Financial Results

Half year ended 31 December 2024

13 February 2025

This presentation contains general information current as at 13 February 2025 (unless otherwise stated) and is not a recommendation or advice in relation to any product or service offered by Insurance Australia Group Limited or its subsidiaries (IAG or the Group). It presents financial information on both a statutory basis (prepared in accordance with Australian Accounting Standards which comply with International Financial Reporting Standards (IFRS)) and non-IFRS basis. This presentation is not an invitation, solicitation, recommendation or offer to buy, issue or sell securities or other financial products in any jurisdiction.

The presentation should not be relied upon as advice as it does not take into account the financial situation, investment objectives or particular needs of any person. The presentation should be read in conjunction with IAG's other periodic and continuous disclosure announcements filed with the Australian Securities Exchange (available at www.asx.com.au) and investors should consult with their own professional advisers.

No representation or warranty, express or implied, is made as to the accuracy, adequacy, completeness or reliability of any statements (including forward-looking statements or forecasts), estimates or opinions, or the accuracy or reliability of the assumptions on which they are based.

Any forward-looking statements, opinions and estimates in this presentation are based on assumptions and contingencies which are subject to change without notice, as are statements about market and industry trends, which are based on interpretations of current market conditions. This includes statements regarding IAG's strategy, targets, goals, ambitions, intent, belief, objectives, commitments and current expectations regarding, but not limited to, IAG's business, results, financial condition, capital adequacy, risk management practices and market conditions.

Forward-looking statements may generally be identified by the use of words such as "should", "would", "could", "will", "may", "expect", "intend", "plan", "forecast", "aim", "anticipate", "believe", "outlook", "estimate", "project", "target", "goal", "ambition", "continue", "guidance", "aspiration", "commit" or other similar words. Guidance on future earnings or performance are also forward looking statements. While IAG believes the forward-looking statements to be reasonable, such statements involve risks (both known and unknown) and assumptions, many of which are beyond IAG's control (including adverse

natural peril events causing losses to exceed forecasts, and uncertainties in the Australian and global economic environment). This may cause actual results, outcomes, conditions or circumstances to differ from those expressed, anticipated or implied in such statements. For further information on some of IAG's key risks see 'Note 3.1 Risk and Capital Management' in IAG's FY24 Annual Report available at www.iag.com.au

In addition, there are particular risks and uncertainties associated with implementation of IAG's strategy and related targets, ambitions and goals. As the strategy and related targets, ambitions and goals span a number of years, they are subject to assumptions and dependencies which have greater levels of uncertainty than guidance given for FY25. IAG's ability to execute its strategy and realise its targets, ambitions and goals will depend upon its ability to respond and adjust its business plans (as and when developed) to any changes in such assumptions and dependencies, including disruptions or events that are beyond IAG's control.

Neither IAG, nor any other person, gives any representation, assurance or guarantee that the occurrence of the events expressed or implied in any forward-looking statements in this presentation will actually occur and undue reliance should not be placed upon such statements. IAG assumes no obligation to update such information (except as required by law). Past performance is no guarantee or indication of future performance.

To the maximum extent permitted by law, IAG and each of its directors, officers, employees, agents and advisers disclaim all liability and responsibility for any direct or indirect loss, costs or damage which may be suffered by any recipient through use of or reliance on anything contained in, implied by or omitted from this presentation.

References to currency are to Australian dollars, unless otherwise specified. Prevailing exchange rates have been used to convert local currency amounts into Australian dollars, where appropriate.

Further information, including IAG's business structure, portfolio and partnerships is available on IAG's website at <https://www.iag.com.au/about-us/what-we-do>.

Nick Hawkins

Managing Director and Chief Executive Officer

Introduction

Acknowledgement of Country

IAG acknowledges Traditional Owners of Country throughout Australia and recognises the continuing connection to lands, waters and communities.

We pay our respect to Aboriginal and Torres Strait Islander cultures; and to Elders past and present.

