Mantle Minerals Limited (**ASX:MTL**) ("Mantle") ("the Company") is pleased to provide the following report on its activities for the quarter ended 30 June 2025.

#### **Mt Roe Gold Project – Strategic Sale Agreement**

During the quarter, Mantle Minerals Limited (ASX: MTL) negotiated the binding agreement to divest its wholly owned subsidiary, Mt Roe Mining Pty Ltd, to Northern Star Resources Limited (ASX: NST) for total cash consideration of \$13.5 million which was announced on 22 July 2025.

Mt Roe Mining holds a portfolio of five gold and base metal tenements in the Pilbara region of Western Australia, including the Mt Berghaus and Roberts Hill projects. The sale represents a transformational transaction for Mantle, unlocking significant value relative to the Company's market capitalisation.

Importantly, Mantle retains its interests in the Yule River Project and the Pardoo Project, the latter of which hosts a published JORC-compliant nickel resource.

The Company views this outcome as a major milestone in its strategy to crystallise value from its portfolio while maintaining focus on its remaining advanced exploration assets.

#### **Mount Berghaus (E45/5899)**

Prior to execution of the binding agreement to divest Mt Roe Mining Pty Ltd, Mantle progressed exploration planning at the Mt Berghaus Project, located in the Mallina Basin of Western Australia.

During the quarter, the Company was awarded a co-funded drilling grant under the Western Australian Government's Exploration Incentive Scheme (EIS), covering 50% of eligible RC drilling and mobilisation costs, up to \$65,000. This recognised the technical strength of the proposed targets and the project's proximity to De Grey Mining's Hemi discovery.

Planning was advanced for an initial RC program to test a discrete magnetic anomaly interpreted as a potential intrusive body capable of hosting Hemi-style gold mineralisation. In parallel, Mantle secured the grant of E45/6645, consolidating the Mt Berghaus land package into a contiguous 140 km<sup>2</sup> holding.

These activities enhanced the strategic value of Mt Berghaus and contributed to the successful \$13.5 million divestment announced after the end of the quarter.

## **Corporate**

Post quarter-end on 22 July 2025, the Company announced it had received firm commitments to raise \$250,000 (before costs) through the proposed issue of 250 million fully paid ordinary shares at \$0.001 per share. Each share will be issued with one attaching unlisted option, exercisable at \$0.0015 and expiring five years from the date of issue. The shares will be issued pursuant to Mantle's placement capacity under ASX Listing Rule 7.1, while the options will be subject to shareholder approval, with a notice of meeting to be dispatched shortly.

Funds raised will be used to support Mantle's ongoing operations through to completion of the transaction.
