## Successful Loan Refinancing Eliminates Large Lump-Sum Payments

The new loan terms demonstrate lender's confidence in  
Spacetalk's turnaround

**Spacetalk Ltd (ASX: SPA)** ("Spacetalk" or "the Company") is pleased to announce that it has successfully renegotiated the terms of its existing \$5 million loan facility, enhancing financial flexibility and ensuring more growth capital is available over the term of the loan.

As at 31 December 2024, under the previous agreement, \$1,750,000 was classified as a current liability, payable within the next 12 months. Under the revised terms, only \$1,000,000 will now be classified as a current liability, effectively freeing up \$750,000 that would have otherwise been due within this period. This adjustment reduces near-term repayment obligations, providing greater flexibility to support growth initiatives.

### Loan Classification Adjustments & Amortisation Schedule

  - \$1,750,000 classified as a current liability
  - \$3,250,000 classified as a non-current liability
- New structure:
  - \$1,000,000 classified as a current liability
  - \$4,000,000 classified as a non-current liability

  - The remaining principal balance is due on 31 March 2027.
- Interest rate remains at 9.5% per annum.

## Covenants

- The group's minimum cash balance must remain at \$750,000 at all times.
- EBITDA covenants: Specific targets must be met quarterly from 30 June 2025 onwards.

## Warrant Adjustments

- As part of the refinancing agreement, the existing warrant for 9,000,000 shares, exercisable at \$0.23 and expiring on 18 March 2025, was cancelled.
- A new warrant for 9,000,000 shares, exercisable at \$0.23 and expiring on 31 March 2027, has been issued, subject to shareholder approval.

## Financial Impact & Strategic Benefits

- This reclassification provides greater financial flexibility, shifting more repayment obligations into the non-current portion, allowing Spacetalk to better allocate resources towards growth initiatives.