We show our support by empowering Aboriginal and Torres Strait Islander peoples, businesses and communities.

Making your world a safer place

Delivering on our purpose in 1H25

Helping customers when they need us most

- Paid \$5.2 billion in claims, helping customers recover from unexpected loss
- Preparing to help and serve 1.7m members of RACQ following announcement of 25-year strategic alliance*
- Supported more than 10,000 customers facing financial hardship
- NRMA Insurance - entering centenary year - awarded Australia's most trusted insurance brand for 3rd consecutive year**

Building customer and community resilience

- Helped over 740,000 people improve their safety and preparedness via NRMA Insurance's Help Nation in Australia, and AMI's New Zealand road and workplace initiatives
- Investing ~\$5m in education and engagement programs for resilience and preparedness
- NRMA Insurance and Australian Red Cross partnered to deliver 276 Australian Red Cross EmergencyRedi™ workshops
- AMI provided 1,200 new NZ drivers one-year free roadside assistance

Making Australia and New Zealand safer and stronger

- Successfully placed 2025 catastrophe reinsurance program, complementing long-term natural perils volatility protection for FY25 to FY29 secured in June 2024
- Commenced transition of tool-of-trade fleet to electric and hybrid vehicles
- Launched global research study into safe use and storage of lithium-ion batteries
- NRMA Insurance helicopter deployed to support NSW RFS over Christmas period

