Business

Ordinary business

2. Election and re-election of directors (THL and TIL only)

To consider and, if appropriate, pass the following as separate ordinary resolutions:

(a) To re-elect a director of THL and TIL:

"That Neil Chatfield, being a director of THL and TIL who retires in accordance with rule 35(e) of the THL and TIL constitutions, and being eligible, is re-elected as a director of THL and TIL."

(b) To re-elect a director of THL and TIL:

"That Robert Edgar, being a director of THL and TIL who retires in accordance with rule 35(e) of the THL and TIL constitutions, and being eligible, is re-elected as a director of THL and TIL."

3. Adoption of Remuneration Report (THL and TIL only)

To consider and, if appropriate, pass the following as an ordinary resolution:

"That the Remuneration Report for the year ended 30 June 2014 be adopted."

Note that the vote on this resolution is advisory only and does not bind the directors, THL or TIL.

Voting exclusion statement

The Corporations Act 2001 (**Corporations Act**) restricts members of the key management personnel (**KMP**) and their closely related parties from voting in relation to item 3 in certain circumstances.

Closely related party is defined in the Corporations Act and includes a spouse, dependant and certain other close family members, as well as any companies controlled by a member of the KMP.

The Transurban Group will disregard:

- any votes cast (in any capacity) on the proposed resolution in item 3 by or on behalf of members of the KMP (being the directors and the other KMP as disclosed in the Remuneration Report); and
 - closely related parties of those persons;
- as well as any votes cast as a proxy on this item by members of the KMP at the date of the meeting and their closely related parties, unless the vote is cast:
- as proxy for a person entitled to vote in accordance with a direction on the proxy form; or
 - by the Chair of the meetings as proxy for a person entitled to vote in accordance with an express authority to vote undirected proxies as the Chair sees fit.

What this means for security holders: If you intend to appoint a member of the KMP (such as one of the directors) as your proxy, please ensure that you direct them how to vote on the proposed resolution in item 3. If you intend to appoint the Chair of the meetings as your proxy, you can direct him how to vote by marking the boxes for item 3 (for example, if you wish to vote for, against or abstain from voting), or you can choose not to mark any of the boxes for item 3 and give the Chair your express authority to vote your undirected proxy (in which case the Chair will vote in favour of this item of business).

Special business

4. Grant of performance awards to the CEO (THL, TIL and THT)

To consider and, if appropriate, pass the following as an ordinary resolution:

"That approval be given for all purposes for the grant to the CEO, Scott Charlton, of up to 345,135 performance awards under the Transurban Group's Long Term Incentive Plan, on the terms summarised in the Explanatory Notes."

Voting exclusion statement

The Corporations Act restricts members of the KMP and their closely related parties from voting in relation to item 4 in certain circumstances. In addition, a voting restriction applies in respect of this item under the ASX Listing Rules.

The Transurban Group will disregard:

- any votes cast on the proposed resolution in item 4 by the CEO (in any capacity); and
 - any of his associates,
- as well as any votes cast as a proxy on this item by members of the KMP and their closely related parties unless the vote is cast:
- as proxy for a person entitled to vote in accordance with a direction on the proxy form; or
 - by the Chair of the meetings as proxy for a person entitled to vote in accordance with an express authority to vote undirected proxies as the Chair sees fit.

What this means for security holders: If you intend to appoint a member of the KMP (such as one of the directors) or an associate of the CEO as your proxy, please ensure that you direct them how to vote on the proposed resolution in item 4. If you intend to appoint the Chair of the meetings as your proxy, you can direct him how to vote by either marking the boxes for item 4 (for example, if you wish to vote for, against or abstain from voting), or you can choose not to mark any of the boxes for item 4 and give the Chair your express authority to vote your undirected proxy (in which case the Chair will vote in favour of this item of business).

Amanda Street

Company Secretary of Transurban Holdings Limited, Transurban International Limited and Transurban Infrastructure Management Limited (as responsible entity for Transurban Holding Trust)

Explanatory Notes

Item 1 – Financial reports (THL, TIL and THT)

The Transurban Group has prepared and will table at the meetings:

- the consolidated financial report of THL, TIL and THT for the year ended 30 June 2014 (**Group Accounts**);
- the financial reports of THL, TIL and THT for the year ended 30 June 2014 (**Company and Trust Accounts**); and
- the reports of the directors and the auditor on the Group Accounts and the reports of the directors, the responsible entity and the auditor on the Company and Trust Accounts.

