Global Lithium Signs Heritage Protection Agreement for Expanded Marble Bar Project Tenure

Global Lithium Resources Limited (ASX: GL1) (**GL1 or Company**) is pleased to advise that the Company has signed a Heritage Protection Agreement (HPA) for the Marble Bar Project with the Nyamal Aboriginal Corporation RNTBC (NAC), the registered native title body corporate for the area encompassing the entire, and recently expanded, Marble Bar Project tenure (Project).

The HPA sets out how the Company will proactively engage with NAC and the Nyamal Traditional Owners to explore the GL1 Project tenements while respecting and protecting Nyamal's Heritage and Native Title rights.

The HPA applies to the whole Project area, including the newly acquired 'Talga Project' tenements¹. This recent low cost, strategic acquisition has led to a 38% increase in the Company's tenement holding in the Pilbara gold and lithium province.

The Company is committed to working respectfully with NAC and Nyamal Traditional Owners and looks forward to the upcoming field season.

Global Lithium Executive Chair Ron Mitchell said: *"I would like to thank the Nyamal Traditional Owners for working with us to execute this Heritage Protection Agreement. The signing of the agreement provides a clear framework on how the two parties will work together on Nyamal traditional lands, including our newly acquired tenure. Global Lithium looks forward to investigating the Marble Bar Project's gold and base metal potential while we continue to progress approvals for the Manna Lithium Project. With a strong cash position and no debt, the Company continues to assess low-cost, strategic opportunities for the benefit of all shareholders."*

Nyamal Aboriginal Corporation Co-Chair Troy Eaton said: *"It is important to NAC and Nyamal Traditional Owners that Aboriginal Cultural Heritage is respected and protected. NAC welcomes companies, such as Global Lithium, to Nyamal Country to conduct exploration activities on the basis that they share NAC's values to respect and protect Aboriginal Cultural Heritage."*