* Subject to regulatory approvals and other conditions

** Roy Morgan 2024

Strength and resilience for more Australians and New Zealanders

Delivering outcomes

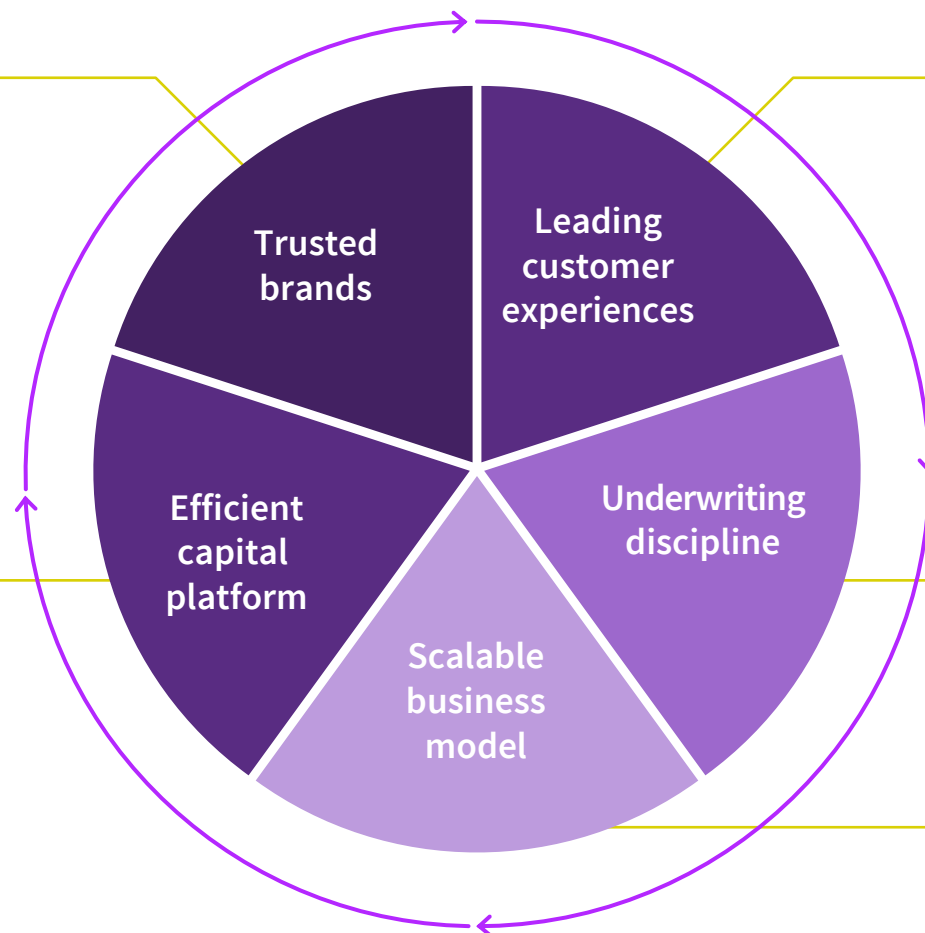

Leading brands, high trust

- NRMA Insurance #1 most trusted insurance brand in Australia, 3rd consecutive year* and Top 10 Strongest Brand**
- +42.3 (Aust), +52.4 (NZ) Customer tNPS
- ~90% renewal in Australian Retail

Innovative reinsurance protection

- Long-term strategic agreements
- Long-term natural perils volatility protection

Meeting more customer needs, faster

- AI enablement
- Communications simplification
- Complaints transformation
- Open retail claims reduced by ~32k in Aust and NZ
- Improved time to service
- Increased supplier capacity

Expert, disciplined underwriting

- Risk remediation
- Enhanced perils modelling

Scalable platform and financial strength

- Retail Enterprise Platform – adding 300k policies/month
- Commercial Enablement underway
- Strong balance sheet

Key highlights

- Solid 1H25 GWP growth driven by Motor (↑ 6.3%) and Home (↑ 6.1%)
- Strong renewal rates– close to 90% in Motor and over 90% in Home
- Reported insurance margin improved to 19.0% (1H24: 10.0%)
- Underlying insurance margin improved to 15.2% (1H24: 14.3%) reflecting lower claims ratio
- ~17k reduction in open claims during 1H25
- \$160m run-rate claims value achieved out of \$400m target
 - Improvement of motor supply chain
 - Enhancements to fraud detection capabilities
- NRMA Insurance awarded Most Trusted Insurance Brand in Australia for 2024 by Roy Morgan, with NSW policy growth of 1% in Motor and 0.5% in Home

Key highlights

- GWP growth of 10.3% with strong growth in workers' compensation, including impact of multi-year policies (~\$80m)
- Lower reported insurance margin of 12.8% (1H24: 14.7%) but stable underlying insurance margin of 11.5% (1H24: 11.5%)
- Stable reserving position, net reserve release of \$9m
- 50bps reduction in expense ratio
- IIA saw a 4.6pts increase in NPS from 1H24 to 1H25
- Foundations set for delivery of sustainable profitable growth across CGU & WFI, and will be further enabled through transformation and delivery of Commercial Enablement technology uplift

Key highlights

- GWP up 3.2% to A\$1,067m
- NZ\$ underlying GWP growth of ~8% adjusting for timing of premium processing changes. Impacted by a softening economy resulting in modest volume loss
- Strong reported insurance margin of 30.5% (1H24: 22.3%), following benign perils experience
- Underlying insurance margin of 21.4% (1H24: 14.3%)
- ~15k reduction in open claims during 1H25
- Expanded AMI MotorHub to 10 sites across New Zealand, including a new Wellington site, covering ~30% of driveable repairs and delivering improved customer satisfaction and ~20% lower costs
- Enterprise Platform rollout - successful BNZ and AMI & State motor go-live in November, with State motor recording unit growth

Key highlights

- GWP decline by 1.2% to A\$820m
- NZ\$ GWP growth of ~1%
- Strong reported insurance profit margin of 26.0% (1H24: 18.8%)
- Underlying insurance margin of 16.8% (1H24: 15.5%)
- Retained 34 of 35 large accounts during most recent renewals
- Underwriting discipline maintained in a softening commercial insurance environment
- NZI saw ~5pts increase in NPS in 1H25