The Chair of the meetings will allow security holders a reasonable opportunity as a whole to ask questions about, or make comments on, the management of THL, TIL and THT. The auditor, PricewaterhouseCoopers, will also attend the meetings and a reasonable opportunity will be given to security holders to ask questions of the auditor relevant to the conduct of the audit, the preparation and content of the auditor's report, the accounting policies adopted in relation to the preparation of the financial reports, and the independence of the auditor in relation to the conduct of the audit.

Security holders who elected to receive a hard copy of the Transurban Group Annual Report for the year ended 30 June 2014 were provided with a copy of the accounts with that report. A copy of the Annual Report is also available on the Transurban website at transurban.com.

Item 2 – Election and re-election of directors (THL and TIL only)

The following directors retire by rotation in accordance with rule 35(e) of the THL and TIL constitutions and, being eligible, offer themselves for re-election:

a. Neil Chatfield M.Bus, FCPA, FAICD Independent non-executive director

Mr Chatfield was appointed a director on 18 February 2009. He is an established executive and non-executive director with extensive experience across all facets of company management, and with specific expertise in financial management, capital markets, mergers and acquisitions, and risk management.

Mr Chatfield is currently Chair and a non-executive director of Virgin Australia Holdings Limited and of Seek Limited, and a non-executive director of Recall Holdings Limited. He is also honorary Chair of HomeGround Services. He was previously a non-executive director of Grange Resources Limited (to April 2014) and of Whitehaven Coal Limited (to May 2012).

Mr Chatfield previously served as an executive director and the CFO of Toll Holdings Limited (from 1997 to 2008).

The directors of THL and TIL (other than Mr Chatfield) unanimously recommend that security holders vote in favour of the re-election of Mr Chatfield.

b. Dr Robert Edgar BEc(Hons), PhD, FAICD Independent non-executive director

Dr Edgar was appointed a director on 21 July 2009.

Dr Edgar has over 30 years' experience as a senior executive, with 25 years at ANZ Banking Group in various senior roles, including Deputy CEO, Senior Managing Director, COO, and Chief Economist.

Dr Edgar is currently Chair of Federation Centres Limited and a non-executive director of Asciano Limited and of Linfox Armaguard Pty Ltd. He is also Chair of the Prince Henry's Institute of Medical Research. He was previously a non-executive director of Nufarm Limited (to March 2012), AMMB Holdings Berhad, Shanghai Rural Commercial Bank and of the Bank of Tianjin.

The directors of THL and TIL (other than Dr Edgar) unanimously recommend that security holders vote in favour of the re-election of Dr Edgar.

Item 3 – Adoption of Remuneration Report (THL and TIL only)

The Remuneration Report details various matters regarding the remuneration of Transurban's non-executive directors, the CEO and other senior executives, and is set out in the Transurban Group Annual Report for the year ended 30 June 2014.

The Remuneration Report:

- explains the Board's policies in relation to the objectives and structure of remuneration;
- discusses the relationship between those policies and the Transurban Group's performance;
- provides a detailed summary of performance measures, why they were chosen and how performance is measured against them; and
- sets out the remuneration details for each director and each of the other KMP of the Transurban Group.

The Chair of the meetings will allow security holders a reasonable opportunity to ask questions about, or make comments on, the Remuneration Report.

The vote on the adoption of the Remuneration Report is advisory only and does not bind the directors, THL or TIL. However, the directors will take the outcome of the vote into consideration when setting remuneration practices and policies for future years.

The directors of THL and TIL unanimously recommend that security holders vote in favour of adopting the Remuneration Report.

Special business

Item 4 – Grant of performance awards to the CEO (THL, TIL and THT)

Security holder approval is being sought for the proposed grant of performance awards to the CEO, Scott Charlton, under the Transurban Group's Long Term Incentive (LTI) Plan on the terms set out below.

As any Transurban securities to be delivered to the CEO upon vesting of the performance awards will be purchased on-market, the Transurban Group is not required by law to seek security holder approval for the proposed grant. However, the Transurban Group considers it appropriate to seek security holder approval as a matter of good, transparent corporate governance.

