

ASX ANNOUNCEMENT
Port Melbourne Property

Bega Cheese has commenced an expression of interest campaign for the sale and leaseback of its property at 1 Vegemite Way, Port Melbourne. This property, at which Bega Cheese manufactures Vegemite, peanut butter and other products, is approximately 5 kilometres from the Melbourne CBD.

The structure of the sale and leaseback proposals being sought would enable Bega Cheese to continue to manufacture Vegemite and other products at the site under a long term lease arrangement.

Bega Cheese is being advised by Colliers and Addisons in relation to the potential sale and leaseback of the Port Melbourne property and will provide further details to the market if Bega Cheese identifies and progresses a suitable proposal.
