CORPORATE GOVERNANCE STATEMENT

20 August 2015

CORPORATE GOVERNANCE STATEMENT

Our corporate governance framework

The following statement sets out the corporate governance framework adopted by the Board of Super Retail Group Limited (the Company). The Corporate Governance Statement was authorised for issue by the Directors on 20 August 2015.

The Board has responsibility for the strategic direction of the Company so as to create value for shareholders and is committed to ensuring that the directors, officers and team members act in the best interests of the Company and its stakeholders. Corporate governance is at the core of the Board's approach, with the application of policies and practices of the highest standards providing a strong foundation for the fulfilment of this responsibility.

The Board has adopted governance arrangements that are consistent with the ASX Corporate Governance Council's Principles and Recommendations (3rd Edition) (ASX Principles). This statement has been formatted with reference to these Principles.

This statement and copies of the Company's policies, charters and codes relevant to corporate governance are available on the Company's website at www.superretailgroup.com in the Investors & Media section. The website is updated as required to ensure that it reflects the most recent governance information.

Details of the main components of the framework are set out in the following pages. These arrangements, unless otherwise stated, were in place throughout the reporting period and are current as of the signing of this report.

An overview of the governance framework:

Principle 1: Lay solid foundations for management and oversight

The role of the Board of Directors

The Board's role is to protect the rights and interests of shareholders and is accountable to them for the management of the business and affairs of the Company. The Board's principal objective is to create value for shareholders while ensuring the Company's activities are properly managed.

The Board has adopted a Board Charter which sets out the manner in which its role, powers and responsibilities will be exercised and discharged, having regard to principles of good corporate

governance, applicable laws and the interests of all of the Company's stakeholders. The Board Charter was revised having regard for the ASX Principles and adopted by the Board in September 2014. The revision provided clarity of the alignment of the Charter with both the ASX Principles and the Company's governance practices.

The Board's responsibilities include:

- contributing to and approving the Company's strategic direction and objectives, monitoring implementation of those strategies;
- monitoring financial performance of the Company, including adopting annual budgets;
- approving the Company's financial statements and monitoring management processes aimed at ensuring the integrity of financial and other reporting;
- approving major expenditure and capital initiatives, including major capital expenditure, acquisitions and divestures and monitoring capital management;
- approving systems of risk management and internal control, monitoring the effectiveness of systems to identify and appropriately mitigate material business risk;
- appointing and removing the Group Managing Director/Chief Executive Officer (CEO) and the Company Secretary;
- evaluating performance and determining the remuneration of the CEO and Senior Executives;
- approving communications with the Company's shareholders and the community; and
- approving the Company's corporate governance framework, principles and policies and monitoring implementation and effectiveness.

The Board Charter is available on the Company's website.

The role of Board Committees

Whilst retaining ultimate responsibility for the affairs of the Company, the Board has established three Board Committees to perform certain functions and provide it with recommendations and advice:

- Nomination Committee;
- Audit and Risk Committee; and
- Human Resources and Remuneration Committee;

Each Committee has its own Charter setting out its role and responsibilities, composition, structure, membership requirements and the manner in which the Committee is to operate. All matters determined by Committees are submitted to the full Board as recommendations for Board decision. The Committee Charters were revised having regard for the ASX Principles and adopted by the Board in September 2014. The revisions provided clarity of the alignment of the Committee Charters with both the ASX Principles and the Company's governance practices.

Committee reports are provided by the Committee Chair at the subsequent Board meeting and minutes of committee meetings are tabled at the next following Board meeting. Additional requirements for specific reporting by the Committee to the Board is addressed in the Charter of each Committee.

An overview of Committee responsibilities:

The Charter of each Committee is available on the Company's website.

The role of the Group Managing Director and Chief Executive Officer (CEO)

Whilst retaining ultimate responsibility for the affairs of the Company, the Board has delegated responsibility for day-to-day management of the Company to the CEO. The CEO is supported in this function by the Senior Executives, which comprise the direct reports to the CEO, including the Managing Directors of the retail divisional and of the Company's international operations; Chief Financial Officer (CFO) and Chief Officers of the Company's Support Services.