LTI Plan terms and conditions

If security holder approval is obtained, performance awards will be granted to the CEO as part of his remuneration package for the 2015 financial year. Each performance award entitles the CEO to one fully paid ordinary Transurban stapled security at the end of a three year performance period, subject to the satisfaction of the performance measures described below. Securities allocated to the CEO on vesting of the performance awards will rank equally with other Transurban securities.

The total number of performance awards to be granted to the CEO is based on the respective value of each of the components of the LTI grant, applying the relevant valuation methodology (as set out below).

For the TSR measure component (see below for a description of the TSR measure), the valuation methodology is based on a fair value calculation using a Monte-Carlo simulation (consistent with the methodology required under the applicable accounting standard). The number of performance awards to be granted in respect of the TSR component is calculated based on 50% of the CEO's LTI opportunity divided by the relevant fair value.

For the FCF measure component (see below for a description of the FCF measure), the valuation methodology is currently transitioning to a face value approach (discounted for anticipated distributions). The transition to face value in respect of the FCF measure component is occurring over 3 years (with FY2015 being the last year of transition). The number of performance awards to be granted in respect of the FCF component is calculated based on 50% of the CEO's LTI opportunity divided by the relevant value.

Taking into account the above valuation methodology for each component, the total number of performance awards to be granted to the CEO will not exceed 345,135.

As the CEO's grant forms his LTI remuneration, the performance awards will be granted at no cost to the CEO and no amount is payable on vesting of the performance awards. The performance awards will be granted under, and subject to, the rules of the Transurban Group's LTI Plan. Performance awards do not carry any distribution or voting rights prior to vesting.

If security holder approval is obtained, it is anticipated that the performance awards will be granted to the CEO shortly after the meetings. No performance awards will be granted pursuant to this approval more than 12 months after the date of the meetings.

If the performance measures are satisfied, the performance awards will automatically vest. Whilst the Board has discretion to grant cash payments of equivalent value at the end of the performance period, it is the Board's current intention to settle any vested performance awards in Transurban securities. If the vested performance awards are settled in securities, the Transurban Group will acquire securities on-market on a one-for-one basis. The securities will be transferred to the CEO following acquisition. Any securities delivered to the CEO on vesting will be acquired on-market and, therefore, will not dilute existing security holdings.

To compensate the CEO for the remuneration he would forego if security holder approval is not obtained, the Transurban Group may pay the CEO a cash amount (equivalent to the value the grant would have had at vesting had it been approved by security holders). The CEO will only receive a cash payment if the performance measures are satisfied.

Performance measures

The performance awards will be granted to the CEO in 2 equal tranches and are subject to the following performance measures over a three year performance period:

- relative TSR tranche—half of the performance awards will be subject to a vesting condition based on relative Total Shareholder Return (**TSR**) measured against a bespoke comparator group comprising companies within the ASX top 150 in the transport, utilities, real estate, construction and infrastructure Global Industry Classification Standards (GICS) sectors; and
- FCF per security tranche—half of the performance awards will be subject to a vesting condition linked to Free Cash Flow (**FCF**) per security, which reflects the Transurban Group's focus on the maximisation of free cash to drive security holder return.

The performance awards lapse if the performance measures are not met at the end of the performance period. There is no re-testing of performance awards after the vesting date.

Relative TSR measure

The relative TSR tranche of the performance awards will vest if the Transurban Group's relative TSR performance is at least above the median of the bespoke comparator group of companies at the end of the three year performance period, in accordance with the following vesting schedule:

THE TRANSURBAN GROUP'S RELATIVE TSR RANKING AGAINST THE COMPARATOR GROUP	% OF PERFORMANCE AWARDS THAT VEST
At or below the 50th percentile	Nil
Above the 50th percentile but below the 75th percentile	Straight line vesting between 50–100%
At or above the 75th percentile	100%

The performance period will run from 1 July 2014 until 30 June 2017. At the end of the performance period the Transurban Group will receive an independent report that presents the Transurban Group's TSR growth against the bespoke comparator group and that of each company in the comparator group. Rankings are awarded (the highest ranking company being ranked at the 100th percentile) to determine the extent to which performance awards subject to this performance measure will vest. As shown by the schedule above, no performance awards will vest unless the Transurban Group's relative TSR is above the 50th percentile.