Reported insurance profit (\$m)	614	957	55.9%	▲
Reported insurance margin (%)	13.7	19.4	570bps	▲
Underlying insurance profit (\$m)	614	747	21.7%	▲
Underlying insurance margin (%)	13.7	15.1	140bps	▲
Net profit after tax (\$m)	407	778	91.2%	▲
Cash earnings (\$m)	415	640	54.2%	▲
Dividend (cps)	10.0	12.0	20.0%	▲
CET1 ratio	1.16	1.42	26pts	▲

Solid top-line growth

Reported 1H25 GWP growth of 6.0%: (underlying growth ~7%¹)

- Ongoing premium increases reflecting moderating claims inflation and increased perils allowance
- Strong renewal rates for direct channels in Australia and New Zealand
- Relatively flat volumes across Home and Motor portfolios in RIA, with modest volume decline in New Zealand
- Strong focus on underwriting discipline in commercial portfolios, with signs of softening particularly in New Zealand

Gross Earned Premium (GEP) growth of 10.8%

Net Earned Premium (NEP) growth of 9.7%

Group GWP, GEP & NEP growth (%)

¹ Underlying GWP growth adjusts for Coles exit, multi-year workers' compensation, crop, premium processing timing changes and FX effects.

Increased underlying insurance margin

Underlying insurance margin improved to 15.1% (1H24: 13.7%):

- Increased perils allowance to \$641m (1H24: \$549m)
- 300bps underlying claims ratio improvement
- Expense ratio decrease to 23.6% (1H24: 23.7%), with a modest reduction in commission ratio and flat administration ratio, including higher levies
- Lower investment yield

Improvement in underlying claims ratio

Drivers of 300bps improvement in underlying claims ratio

- Moderating claims inflation, particularly in New Zealand
- Improved supply chain and motor repair network capacity and benefit from lower total loss motor claims costs in RIA
- Improvement in long-tail experience, with short-tail classes in line with expectation in IIA
- Claims initiatives to reduce fraud
- Strong improvement in New Zealand with lower frequency levels supplementing reduction in open claims and expansion of motor repair network

Favourable perils experience and strong reinsurance protection

1H25 net perils costs of \$426m, \$215m below allowance

- One major event of \$53m in August 2024
- Continue to adopt prudent reserving approach reflecting Hunter Hail experience

Maintain FY25 perils allowance of \$1,283m

- In line with attachment point for perils volatility cover
- Prudent approach to allow for uncertainty of 2H25 perils outcome
- Maximum Event Retention of \$337m (67.5% of \$500m)
- January/February 2025 net perils costs of ~\$100m above expectation, reducing the year-to-date favourability to ~\$100m

Catastrophe reinsurance program

Improvement in administration expense ratio

1H25 admin ratio ex-levies 30bps improvement compared to 1H24

- Administration expenses ex-levies up 5.1% including higher technology costs including amortisation
- Proportionally greater increase in costs to 'Grow', including transformation
- Ongoing investment in automation and artificial intelligence to increase operational efficiency

Group administration ratio ex-levies expected to reduce to under 11% in FY27

Strong investment result across all asset classes

Technical reserves income
(~\$7bn portfolio)

Shareholders' funds income
(~\$6bn portfolio)

Strong CET1 capital position

Nick Hawkins

Managing Director and Chief Executive Officer

Guidance & Outlook

Reported insurance profit of \$1,400m to \$1,600m, which assumes:

