About RCR

RCR Tomlinson Ltd (ASX code: RCR) is a diversified engineering and infrastructure company, working with some of the world’s leading organisations to provide intelligent engineering solutions to the **Infrastructure, Energy and Resources** sectors. RCR has 119 years of history in the engineering sector and owns some of Australia’s oldest engineering businesses including RCR Tomlinson™, O’Donnell Griffin™, Haden™, and Resolve FM™.

RCR’s core capabilities encompass development, engineering, procurement, construction, operation and maintenance of major infrastructure, energy and resource projects. These include power generation plants (using a wide range of fuels, solar, wind and battery), water and waste treatment systems, rail and road tunnel infrastructure, rail signalling and overhead wiring systems, mineral processing and material handling plants, integrated oil & gas services (both onshore and offshore), supply of RCR proprietary materials handling and process equipment, and property services including facilities management, HVAC and electrical services.

RCR has operations across Australia, Asia and New Zealand. Additional information is available at www.rcrtom.com.au.

E.I. Engineering Intelligence™. That’s What We Do.