Free Cash Flow per security measure

Within the Transurban Group, FCF per security is defined as:

- the Transurban Group's cash flow from operating activities
- **less:** cash flows from operating activities of non-100% owned assets
- **add back:** maintenance capital expenditure for 100% owned assets
- **less:** accounting charge for maintenance provision for the year
- **less:** actual tag expenditure in 100% owned assets
- **add:** dividends received from non-100% owned assets
- **divided by:** weighted average of securities issued.

The FCF per security tranche of the performance awards will vest depending on the Transurban Group's compound annual growth targets translated into annual FCF growth over the three year performance period. The FCF per security vesting schedule is as follows:

% ANNUAL GROWTH IN FCF PER SECURITY	% OF PERFORMANCE AWARDS THAT VEST
10%	50%
Between 10% and 13%	Straight line vesting between 50–100%
13% or more	100%

The FCF calculation is determined on a per security basis by the Board, in its sole discretion. The Board has discretion to adjust the calculation of FCF per security (for example, to exclude the impact of significant events that may occur during the performance period). The number of securities will be calculated for each financial year and will be expressed as a weighted average over the relevant period. The movement in FCF per security best reflects the Transurban Group's underlying business performance.

The Transurban Group's FCF outcome will be included in the Transurban Group's audited financial statements.

Treatment of performance awards on cessation of employment

If the CEO ceases employment before the vesting conditions are tested the CEO will not be entitled to retain his unvested performance awards and all unvested performance awards will lapse (unless the Board determines otherwise).

Change of control

In the event of a takeover or change of control of the Transurban Group, any unvested performance awards will vest at the discretion of the incumbent Board. Performance awards that vest following a change of control will not generally be subject to restrictions on dealing.

Other information

In relation to the LTI Plan:

- the CEO is the only director entitled to participate in the LTI Plan;
- this is the third grant to Mr Charlton under the LTI Plan;
- there is no loan scheme in relation to the performance awards;
- the CEO is prohibited from hedging the security price exposure in respect of performance awards during the performance period applicable to those performance awards; and
- if security holder approval is obtained, further details of the performance awards granted to the CEO under the LTI Plan in the 2015 financial year will be provided in the Remuneration Reports for the years ending 30 June 2015, 2016 and 2017 respectively.

The directors (other than Mr Charlton) consider the grant of performance awards to the CEO to be appropriate in all the circumstances and unanimously recommend that security holders vote in favour of the grant.

General

Stapled security holder meetings

At present, the shares in THL and TIL and the units in THT are stapled together under the THL constitution, the TIL constitution and the THT constitution to form stapled securities. This means that all shareholders of THL and TIL are also unitholders of THT and, as such, the meetings of THL and TIL and of THT are held concurrently.

Required majority and voting entitlement

The resolutions described in items 2–4 (inclusive) are ordinary resolutions and each will be passed if at least 50% of votes cast by security holders entitled to vote on the resolution are cast in favour of the resolution.

The vote on each resolution will be decided on a show of hands or a poll as determined by the Chair of the meetings, subject to any requirements of the Corporations Act and the THL, TIL and THT constitutions.

On a resolution of THL, TIL or THT determined by a show of hands, each security holder present in person or by proxy has one vote. On a resolution of THL or TIL determined by a poll, each security holder present in person or by proxy has one vote for each fully paid ordinary share held. On a resolution of THT determined by a poll, each security holder present in person or by proxy has one vote for every dollar of the total interest they have. The value of a security holder's total interest in THT will be calculated by reference to the last sale price of stapled securities on the ASX on Wednesday, 8 October 2014.

Voting and proxies

Eligibility to vote

For the purposes of determining entitlement to vote at the meetings, stapled securities will be taken to be held by those registered as holders as at 7.00pm Melbourne time on Tuesday, 7 October 2014. Transactions registered after that time will be disregarded in determining security holders' entitlement to vote at the meetings.

Proxies and corporate representatives

A security holder can attend and vote at the meetings either by:

- attending and voting in person, or if the security holder is a corporate security holder, appointing a representative on the security holder's behalf; or
- appointing an attorney or a proxy to attend and vote for the security holder.

