC is the long-term business partner of the Group. Yunnan Tin PRC indirectly holds 18% interest of YT Parksong Australia Holding Pty Limited ("**YTPAH**"), an indirect non-wholly owned subsidiary of the Company, holding 50% interest in the Renison underground mine. Parksong, a subsidiary of the Company, indirectly holds 82% interest of YTPAH; and
- (b) the Payables due under the Parksong S&P Agreement was at the sum of AUD3,244,520.24 ("**Small Payables Claim**").

On 12 July 2024, the Company received the Judgment on the HCA 1357 Action from the Court. Pursuant to the Judgment, it was ruled in favour of GPL and the Company and held that, among others:

- (a) in respect of the Small Payables Claim, it was held that the sum of AUD3,244,520.24 can be set-off against the Receivables (being an amount in the sum of approximately AUD15.14 million) owed to Mr. Chan;
- (b) regarding the AUD16.3 million, in light of the Court's finding that the AUD16.3 million (i.e. Yunnan Tin PRC's contribution) was in the nature of a shareholder's loan, the AUD16.3 million were Payables and can be set-off against the Receivables;

- (c) in respect of Yunnan Tin PRC's defence and counterclaim against each of Mr. Chan, Parksong, Yunnan Tin HK and GPL for damages and/or rectification of accounts of Yunnan Tin HK to recognise the sum of AUD16.3 million as being due to Yunnan Tin PRC, the Court ruled that the rectification agreed between Yunnan Tin PRC, GPL and the Company would best reflect the proper performance of the final agreement between Mr. Chan and Yunnan Tin PRC and the justice of this case and the parties should seek to rectify the accounts accordingly in a consensual manner; and
- (d) as to the claim of GPL and the Company regarding fraudulent and negligent misrepresentation against Mr. Chan in respect of the AUD16.3 million, the Court held that the negligent misrepresentation over the amount of shareholder's loan is made out and rejected the case of fraudulent misrepresentation. The Court further held that the shortfall of approximately HK\$118.99 million in the sum assigned to GPL by Mr. Chan is the damage suffered by GPL.

To sum up, given GPL's success on the categorisation issue on the AUD16.3 million and the Small Payables Claim, there is a net balance due to GPL by Mr. Chan in the sum of approximately AUD4.4 million. The Court gave the judgment in favour of GPL against Mr. Chan in the said sum with interest at prime plus 1% from the date of GPL's counterclaim until judgment and thereafter at judgment rate(s) until payment. The Court allowed an opportunity to the parties to seek to agree the appropriate cost order in light of the complexity of the case. Failing agreement, each of the parties is to lodge and serve its skeleton arguments on costs within 21 days from the date of the Judgment. As at the Latest Practicable Date, Mr. Chan has failed and ignored to pay any part of the judgment sum, and the enforcement proceedings against Mr. Chan are still ongoing.

HCA 3132 Action

A writ of summons with general endorsements under HCA 3132 Action was issued by Yunnan Tin PRC against Parksong, Yunnan Tin HK and Mr. Chan on 30 November 2016. Under HCA 3132 Action, Yunnan Tin PRC has made various claims which relates to the AUD16.3 Million Issue. The writ of summons was eventually served in November 2017. At the hearing on 19 December 2017 under HCA 1357 Action, both Mr. Chan and Yunnan Tin PRC indicated their understanding that the matters under HCA 3132 Action shall be more conveniently dealt with under HCA 1357 Action and it indicated that HCA 3132 Action should be discontinued in due course. On 10 April 2019, order was given by the Court that HCA 3132 Action be stayed pending the determination of all the disputes in HCA 1357 Action. As at the Latest Practicable Date, no application to lift the stay of HCA 3132 Action was noted.

HCA 492 Action

By an amended writ of summons dated 3 March 2017, the Company, GPL, Parksong and Yunnan Tin HK as four plaintiffs have issued the writ with general endorsements under HCA 492 Action under which, amongst others, GPL and the Company made various claims against Mr. Chan as defendant including a declaration that Mr. Chan shall indemnify GPL and the Company for damages and loss suffered as a consequence of the claims of Yunnan Tin PRC under HCA 3132 Action and for the sum of AUD16.3 million for breach of the Parksong S&P Agreement. Under HCA 492 Action, Parksong and Yunnan Tin HK have also, without prejudice to any defence or counterclaim they may have against Yunnan Tin PRC, made claims against Mr. Chan as defendant for breach of fiduciary duty/director's duty while Mr. Chan was acting as a director of Parksong and Yunnan Tin HK for, amongst others, matters arising from HCA 3132 Action. On 13 March 2018, Mr. Chan's legal advisor acknowledged service to the amended writ of summons of HCA 492 Action. In March 2018, the plaintiffs made an application for extension to file a full statement of claim and the matter has been adjourned to be heard for directions at the hearing on 10 April 2019. It is intended that the matters under HCA 492 Action shall be dealt with under HCA 1357 Action. On 10 April 2019, order was given by the Court that HCA 492 Action be stayed pending the determination of all the disputes in HCA 1357 Action. As at the Latest Practicable Date, no application to lift the stay of HCA 492 Action was noted.