1. ASX Announcement 4th December 2024. Acquisition Consolidates Large Gold and Base Metal Target.

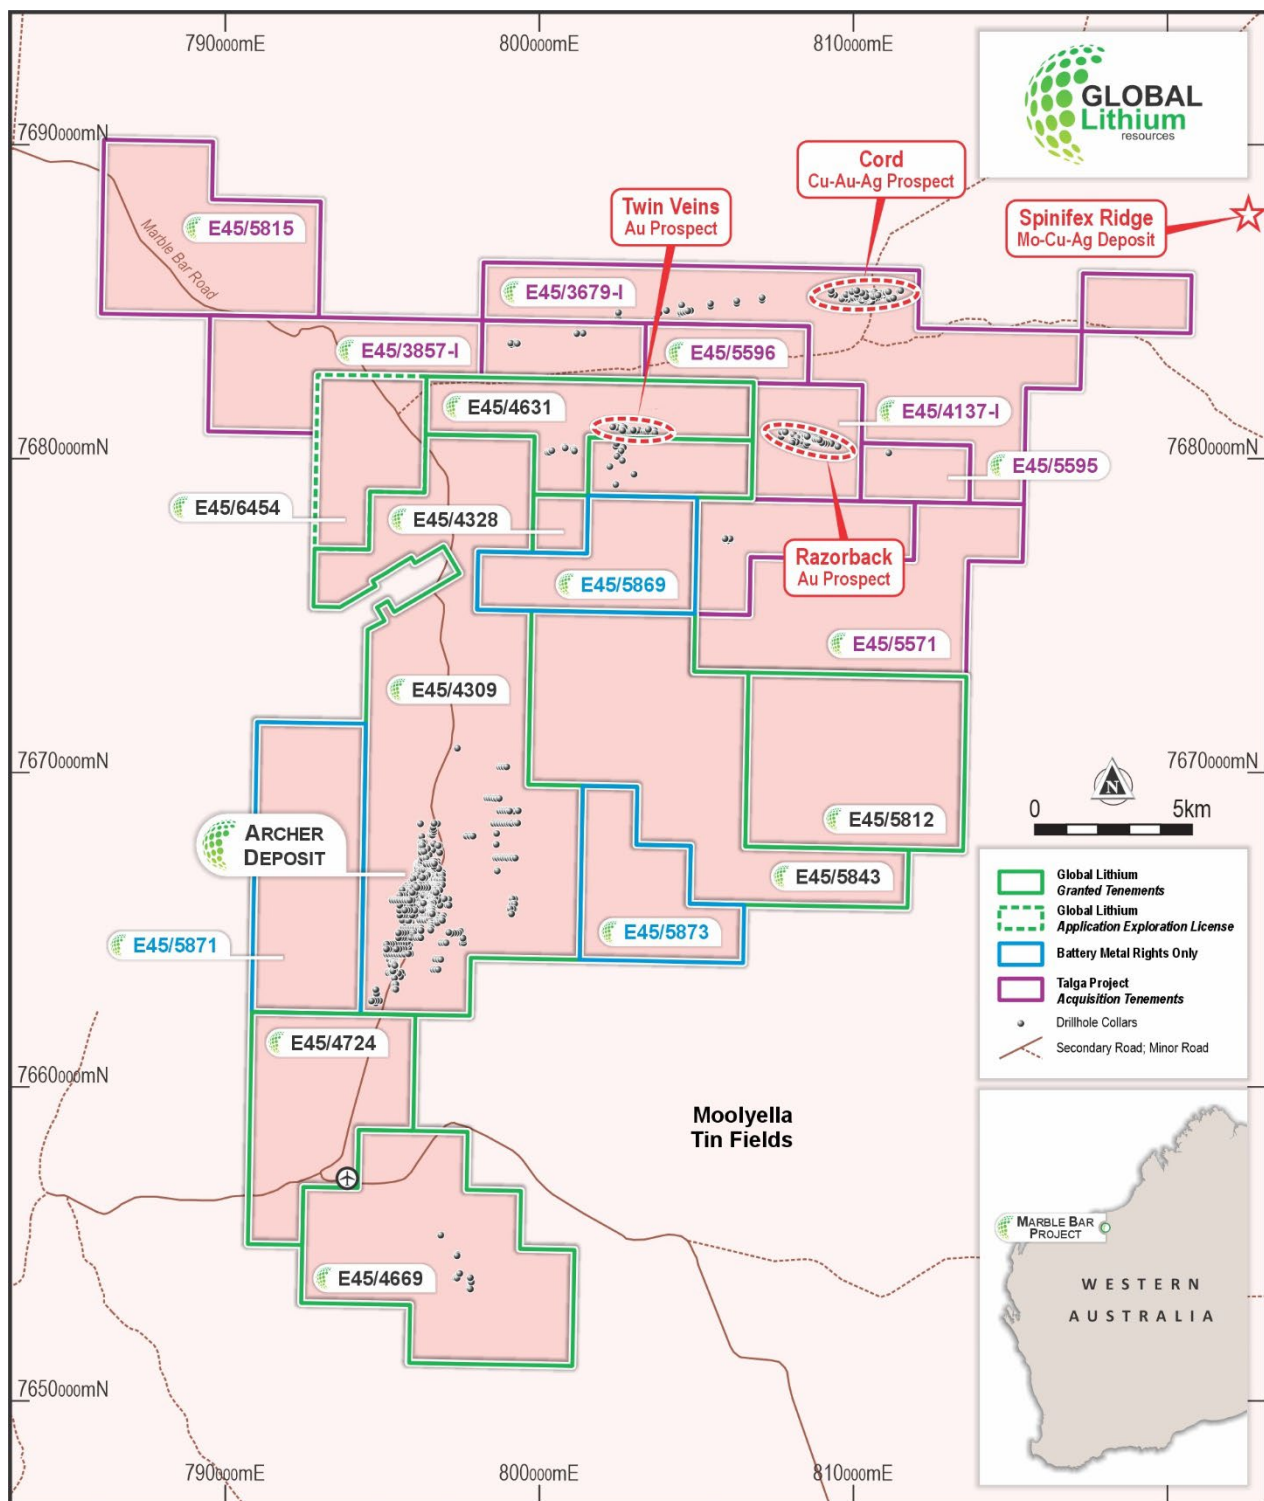

Figure 1: Tenements held within the Marble Bar Project Area, including newly acquired 'Talga Project' tenements.

Approved for release by the Board of Global Lithium Resources Limited.