Voting by corporate representative

Any corporate security holder or proxy must appoint a person to act as its representative. The representative must bring a formal notice of appointment signed as required by section 127 of the Corporations Act or the constitution of the corporation. A form of notice of appointment can be obtained from Computershare Investor Services Pty Limited or downloaded from investorcentre.com/au.

Voting by proxy

If a security holder does not want to attend the meetings but is entitled to attend and vote, the security holder can appoint a representative or the Chair as proxy to vote for the security holder. A representative can be a natural person, but does not need to be a member of Transurban. The proxy can be appointed in respect of some or all of the votes held by the security holder. If the security holder is entitled to cast two or more votes, the security holder can appoint two proxies and specify the proportion or number of votes each proxy is appointed to exercise. If a security holder appoints two proxies, neither are entitled to vote as proxy on a show of hands at the meetings.

Completed proxy forms (together with any authority under which the proxy was signed or a certified copy of the authority) must be returned to Computershare Investor Services Pty Limited at least 48 hours before the meetings for the proxy to be effective (that is, no later than 11.00am Melbourne time on Tuesday, 7 October 2014). Voting exclusions

Certain voting restrictions apply to item 3 (adoption of Remuneration Report) and item 4 (grant of performance awards to the CEO). If you wish to appoint a member of the KMP (which includes each of the directors and the Chair) as your proxy, please read the voting exclusions in this Notice and the proxy form carefully. Security holders are encouraged to direct their proxies how to vote.

How the Chair will vote available proxies

The Chair of the meetings intends to vote all available proxies in favour of the resolutions set out in this Notice.

Default to the Chair

Any directed proxies that are not voted on a poll at the meetings will automatically default to the Chair of the meetings, who is required to vote proxies as directed.

Voting by attorney

Where a security holder appoints an attorney to act on his or her behalf at the meetings, such appointment must be made by a duly executed power of attorney. The power of attorney must be received by 11.00am Melbourne time on Tuesday, 7 October 2014. The power of attorney must be returned to Computershare Investor Services Pty Limited as set out above.

Admission to meetings

Proof of identity will be required.

Security holders or their proxies, attorneys or representatives who will be attending the meetings are asked to arrive 15 minutes prior to the start of the meetings and to bring their proxy form to help speed admission. Security holders who appoint a proxy or attorney may still attend the meetings. However, if the security holder votes on a resolution, the proxy or attorney is not entitled to vote as that security holder's proxy or attorney on the resolution.

Security holders who do not plan to attend the meetings are encouraged to complete and return a proxy form.

Webcast

A live webcast of the meetings will be available on the Transurban website at transurban.com from 11.00am on Thursday, 9 October 2014. The webcast will be recorded and be made available to view after the meetings.

Conducting the meetings

The meetings are intended to give security holders the opportunity to:

- hear presentations from the Chair and the CEO about the operations and performance of the Transurban Group and the outlook for the year ahead;
- consider and vote on the resolutions before the meetings; and
- ask questions of the Board, management and the auditor generally on the items of business before the meetings, the management of the Transurban Group, or the conduct of the audit and the auditor's report. The Chair and the CEO will generally answer questions on behalf of the Board and management.

To help achieve these objectives the Transurban Group will:

- webcast the meeting for the benefit of those security holders unable to attend the meetings in person;
- enable security holders to raise questions in writing before the meetings, by completing the question form included with their proxy form;
- provide a reasonable opportunity for security holders at the meetings to ask questions of the Board;
- make sign language (AUSLAN) available for security holders with hearing difficulties;
- answer security holders' questions honestly and fairly. If a question cannot be answered at the meetings, the Transurban Group will seek to provide a response to the security holder asking the question after the meetings; and
- inform security holders as to the proxy voting positions with respect to the resolutions to be considered by the meetings and the manner in which the Chair of the meetings intends to vote available proxies.

To help achieve these objectives the Transurban Group asks that security holders:

- are courteous and respectful to all security holders and others attending the meetings;
- keep their questions and comments to a reasonable length of time to allow as many security holders as possible who may wish to speak at the meetings the opportunity to do so; and
- confine their questions to the matters before the meetings.

How to Vote on Items of Business

All your securities will be voted in accordance with your directions.