The CEO manages the Company in accordance with the strategy, business plans and delegations approved by the Board and is accountable to the Board for the exercise of the delegated authority and, with the support of Senior Executives, must report to the Board through reports and presentations to the Board and its Committees.

The CEO's responsibilities include:

- developing and making recommendations to the Board on business strategies, budgets and policies;
- implementing business plans in accordance with approved strategies, budgets and policies; and
- reporting to the Board on Company performance and key operational issues.

Company Secretary

The Company Secretary is accountable to the Board, through the Chair, on all governance matters and all Directors have direct access to the Company Secretary.

The Company Secretary is responsible for co-ordination of all Board business including agendas, board papers, minutes, communication with the Australian Securities Exchange (ASX) and statutory filings.

The Board has appointed Mr R W Dawkins as Company Secretary. Details of the experience and qualifications of the Company Secretary are set out in the Directors' Report on page 10 of the 2015 Annual Report.

Diversity Policy

The Board recognises the many benefits that may be derived by companies that successfully foster a culture of diversity and is committed to creating a fair and inclusive environment. The Diversity Policy was revised having regard for the ASX Principles and adopted by the Board in July 2015. The revision provided clarity of the alignment of the Diversity Policy with both the ASX Principles and the Company's governance practices, including in respect of the requirement for the Board to set measurable objectives for achieving gender diversity and to assess both the objectives and the Company's progress in achieving them.

Information on diversity, including gender diversity is set out in the Diversity Report on page 5 to 6 of the 2015 Annual Report.

The Diversity Policy is available on the Company's website.

Performance Assessment

The Board undertakes an annual performance evaluation of the Board, its Committees and individual Directors. The evaluation of the 2014 financial year was completed in September 2014. The evaluation for the 2015 financial year commenced in June 2015 and shall be completed in September 2015.

The performance review process during the reporting period was comprised of reviews of the Board as a whole, its Committees and its individual Directors. The reviews were based on individual questionnaires completed by each Director and Senior Executives and the one on one discussion between the Chair and each Director. The questionnaire responses and insights from discussions are collated and the Board meets to discuss and consider the results and to determine any actions arising from the review.

Matters covered by the review include the role, structure, procedures, behaviours, performance, Directors' understanding of the strategy, objectives and key risks to the business and achievement of those objectives, succession planning and the effectiveness of the Chair.

Evaluation of Senior Executives' Performance

All senior executives receive a letter of appointment which sets out the Company's expectations of the role, their duties, the terms and conditions of their appointment and their remuneration. All Senior Executives receive an induction appropriate to their experience, enabling them to participate fully and actively as soon as possible, including familiarisation with the Company's strategic, financial and operational position.

All Senior Executives complete a performance and development review every six months. The review process is conducted by the CEO and includes the following:

- assessment against a set of key performance criteria, including both financial and non-financial performance measures;
- feedback on their performance over the review period and a rating based on that performance; and
- monitoring and revision as appropriate of the executive's development plan which is tailored to support the executive's ongoing contribution to the Company.

The Managing Director provides a summary of the performance evaluation of Senior Executives to the Human Resources and Remuneration Committee.

The performance evaluation of the Managing Director is completed by the Chairman, in

consultation with the Board.

The performance evaluation, in accordance with the aforementioned process, was completed during this reporting period. Additional information is available in the Remuneration Report from pages 17 to 31 of the 2015 Annual Report.

Principle 2: Structure the Board to Add Value

Composition of the Board

Director	Non-Executive	Executive	Independent	Nomination Committee	Human Resources and Remuneration Committee	Audit and Risk Committee
Robert Wright	Chair		Director	Chair		Member*
Peter Birtles		Director		Member		
Reg Rowe	Director			Member	Member

* Mr Murray was a Director and Committee Member as indicated throughout the reporting period, until his resignation with effect from 29 April 2015.

Details of these Directors' attendance at Board meetings are set out in the Directors' Report on page 9 of the 2015 Annual Report.

