7D.1c ( i ) How many +securities are proposed to be issued without +security holder approval using the entity's additional 10% placement capacity under listing rule 7.1A?

43,814,265

7D.1c ( ii ) Please explain why the entity has chosen to do a placement rather than a +pro rata issue or an offer under a +security purchase plan in which existing ordinary +security holders would have been eligible to participate

The entity has chosen to undertake a placement rather than a pro rata issue or security purchase plan as the placement is being made to a single strategic investor who is also entering into key commercial partnership agreements with the entity. The placement is being conducted at a significant premium to the prevailing market price, reflecting the strategic value of the relationship. A placement structure allows the entity to secure both funding and a strategic alliance efficiently, with certainty of execution, and without the delay or uncertainty inherent in broader offers to existing shareholders. The placement structure also avoids dilution at market prices and brings strategic benefits beyond capital.
