The Company does not have a separate risk committee. The full Board of the Company oversees the Company's risk management framework. The Company recognises that there are inherent risks in being involved in the resource exploration industry and operating in non-domicile countries. The policy of the Board is to monitor and if considered necessary, seek advice on areas of operational and financial risk and implement strategies for appropriate risk management arrangements.

Specific areas of risk, which are regularly considered at Board Meetings, include expenditure levels relative to exploration success, going concern, foreign currency and commodities price fluctuations, performance of activities, human resources, the environment, land access, political instability and internal control.

The full Board of the Company reviews the Company's risk management framework continually to satisfy itself that it continues to be sound. Although these reviews take place they are not disclosed.

Recommendation 7.3: Internal Audit

The Company has an internal audit function. The continual internal audit function is conducted by the Joint Company Secretaries, CEO and if necessary the full Board.

Recommendation 7.4: Sustainability risks

The full Board of the Company continually keeps itself abreast of its exposure to economic, environmental and social sustainability and advises how it intends to manage any of these risks should this become necessary.

Principle 8: Remunerate fairly and responsibly

Recommendation 8.1: Remuneration Committee **Company does not comply**

Because of its size the Company does not have a separate remuneration committee.

The Board, as a whole, reviews the remuneration packages and policies applicable to Executive Directors, Senior Executives and Non-Executive Directors on an annual basis. Remuneration levels will be realistically and competitively set to attract the most qualified and experienced Directors and Senior Executives. Where necessary the Board will obtain independent advice on the appropriateness of remuneration packages.

Under normal commercial circumstances Executive Directors receive a salary and share options. Non-Executive Directors would normally receive a set fee per annum and share options and are fully reimbursed for any out of pocket expenses necessarily incurred in carrying out their duties.

However, because of the difficulty of raising funds as an exploration company under the current global economic conditions, those whilst holding the position as Non-Executive Directors of the Company and Australian resident Non-Executive Directors of the Company's wholly owned subsidiary Company, Mount Burgess (Botswana) (Proprietary) Ltd, have as at the date of this report only taken fees (as shares in lieu of fees) to the half year to 31 December 2016. Shares in lieu of fees were issued to Non-Executive Directors of the Company and Australian resident Non-Executive Directors the Company's wholly owned Subsidiary Company, Mount Burgess (Botswana) (Proprietary) Ltd, as approved at a General Meeting of the Company held on 28 June 2017. The Company's CEO/Chairman has not taken the salary increase recommended by the Board in 2008; nor has he received a salary for the last four years despite working full time for the Company.

Recommendation 8.2: Disclosure of remuneration Policies and Practices

The Remuneration Report contained in the Annual Report outlines the Directors and Executives remuneration arrangements of the Company in accordance with the requirements of the Corporations Act 2001 and the Corporation Regulations.

There are no schemes in place at this time for retirement benefits for executive or Non-Executive Directors.

Remuneration of Executive Directors, Non-Executive Directors and Senior Management is approved by the Board of the Company. Currently with constraints on cash flow the Company's only one of the two Executive Directors received remuneration. Non-Executive Directors of the Company and Australian resident Non-Executive Directors of the Company's wholly owned subsidiary Mount Burgess (Botswana) (Proprietary) Ltd have received shares in lieu of fees for the half year to 31 December 2016.

Recommendation 8.3: Equity based remuneration policy

At this point in time the Company does not have an equity based remuneration scheme.