Appointment of Proxy

Voting 100% of your holding: Direct your proxy how to vote by marking one of the boxes opposite each item of business. If you do not mark a box your proxy may vote or abstain as they choose (to the extent permitted by law). If you mark more than one box on an item your vote will be invalid on that item.

Voting a portion of your holding: Indicate a portion of your voting rights by inserting the percentage or number of securities you wish to vote in the 'for', 'against' or 'abstain' box or boxes. The sum of the votes cast on each item of business must not exceed your voting entitlement or 100%.

Appointing a second proxy: You are entitled to appoint up to two proxies to attend the Meetings and vote on a poll. If you appoint two proxies you must specify the percentage of votes or number of securities for each proxy, otherwise each proxy may exercise half of the votes on a poll. When appointing a second proxy write both names and the percentage of votes or number of securities for each in Step 1 overleaf. If you appoint two proxies neither may vote on a show of hands.

A proxy need not be a security holder of Transurban.

Default to the Chair of the Meeting

If a security holder's appointed proxy does not attend the Meetings, then the proxy appointment will automatically default to the Chair of the Meetings. In addition, any directed proxies that are not voted on a poll at the Meetings will automatically default to the Chair of the Meetings, who is required to vote the proxies as directed.

Dear security holder,

It is with pleasure that I report on Transurban's activities and financial results for the year ended 30 June 2014, which has been an exceptionally active and successful period for the Group.

Our existing suite of assets has continued to perform strongly. We have also made substantial progress on the projects we have under construction or discussion in all of our markets. During the year we acquired Cross City Tunnel in Sydney. We also announced the acquisition of Queensland Motorways in Brisbane, an excellent network of four toll roads, with another tolled tunnel, Legacy Way, due to open mid-calendar 2015.

All these activities have been consistent with our objective, which is to continue to grow distributions, and create long-term value for our partners in Government, the communities in which we operate, and for you, our security holders.

In August 2014, the Board reaffirmed distribution guidance of 39 cents for the year ending 30 June 2015. We anticipate a 7 cent fully franked component, consistent with the previous financial year, while the distribution is expected to be 100% free cash covered. This guidance reflects our confidence in the strength of our business.

Highlights of the consolidated results for the year ended 30 June 2014 included:

- proportional EBITDA (Earnings Before Interest, Tax, Depreciation and Amortisation) increased 12.8% to \$934.1 million;
- proportional toll revenue increased 12.6% to \$1,116.7 million;
- free cash increased 29.0% to \$571.9 million; and
- the full-year distribution increased 12.9% to 35 cents.

On a statutory basis, Transurban delivered a net profit of \$252.2 million. This was an increase of 44.5%.

We were particularly pleased with the traffic and revenue results on our assets in the north-western corridor of Sydney – Hills M2 and the adjoining Lane Cove Tunnel and Westlink M7, which showed significant growth following the completion of our upgrade to Hills M2 in August 2013.

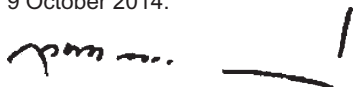

While we continued to focus on driving operational efficiencies across our existing networks, we also achieved significant milestones on our enhancement projects. Highlights included:

- construction is 80% complete on our M5 West widening project in Sydney with full lane availability expected in October 2014;
- we remain on track to reach financial close in late calendar 2014 on NorthConnex, our project to build a 9km tolled link between Hills M2 and the Pacific Highway in Sydney;
- we have reached in-principle agreement with the Victorian Government on the CityLink-Tulla widening project, with financial close expected late calendar 2014/early 2015;
- construction on the 95 Express Lanes project in Northern Virginia is 85% progressed and on schedule for completion late calendar 2014; and
- the implementation of our new tolling system in New South Wales, which will optimise our back-office operations.

We now have one major project in each of our markets and again it promises to be a busy year as we enter the next phase of our development agenda as well continuing to focus on the integration, operations and efficiency of our new and existing assets.

I would like to take this opportunity to thank all of Transurban's employees whose hard work and commitment have culminated in an outstanding year for our business.

On behalf of the Board, I thank all security holders for your continued support and I look forward to speaking with you at the AGM on 9 October 2014.

Lindsay Maxsted
Chairman
