Honeymoon Uranium Project, South Australia

Boss continues to bolster team with appointment of highly experienced COO

Boss Energy Limited (ASX: BOE; OTCQX: BQSSF) is pleased to announce the appointment of highly experienced resources executive Matt Dusci as Chief Operating Officer.

Mr Dusci has more than 25 years of experience in all facets of the mining industry, including technical studies, project development, operations, business development, strategy and executive leadership. His experience spans a diverse range of commodities, including battery metals.

For the past 10 years, Mr Dusci has held several executive positions at IGO Limited (ASX: IGO). These include Acting CEO, Chief Operating Officer and Chief Growth Officer. He has played a major role in the growth, development and transformation of IGO.

Mr Craib said: "With the ramp up at Honeymoon proceeding so well, we are advancing our strategy to grow the project's inventory, production rate and mine life.

"As part of this strategy, we are committed to building a world-class team of highly skilled and experienced people who can help ensure we maximise our huge opportunities.

"We maximise our ability to generate the best possible results, including consistent reliable production and ongoing growth, if we have the best possible team.

"Matt's knowledge and experience at both a project management level and as a senior resource industry executive, will be immensely valuable on every level as we implement our strategy".

This ASX announcement was approved and authorised by the Board of Boss Energy Limited.
