

Market Announcement

15 August 2023

Range International Limited (ASX: RAN) – Continuation of Suspension from Quotation

Description

The securities of Range International Limited ('RAN') were suspended from quotation on 28 December 2022, pending the release of an announcement regarding an update on the ITO Amended Assessment relating to FY2018.

RAN has since provided the update on the ITO Amended Assessment, but ASX has concerns about RAN's level of operations and financial condition in addition to having taken enforcement action against RAN for a breach of Listing Rule 10.1.

As a consequence, the securities of RAN will now be suspended from quotation by ASX under Listing Rule 17.3.1. The securities will remain suspended until RAN demonstrates compliance with Listing Rules 12.1 and 12.2, remedies the breach of Listing Rule 10.1 and ASX considers it is otherwise appropriate for RAN's securities to be reinstated to quotation.