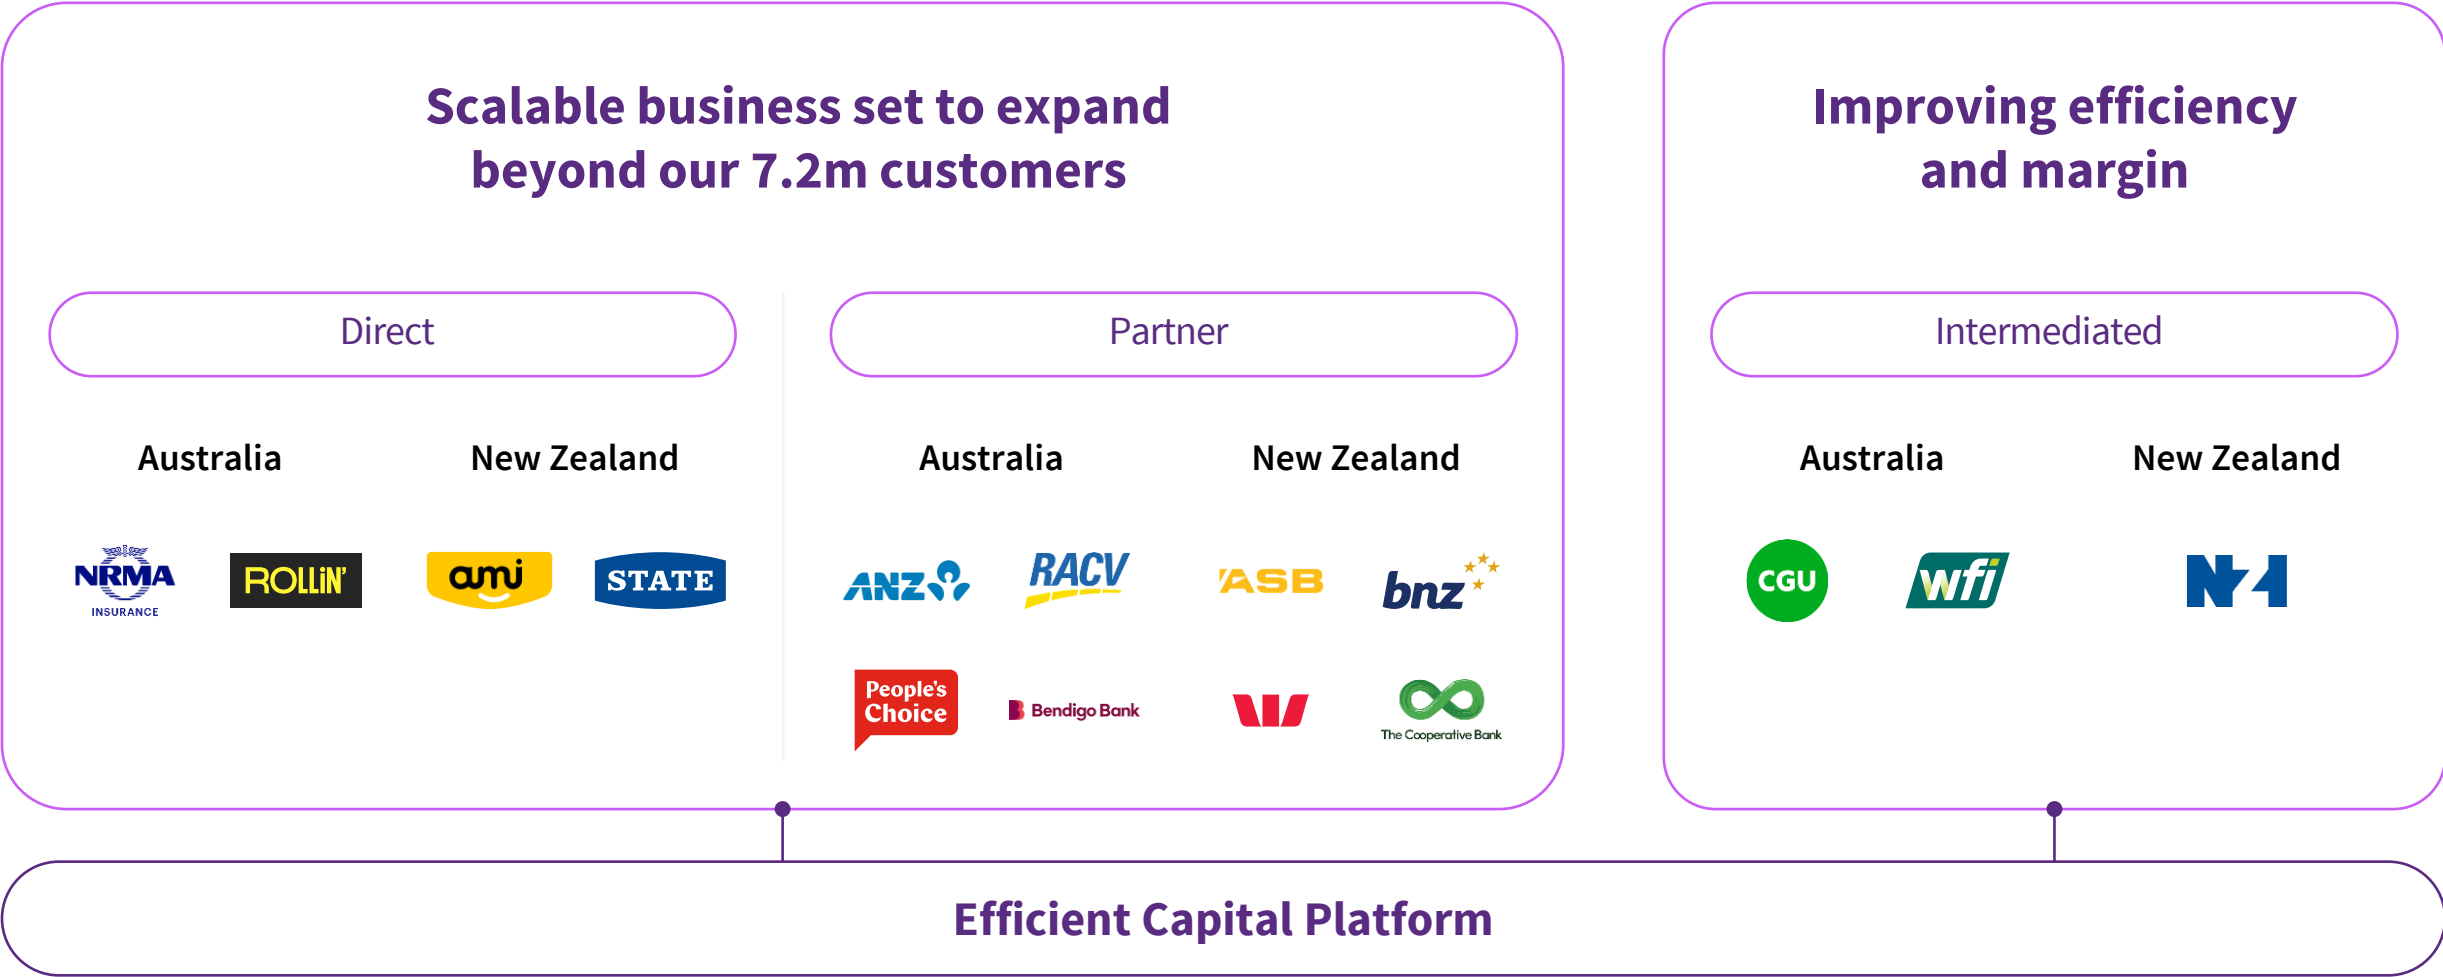

- FY25 natural peril costs of \$1,283 million with 2H25 costs of \$857 million (1H25: \$426 million);
 - January/February 2025 perils ~\$100m above expectation
- continued positive momentum in the underlying performance of IAG's businesses;
- no material prior period reserve releases or strengthening; and
- no material movement in macro-economic conditions including foreign exchange rates or investment markets.

Reported insurance margin of 13.5% to 15.5% which, based on the factors above, is **expected to be towards the top of the range.**

GWP growth of 'mid-to-high single digit' which, based on improving claims trends driving a moderation in premium increases, is **expected to be towards the lower end of the range.**

¹ Refer to Important Information disclaimer on page 2.

IAG is well positioned for growth now and into the future