The Board has adopted a policy that it shall be composed of a majority of independent, Non-Executive Directors who, with Executive Directors, comprise an appropriate mix of skills, expertise, experience and diversity to meet the Board's responsibilities and objectives.

The Board is comprised of highly experienced business leaders who each meet the fundamental requirements necessary to govern an ASX listed company in the retail industry.

The Company seeks to have a diverse Board which collectively has:

- retail industry knowledge and experience, including customer centricity, supply chain, property, marketing, brand management, acquisitions and international retail markets and trends
- strategic capabilities and commercial acumen
- financial management capability, including accounting or related financial management qualifications

- experience in executive leadership

The Board, together with the Nomination Committee, determines the size and composition of the Board, subject to the Company's Constitution. The Constitution of the Company provides that the number of Directors is to be not less than three nor more than eight. The Board is comprised of four Non-Executive Directors and the Managing Director (following the resignation of Mr Murray effective 29 April 2015). The Company has announced a search for two additional non-executive

Directors to achieve a board of six Non-Executive directors, further develop capability, and manage diversity and succession planning.

Details of these Directors' experience and expertise are set out in the Directors' Report on pages 7 to 9 of the 2015 Annual Report.

The Chair is elected from the independent, non-executive Directors.

The Chair is responsible for leading the Board, ensuring Directors are properly briefed in all matters relevant to their role and responsibilities, facilitating board discussions and managing the Board's relationship with the Company's Senior Executives.

The Managing Director is responsible for implementing Group strategies and policies.

Additional information of the Directors' experience, expertise, qualifications and independent status are profiled in the Directors' Report on pages 7 to 9 of the 2015 Annual Report.

Directors' Independence

A Director is considered to be independent if they are free of any interest or relationship that might influence, or reasonably be perceived to influence, in a material respect their capacity to exercise independent judgement on issues before the Board and to act in the best interests of the Company and its shareholders generally.

Any Director who considers that they may have a conflict of interest or material interest, other than solely as a consequence of being a Director, in any matter concerning the Company is required to give the Board immediate notice of such interest. The Board regularly reviews the independence of each Non-Executive Director in light of the interests disclosed by them. Any change to a Director's independence status will be reported to the market.

Throughout the reporting period, the Board has adopted the independence criteria detailed in the Board Charter. The criteria has regard for the ASX Corporate Governance Council's Principles and Recommendations (3rd Edition).

With the exception of the Managing Director, Mr P A Birtles, all of the Directors are Non-Executive Directors.

Four of the five Non-Executive Directors are considered to be independent with Mr R A Rowe deemed not to be independent. Additional information regarding Mr R A Rowe's interests is detailed in the Directors' Report and in Note 30 on page 74 of the 2015 Annual Report.

Mr R J Wright has served as a Director for more than ten years. The Board considers that Mr Wright makes a significant contribution to the work of the Board and that his deep knowledge of the Company and broad business experience remains especially important. The Board believes that Mr Wright has retained independence of character and judgement and has not formed interests or associations that might compromise his ability to exercise independent judgement or to act in the best interests of the Company.

To the extent that a Director has a conflict of interest, they would not receive Board papers on the relevant matter and would absent themselves from any discussion at the Board meeting in relation to the relevant matter.

The Non-Executive Directors periodically meet without the Managing Director or other management being present.

Nomination Committee

The Nomination Committee is comprised of all Directors and is chaired by independent, Non-Executive Director, Mr R J Wright. The Board is of the view that its current composition is appropriate to enable the Committee to discharge its mandate effectively.

The composition of the Board is reviewed annually by the Nomination Committee to ensure that it has available an appropriate mix of skills, expertise and experience to ensure the interests of shareholders are served.

There were no new Director appointments during the reporting period.

Details of these Directors' qualifications and attendance at Nomination Committee meetings are set out in the Directors' Report on pages 7 to 9 of the 2015 Annual Report.

The Nomination Committee Charter details the Company's policy and procedure for selection and appointment of new Directors and re-election of incumbent Directors.
